Contemporary Asian Popular Culture Vol. 1 Yejin Kim, Dharshani Lakmali Jayasinghe, Hiba Aleem, Karen A. Ritzenhoff, 2025-01-08 This first of two volumes explores how contemporary Asian popular culture reflects and critiques social issues. The authors, from different scholarly backgrounds, examine how shows like *Squid Game* present a scathing critique of oppressive socio-economic structures, conceptualize national heterotopias, utopias, and dystopias, and facilitate understanding of identity formation and discourses of resistance. The volume encompasses chapters discussing themes that intersect gender, race, politics, and social dynamics. It showcases ongoing developments in Asian popular culture in the wake of the global popularity of *Squid Game* and in anticipation of its second season release in December 2024.

The Value Gap Courtney Brannon Donoghue, 2023-08-08 How female directors, producers, and writers navigate the

challenges and barriers facing female-driven projects at each stage of filmmaking in contemporary Hollywood. Conversations about gender equity in the workplace accelerated in the 2010s, with debates inside Hollywood specifically pointing to broader systemic problems of employment disparities and exploitative labor practices. Compounded by the devastating #MeToo revelations, these problems led to a wide-scale call for change. The Value Gap traces female-driven filmmaking across development, financing, production, film festivals, marketing, and distribution, examining the realities facing women working in the industry during this transformative moment. Drawing from five years of extensive interviews with female producers, writers, and directors at different stages of their careers, Courtney Brannon Donoghue examines how Hollywood business cultures “value” female-driven projects as risky or not bankable. Industry claims that “movies targeting female audiences don’t make money” or “women can’t direct big-budget blockbusters” have long circulated to rationalize systemic gender inequities and have served to normalize studios prioritizing the white male-driven status quo. Through a critical media industry studies lens, The Value Gap challenges this pervasive logic with firsthand accounts of women actively navigating the male-dominated and conglomerate-owned industrial landscape.

Summary of Scott Meslow's From Hollywood with Love Everest Media,2022-06-13T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The modern romantic comedy’s origins can be traced back to the Russian Tea Room in Manhattan in 1984, when Nora Ephron and Rob Reiner met for what would be one of the most remarkable lunches in Hollywood history. #2 Ephron’s ability to get to the heart of something and share it with the widest possible audience was a skill she had come by honestly. She had taken her mother’s advice that everything is copy, and used that to her advantage. #3 The movie has no plot, but it is still difficult to find the perfect Harry and Sally. The movie depends on your caring about those two people. #4 For the music for When Harry Met Sally, Billy Crystal recommended Marc Shaiman, with whom he had previously worked on Saturday Night Live. The soundtrack album for the movie was a hit, and it launched the career of a pianist named Harry Connick Jr.

Contesting Chineseness Chang-Yau Hoon,Ying-kit Chan,2021-03-15 Combining a historical approach of Chineseness and a contemporary perspective on the social construction of Chineseness, this book provides comparative insights to understand the contingent complexities of ethnic and social formations in both China and among the Chinese diaspora in Southeast Asia. This book focuses on the experiences and practices of these people, who as mobile agents are free to embrace or reject being defined as Chinese by moving across borders and reinterpreting their own histories. By historicizing the notion of Chineseness at local, regional, and global levels, the book examines intersections of authenticity, authority, culture, identity, media, power, and international relations that support or undermine different instances of Chineseness and its representations. It seeks to rescue the present from the past by presenting case studies of contingent encounters that produce the ideas, practices, and identities that become the categories nations need to justify their existence. The dynamic,

fluid representations of Chineseness illustrate that it has never been an undifferentiated whole in both space and time. Through physical movements and inherited knowledge, agents of Chineseness have deployed various interpretive strategies to define and represent themselves vis-à-vis the local, regional, and global in their respective temporal experiences. This book will be relevant to students and scholars in Chinese studies and Asian studies more broadly, with a focus on identity politics, migration, popular culture, and international relations. "The Chinese overseas often saw themselves as caught between a rock and a hard place. The collection of essays here highlights the variety of experiences in Southeast Asia and China that suggest that the rock can become a huge boulder with sharp edges and the hard places can have deadly spikes. A must read for those who wonder whether Chineseness has ever been what it seems." Wang Gungwu, University Professor, National University of Singapore. "By including reflections on constructions of Chineseness in both China itself and in various Southeast Asian sites, the book shows that being Chinese is by no means necessarily intertwined with China as a geopolitical concept, while at the same time highlighting the incongruities and tensions in the escapable relationship with China that diasporic Chinese subjects variously embody, expressed in a wide range of social phenomena such as language use, popular culture, architecture and family relations. The book is a very welcome addition to the necessary ongoing conversation on Chineseness in the 21st century." Ien Ang, Distinguished Professor of Cultural Studies, Western Sydney University.

Maid for Television L. S. Kim, 2023-08-11 Honorable Mention -- Association for Asian American Studies Book Award in the Media, Performance, and Visual Studies category *Maid for Television* examines race, class, and gender relations as embodied in a long history of television servants from 1950 to the turn of the millennium. Although they reside at the visual peripheries, these figures are integral to the idealized American family. Author L. S. Kim redirects viewers' gaze towards the usually overlooked interface between characters, which is drawn through race, class, and gender positioning. *Maid for Television* tells the stories of servants and the families they work for, in so doing it investigates how Americans have dealt with difference through television as a medium and a mediator. The book philosophically redirects the gaze of television and its projection of racial discourse.

Crazy Rich Asians Kevin Kwan,2013-06-11 Crazy Rich Asians is the outrageously funny debut novel about three super-rich, pedigreed Chinese families and the gossip, backbiting, and scheming that occurs when the heir to one of the most massive fortunes in Asia brings home his ABC (American-born Chinese) girlfriend to the wedding of the season. When Rachel Chu agrees to spend the summer in Singapore with her boyfriend, Nicholas Young, she envisions a humble family home, long drives to explore the island, and quality time with the man she might one day marry. What she doesn't know is that Nick's family home happens to look like a palace, that she'll ride in more private planes than cars, and that with one of Asia's most eligible bachelors on her arm, Rachel might as well have a target on her back. Initiated into a world of dynastic splendor beyond imagination, Rachel meets Astrid, the It Girl of Singapore society; Eddie, whose family practically lives in the pages of the Hong Kong socialite magazines; and Eleanor, Nick's formidable mother, a woman who has very strong feelings about who her son should--and should not--marry. Uproarious, addictive, and filled with jaw-dropping opulence, Crazy Rich Asians
