

The Black Hand Mexican Mafia

Christian Drosten

The Black Hand Chris Blatchford, 2008-09-23 An astonishing and groundbreaking look at the Mexican Mafia, *The Black Hand* is an unprecedented story of depravity, violence, and redemption. Rene Boxer Enriquez grew up on the violent streets of East L.A., where gang fights, robberies, and drive-by shootings were fueled by rage, drugs, and alcohol. When he finally landed in prison—at the age of nineteen—Enriquez found an organization that brought him the respect he always wanted: the near-mythic and widely feared Mexican Mafia, La Eme. What it saw in Enriquez was a young man who knew no fear and would kill anyone—justifiably or not—in the blink of an eye. That loyalty and iron will drove him up the ranks as a mob enforcer and ultimately to the upper echelons, where he would help rule for nearly two decades. He helped La Eme become the powerful and violent organization that it is now, with a base army of approximately sixty thousand heavily armed gang members who control the prison system and a large part of California crime. Arguably the most dangerous gang in American history, its reach is growing. And now award-winning investigative journalist Chris Blatchford, with the unprecedented cooperation of Rene Enriquez, reveals the inner workings, secret meetings, and elaborate murder plots that make up the daily routine of the Mafia brothers. It is an intense, never-before-told story of a man who devoted his life to a bloody cause only to find betrayal and disillusionment. After years of research and investigation, Blatchford has delivered a historic narrative of a nefarious organization that will go down as a classic in mob literature.

Summary of Chris Blatchford's The Black Hand Everest Media, 2022-05-28T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 Rene Enriquez, better known on the streets as Boxer, was a full-fledged member of the Mexican Mafia. He had participated in at least ten murders and had personal knowledge of seven more. #2 Boxer's criminal career was a demonstration of the lifestyle of the Mexican Mafia, which did not care if its members were caught or went to prison. They adapted and became creatures of the penal system and the cruel streets of the underworld.

The Mexican Mafia Encyclopedia Rene Enriquez, Ramón Mendoza, 2013-05-10 The most comprehensive book ever written on the history and inner-workings of the Mexican Mafia. Authored by two former members now working with law enforcement and a network of Mexican Mafia experts within the field of criminal justice. These experts encompass multiple generations of mafia experiences, including murders, conspiracies, membership, and folklore. Included is factual data,

official documents, personal accounts and never seen before photographs. In addition Quick Response (QR) Codes are included that offer informational video clips and audio segments via smart phones and computers. This multi-media approach was designed specifically to delve further into various incidents and provide first-hand accounts. This manuscript has been vetted by Mexican Mafia experts throughout the United States.

The Mexican Mafia Tony Rafael,2007-07-09 It has been called the most dangerous gang in American history. In Los Angeles alone it is responsible for over 100 homicides per year. Although it has fewer than 300 members, it controls a 40,000-strong street army that is eager to advance its agenda. It waves the flag of the Black Hand and its business is murder. Although known on the streets for over fifty years, the Mexican Mafia has flown under the radar of public awareness and has flourished beneath a deep cover of secrecy. Members are forbidden even to acknowledge its existence. For the first time in its history, the Mexican Mafia is now getting the attention it has been striving to avoid. In this briskly written and thoroughly researched book, Tony Rafael looks at the birth and the blood-soaked growth of this criminal enterprise through the eyes of the victims, the dropouts, the cops and DAs on the front lines of the war against the Mexican Mafia. The first book ever published on the subject, *Southern Soldiers* is a pioneering work that unveils the operations of this California prison gang and describes how it grew from a small clique of inmates into a transnational criminal organization. As the first prison gang ever to project its power beyond prison walls, the Mexican Mafia controls virtually every Hispanic neighborhood in Southern California and is rapidly expanding its influence into the entire Southwest, across the East Coast, and even into Canada. Riding a wave of unchecked immigration and seemingly beyond the reach of law enforcement, the Mexican Mafia is poised to become the Cosa Nostra of twenty-first-century America.

Mexican Mafia -- La Eme. That is, of course, until he was betrayed by those he was most loyal to. Then he vowed to become their worst enemy. Though they've attempted to kill him numerous times, he still to this day is running around making a mockery of their organization . . . This is the story of how it all began. You will love this book if you like: *The Mexican Mafia*, by Tony Rafael; *The Black Hand*, by Chris Blatchford; *Mexican Mafia*, by Ramon Mundo Mendoza; *Prison Stories*, by Seth Ferranti. MIKE ENEMIGO is the new prison/street art sensation who has already written and published several books. He is inspired by emotion; hope, pain; dreams and nightmares. He physically lives somewhere in a California prison cell where he works relentlessly creating his next piece. His mind and soul are elsewhere; seeing, studying, learning, and drawing inspiration to tear down suppressive walls and inspire the culture by pushing artistic boundaries. THE CELL BLOCK...is an independent multimedia company with the objective of accurately conveying the prison/street experience and lifestyle with the credibility and honesty that only one who has lived it can deliver, through literature and other arts, and to entertain and enlighten while doing so. Everything published by The Cell Block has been created by a prisoner, while in a prison cell.
