"*The Sculpture of Reform in North Italy, ca 1095-1130* " Dorothy F. Glass,2017-07-05 Entirely original in its methodology, this study offers a fresh approach to the study of Romanesque fa?e sculpture. Declining to revisit questions of artistic personalities, artistic style and connoisseurship, Dorothy F. Glass delves instead into the historical and historiographical context for a group of significant monuments erected in Italy between the last decade of the eleventh century and the first third of the twelfth century. In her reading, local culture takes precedence over names, context over connoisseurship; she argues that it was the cultural, intellectual and religious life of the abbeys of San Benedetto Po and Nonantola that provided the framework for the Reformist ethos of much of the sculpture adorning the cathedral of Modena. Glass argues that the monuments are deeply rooted in the concerns of the reform of the church, more commonly known as the Gregorian Reform, that these reform ideas and ideals were first fomented in monastic communities and then adopted by the new cathedrals built in cities that, freed of submission to imperial German rule, had recently rejoined the papal fold. *The Sculpture of Reform in North Italy, ca 1095-1130: History and Patronage of Romanesque Fa?es* moves scholarship beyond continuously reiterated opinions concerning style, attribution, chronology, origins and influence, instead opening new and fruitful lines of inquiry into the patronage and historical significance of these extraordinary monuments.

Saints, Miracles, and Social Problems in Italian Renaissance Art Diana Bullen Presciutti,2023-05-04 In this book, Diana Bullen Presciutti explores how images of miracles performed by mendicant saints-reviving dead children, redeeming the unjustly convicted, mending broken marriages, quelling factional violence, exorcising the demonically possessed-actively shaped Renaissance Italians' perceptions of pressing social problems related to gender, sexuality, and honor. She argues that

depictions of these miracles by artists-both famous (Donatello, Titian) and anonymous-played a critical role in defining and conceptualizing threats to family honor and social stability. Drawing from art history, history, religious studies, gender studies, and sociology, Presciutti's interdisciplinary study reveals how miracle scenes-whether painted, sculpted, or printed-operated as active agents of 'lived religion' and social negotiation in the spaces of the Renaissance Italian city.

Italy: Emilia-Romagna Dana Facaros and Michael Pauls,2025-04-25 The new, extensively updated second edition of Bradt's Emilia-Romagna is the most thorough and in-depth guidebook available to this entire north Italian region (not just Bologna and the main cities). This region blends the best of Italy: a gastronomic hub, elegant cities with vibrant cultural offerings and a coastline favoured by the Italians themselves. Emilia-Romagna combines the rich farmlands of the Po plain

with dazzling cities strung like pearls along the straight-as-a-die Via Emilia. The regional capital, Bologna, is home to the world's oldest university, while the smaller cities are strikingly different, year-round destinations. Parma (the town of Correggio) has opera at its heart and prosciutto to delight the palate; Modena, with its stupendous medieval cathedral and world-famous balsamic vinegar, once home to Pavarotti and still to Ferrari; Ferrara boasts the House of Este's spectacular Renaissance architecture; Ravenna glitters with Byzantine mosaics; and Rimini – immortalised by Fellini in *Amarcord* – offers the hedonistic attractions of the coast. Then there are the Apennines along the Tuscan border, where you can venture beyond the flatlands of the Po to go trekking, cycling and skiing. Here lie some of the region's prettiest villages and towns, including Vignola, famous for cherries, and lovely medieval Castell'Arquato and the beautifully preserved Brisighella (famed for its olive oil and Moretto artichokes). Meanwhile, to the east, Romagna holds long sandy Adriatic beaches, wildlife-filled lagoons around the Po Delta, and the world's smallest republic, San Marino. Written by expert authors Dana Facaros and Michael Pauls, possibly the world's most experienced travel writers on Italy, and updated by Italy aficionados Andrew and Suzanne Edwards, Bradt's Emilia-Romagna is the definitive guide to this diverse, authentic area. A strong focus on historical context, art and culture is complemented by extensive practical detail for travelling around – from restaurants and accommodation to shopping and the FICO Eataly food theme park. New coverage in this edition includes literary tourism near Rimini and Ferrara, the Fellini Museum, the Fondazione MAST technology museum, the Via Romagna cycle path, birdwatching in the Po Delta, and Po Grande Reserve. With Bradt's Emilia-Romagna you can discover all of this and more.
