The Ex Hex Erin Sterling, 2021-09-28 New York Times Bestseller Erin Sterling casts a delightful spell with a spine-tingling romance full of wishes, witches, and hexes gone wrong. "A delightful and witty take on witchy mayhem." — Popsugar
Nine years ago, Vivienne Jones nursed her broken heart like any young witch would: vodka, weepy music, bubble baths...and a curse on the horrible boyfriend. Sure, Vivi knows she shouldn't use her magic this way, but with only an "orchard hayride" scented candle on hand, she isn't worried it will cause him anything more than a bad hair day or two. That is until Rhys Penhallow, descendent of the town's ancestors, breaker of hearts, and annoyingly just as gorgeous as he always was, returns to Graves Glen, Georgia. What should be a quick trip to recharge the town's ley lines and make an appearance at the annual fall festival turns disastrously wrong. With one calamity after another striking Rhys, Vivi realizes her silly little Ex Hex may not have been so harmless after all. Suddenly, Graves Glen is under attack from murderous wind-up toys, a pissed off ghost, and a talking cat with some interesting things to say. Vivi and Rhys have to ignore their off the charts chemistry to work together to save the town and find a way to break the break-up curse before it's too late. A great read for spooky-season nights A perfect addition to any Halloween reading list

The Ex Hex Killian McRae, 2018-06-03 When enemies become lovers and lovers become... No, wait! That's too cliché. If

you can't slay them, join them! Right, but kind of chintzy, no? Oh, I know! Don't sleep with demons or priest, and especially not priests who become demons, and especially not demons who happen to be your ex. Everyone knows that love is blind, but even Riona Dade knows it's supposed to be with a mortal. That's true even if you are a witch with the ability to magically slay the scum of Hell. But when you find out your ex-boyfriend was a demon, you should probably take your lesson about falling for the wrong guy. Probably. It's a great theory, anyway. But if there's one thing Riona can do well, it's picking the wrong guy. With the help of Greek Gods, archangels, and her fellow Pure Souls, Riona faces down challenge after challenge, both to her heart and to her head. Seems the reluctant witch plays a key part in a prophecy, one that has her pitted against the Devil at every turn. The Devil isn't quite what he used to be, though, and by the time Riona is through, neither one of them will be the same again. The Ex Hex includes all five installments of this hilarious paranormal romance series, a rollickingly humorous tale of love, lust, magic, and a demon who loves Zima. This collection contains: The Motion of the Potion (All My Exes Die From Hexes, #1) Once You Go Demon (All My Exes Die From Hexes, #2) Hex Goddess (All My Exes Die From Hexes, #3) When Spell Freezes Over (All My Exes Die From Hexes, #4) Hung by the Fireplace (All My Exes Die From Hexes)

And we curse you. You and your whole stupid, hot line.' Vivienne Jones handled the biggest break-up of her life the way that any witch would: vodka, bubble baths, and a curse on her ex. That was nine years ago. Now Rhys Penhallow, descendant of the town's founders, breaker of hearts and still irritatingly gorgeous, is back. Rhys has returned to the quaint town of Graves Glen to recharge the ley lines and make an appearance at the annual fall festival. But when his every move results in calamity, Vivi realises that hexing her ex might not have been so harmless after all . . . As the curse starts to affect the magic of the town, resulting in murderous wind-up toys, an outraged ghost, and a surprisingly talkative cat, Vivi and Rhys must put their personal feelings aside and work together to break the curse and save not just the town, but also Rhys's life.

The Wedding Witch Erin Sterling,2024-10-08 The New York Times bestselling author of The Ex Hex and The Kiss Curse brightens up the Winter Solstice with another delightfully spooky novel following Bowen Penhallow and the girl he feels strangely drawn to—especially when she becomes his only hope of salvation after a strong spell sends them to a Yuletide celebration... more than 50 years in the past. Bowen Penhallow has always been a loner, studying dark and ancient magic on a mountaintop in Wales. He prefers it that way. But when his friend Colin—who happens to be a ghost—asks him to attend a Yuletide wedding at a grand estate deep in the Welsh countryside, Bowen reluctantly agrees. Tamsyn Bligh is not a witch, but she makes her living off of them. As a procurer and seller of magical items, Tamsyn's business is not always above board, but

she's been trying to fix that (mostly.) Bowen is an occasional customer—as well as the star of several of Tamsyn's dirtiest dreams—but she's been around enough witches to know that, as a human, getting involved with one is not the smartest idea. She's finagled an invite to the Witchy Wedding of the Century in the hopes of finally making a score big enough to retire. Just one priceless magical artifact from Tywyll House would set her up for life. But Tamsyn isn't the only one sneaking about in Tywyll House, and the mix of a very strong spell combined with a wedding mishap transports Bowen and Tamsyn into Tywyll House's past, to the Yuletide Celebration of 1958. As Bowen and Tamsyn work together to get back to the present, they must also face off with the origins of Tywyll House's haunting, the suspicions of their fellow witches...oh, and the fact that somewhere between the mistletoe and the bonfire, they might be falling in love.

