Another One Bites the Dust Chris Marie Green,2014-11-04 Jensen Murphy is back in the spooky sequel to Only the Good Die Young. Some people think that ghosts are spirits that refuse to go to the other side because they have unfinished business. Take my word—that's true. I should know. I'm a ghost. I was an ordinary eighties California girl, dead before my time, until psychic Amanda Lee Minter pulled me out of the time loop where I was reliving my death over and over. Now I'm Jensen Murphy, Ghost for Hire. I decided to put my spooky talents to use in helping Amanda Lee track down bad guys and killers (including my own). It's taken time to figure out exactly how that will work (our first case was definitely a learning experience for all involved), so when a young woman asks Amanda Lee for help convincing her best friend to leave a dangerously hot-tempered boyfriend, I'm ready and willing to use our collective powers on her behalf. But some people are dangerous not only to the living—especially when there are darker forces involved....

25 Top Rock Bass Songs Hal Leonard Corp.,2015-02-01 (Bass Recorded Versions Mixed). This is not your typical bass tab book. In the Tab+ series from Hal Leonard we provide you guidance on how to capture the bass tones for each song as well as tips and advice on the techniques used to play the songs. Where possible, we've confirmed the gear used on the original recordings via new and previously published interviews with the bassists, producers, and/or engineers. Then we make general recommendations on how to achieve a similar tone, based on that info. Some of the songs will be easy to play even for advanced beginner students, and others might present a much greater challenge. In either case, we've identified key technique that should help you learn the songs with greater ease. This volume will help you master 25 must-know bass classics, including: Another One Bites the Dust * Around the World * Blurred Lines * The Boys Are Back in Town * Freewill * Hey Joe * The Joker * London Calling * My Generation * Sledgehammer * Strange Brew * Sweet Emotion * You Can Call Me Al * Young Lust * and more.

Kisses in the Wind Forbes Skinner,2013-09 Kisses in the Wind begins with attorney Neil Myers recuperating at home from his latest psychiatric relapse. At the time, Senators Hillary Clinton and Barack Obama are involved in an intense struggle to be the Democratic Party presidential nominee. A decision about seating Michigan delegates angers Hillary's female supporters. Neil takes this to mean there will be severe female retaliation, which casts him into another mental relapse. Neil believes that men's relevance in the world is slipping. He was once a criminal attorney who switched to

representing men in lopsided divorce and child custody cases. When one of his disgruntled clients killed his children's mothers and wounded the female judge in the courtroom, Neil blames her unreasonable ruling in the case as the cause of the shootings. That incident sent Neil for psychiatric treatment and he has never been the same. In his present state of mind, he finds that his fears are being realized. Women have rebelled and are now in total control of the U.S. and most of the world.

1 Week Dan Frank, 2014-07-15 A Gumpish tale, minus the box of chocolates, 1 Week features an ensemble cast of characters touting political, economic and historical issues in a fresh light. This family of billionaire duck hunters delivers an arsenal of penetrating ideas guaranteed to revive discussions with family and friends at the dinner table. Come navigate the field of decoys in the plot. This just might be your cup of life changing elixir. As the stalwart brother who stayed home to tend to the family's broadcasting business, Hank Montague shoulders the full responsibility for keeping fortune and family together under challenging circumstances. Plagued by issues with his prodigal brother and the business, Hank Montague escapes into the passions of two women in his life. One lady he chose, while the other was chosen for him; however, this bed of roses is overgrown with thorns. Frustrated with Hank, the ladies develop competing schemes for restoring the five trillion dollars Americans lost in the 2008 recession. When an heir disappears, two infamous evangelists are retained for their detective prowess. These gentlemen nudge the plot along with an artful retelling of history. They'll reveal unconventional applications for ordinary household appliances and reinvent fire while uncovering a plot plaguing America's youth. The plot is a minefield of decoys like the street-smart New York detective determined to cut himself a fat slice of the family treasure. Toss in a savvy uncle with quiet charm and an eye for the ladies, and Hank has his hands full. Hank is the heir to billions, but he is the unprepared heir to an insightful treasure that towers over the family fortune. Cashing in means having to navigate a foggy bog of submerged decoys that lack the innocence of Gump's perennial box of chocolates.
