Robert Seeley, Rex Bunnnett

The Mikado to Matilda Thomas S. Hischak, 2020-05-29 In *The Mikado to Matilda: British Musicals on the New York Stage*, Thomas Hischak provides an overview of British musicals that made their way to Broadway, covering their entire history up to the present day. This is the first book to look at the British musical theatre with reference to those London musicals that were also produced in New York City. The book covers 110 British musicals, ranging from 1750 to the present day, including the popular Gilbert and Sullivan comic operettas during the Victorian era, the Andrew Lloyd Webber mega-musicals of the late twentieth century, and today's biggest hits such as *Matilda*. Each London musical is discussed first as a success in England and then how it fared in America. The plots, songs, songwriters, performers, and producers for both the West End and the Broadway (or Off Broadway) production are identified and described. The discussion is sometimes critical, evaluating the musicals and why they were or were not a success in New York.

A Shirt Box Full of Songs Barbara Dickson, 2012-05-24 From singing to the postman when she was two years old to her annual sell-out tours in the 2000s, Barbara Dickson has been captivating her fans for the best part of sixty years. In her autobiography she describes the joys of growing up in Fife with her talented brother and loving parents, of moving to Edinburgh to find her place in the world and the stresses and strains of trying to make a living on the Scottish folk scene. Not content to have just a successful singing career, she turned to another: acting. A regular on prime-time television, Barbara also took to musicals and was the original lead role in *Spend, Spend, Spend*. Her hugely successful time onstage earned her many acting accolades but her pursuit of perfection led to complete exhaustion from which she fought hard to recover. Barbara writes beautifully about the close relationships she cultivated over these years with people such as Willy Russell, Elaine Paige and Billy Connolly. The result is a warm, fascinating story encompassing the best of British music, stage and television.

The Complete Book of 1980s Broadway Musicals Dan Dietz, 2016-02-18 For Broadway audiences of the 1980s, the decade was perhaps most notable for the so-called "British invasion." While concept musicals such as *Nine* and Stephen Sondheim's *Sunday in the Park with George* continued to be produced, several London hits came to New York. In addition to shows like *Chess*, *Me and My Girl*, and *Les Misérables*, the decade's most successful composer Andrew Lloyd Webber was also well represented by *Cats*, *The Phantom of the Opera*, *Song & Dance*, and *Starlight Express*. There were also many revivals (such

as *Show Boat* and *Gypsy*), surprise hits (*The Pirates of Penzance*), huge hits (*42nd Street*), and notorious flops (*Into the Light*, *Carrie*, and *Annie 2: Miss Hannigan's Revenge*). In *The Complete Book of 1980s Broadway Musicals*, Dan Dietz examines in detail every musical that opened on Broadway during the 1980s. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues with such performers as Sid Caesar, Barry Manilow, Jackie Mason, and Shirley MacLaine. Each entry includes the following information: Opening and closing dates, Plot summaries, Cast members, Number of performances, Names of all important personnel including writers, composers, directors, choreographers, producers, and musical directors, Musical numbers and the names of performers who introduced the songs, Production data, including information about tryouts, Source material, Critical commentary, Tony awards and nominations, Details about London and other foreign productions. Besides separate entries for each production, the book offers numerous appendixes, including a discography, filmography, and published scripts, as well as lists of Gilbert and Sullivan operettas, black-themed shows, and Jewish-themed productions. A treasure trove of information, *The Complete Book of 1980s Broadway Musicals* provides readers with a comprehensive view of each show. This significant resource will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

When the British Musical Ruled the World Robert Sellers, 2023-06-01 For decades, British stage musicals struggled to compete against the dazzling Broadway productions that came roaring in from across the pond. But that tide was turned at last in 1978, when Tim Rice and Andrew Lloyd Webber's production of *Evita* brought the West End back into contention with Broadway. It was just the first of several blockbuster productions that helped Britain dominate musical theater all over the world. In this revealing behind-the-scenes narrative, journalist and author Robert Sellers gives a definitive account of how *Evita*, *Cats*, *Starlight Express*, *Les Misérables*, *Phantom of the Opera*, *Chess*, and *Miss Saigon* changed the business of musical theater in the 1980s. These mega productions of the were larger than life, colorful, and spectacular. Sellers collects insightful, personal stories from cast members, set designers, musical supervisors, dancers, lighting designers, production managers, singers, and choreographers from the shows that finally put Broadway on its back foot. He also describes the backstage drama, production nightmares, and financial woes that threatened to derail the shows at multiple points. Whatever obstacles they faced, though, these productions swept the world and transformed the face of musical theater in ways that still resound today.