The Kiss Curse Erin Sterling, 2022-09-20 Always practise safe hex . . . New York Times bestselling author Rachel Hawkins, writing as Erin Sterling, follows her sensational TikTok hit, *The Ex Hex*, and casts a spell with a new spine-tingling romance full of wishes, witches, and cursed kisses. . . . Magic doesn't always play by the rules. Gwyn Jones is perfectly happy with her life in Graves Glen. She's formed a powerful new coven with her family; she's running a successful witchcraft shop, *Something Wicked*; and she's mentoring some of the younger witches in town. As Halloween approaches, there's only one problem - Llewellyn 'Wells' Penhallow. Wells has come to Graves Glen for two reasons: to re-establish his family's connection to the town and to make a new life for himself away from his father. But when he opens a magic shop of his own just across the street from Gwyn's, he quickly learns that going up against her won't be as easy as he thought . . . especially after an accidental magic-inspired - and very hot - kiss. While Gwyn and Wells are fully committed to their witchy rivalry, they soon find themselves thrown together once again to deal with the sudden appearance of a mysterious new coven and Gwyn's growing concern that something - or someone - is messing with her magic . . .
 . . . Praise for *The Ex Hex*, an unmissable treat! Knots, Low-Dimensional Topology and Applications Colin C. Adams, Cameron McA. Gordon, Vaughan F.R. Jones, Louis H. Kauffman, Sofia Lambropoulou, Kenneth C. Millett, Jozef H. Przytycki, Renzo Ricca, Radmila Sazdanovic, 2019-06-26 This proceedings volume presents a diverse collection of high-quality, state-of-the-art research and survey articles written by top

experts in low-dimensional topology and its applications. The focal topics include the wide range of historical and contemporary invariants of knots and links and related topics such as three- and four-dimensional manifolds, braids, virtual knot theory, quantum invariants, braids, skein modules and knot algebras, link homology, quandles and their homology; hyperbolic knots and geometric structures of three-dimensional manifolds; the mechanism of topological surgery in physical processes, knots in Nature in the sense of physical knots with applications to polymers, DNA enzyme mechanisms, and protein structure and function. The contents is based on contributions presented at the International Conference on Knots, Low-Dimensional Topology and Applications – Knots in Hellas 2016, which was held at the International Olympic Academy in Greece in July 2016. The goal of the international conference was to promote the exchange of methods and ideas across disciplines and generations, from graduate students to senior researchers, and to explore fundamental research problems in the broad fields of knot theory and low-dimensional topology. This book will benefit all researchers who wish to take their research in new directions, to learn about new tools and methods, and to discover relevant and recent literature for future study.

Information Technologies and Mathematical Modelling. Queueing Theory and Applications Alexander Dudin, Anatoly Nazarov, Alexander Moiseev, 2021-03-26 This book constitutes revised selected papers of the 19th International Conference on Information Technologies and Mathematical Modelling, ITMM 2020, named after A.F. Terpugov, held in Tomsk, Russia, in December 2020. The 31 full papers presented in this volume were carefully reviewed and selected from 82 submissions. The conference covers various aspects of information technologies, focusing on queueing theory, stochastic processes, Markov processes, renewal theory, network performance equation and network protocols.

The Perfect Learners' Dictionary (?) Thomas Herbst, Kerstin Popp, 2011-08-25 This volume undertakes a detailed analysis of the latest generation of learners' dictionaries of English. It assembles the papers delivered at the eponymous symposium held at the University of Erlangen-Nürnberg in April 1997. There are a number of reasons why these dictionaries are of special lexicographic interest: 1. the type of learners' dictionary associated notably with the name of Hornby can look back on a long tradition in British lexicography; 2. competition between various publishers since the late 70s has given crucial impetus to the development of these dictionaries; 3. these new dictionaries are decisively marked by the evaluation of large-scale computer corpora. Central to the volume is the in-depth comparison of four dictionaries published in 1995: OALD5, LDOCE3, COBUILD2, CIDE. The aim is to exemplify specific differences of approach in the four dictionaries from a wide range of viewpoints (definitions, information on valency and collocations, policy on usage examples, political correctness, etc.). A number of articles also enlarge on the history of learners' dictionaries of English, the significance of corpus linguistics for lexicography, and perspectives for the future, notably in connection with the electronic media.

THE EX HEX Erin Sterling,2024-09-19 Mai mescolare vodka e magia. Nove anni fa, Vivienne Jones ha curato le ferite del suo cuore come qualsiasi giovane strega: vodka, musica strappalacrime, fiumi di bagnoschiuma... e una maledizione lanciata all'orribile ex fidanzato. Quando Rhys Penhallow torna a Graves Glen, Georgia, Vivi si accorge subito che i guai in cui il giovane incappa sono frutto del suo sortilegio non proprio innocuo. E in una ridda di giocattoli indemoniati, fantasmi furibondi e gatti parlanti, Vivi e Rhys devono trovare il modo di spezzare l'incantesimo... prima che sia troppo tardi.
