[DAYS of TRUMP: The Definitive Chronology of the 45th President of the United States](#) Tim Devine, 2022-01-22 With over 400 photos, documents and interactive links, DAYS of TRUMP: The Definitive Chronology of the 45th President of the United States may be the most comprehensive resource for political historians and lay people alike digging even deeper into the whirlwind days of the Trump presidency than any book released to date. Days of Trump is a chronological, collected look back at all the significant (and even secondary) events and headlines of the Trump era that for the first time puts it all together in one place, giving the reader and historians the chance to better see how these myriad events all fit into place and where we are left as a nation.

The Snowflakes' Revolt Amber Athey, 2023-03-21 The “snowflake” generation of college students didn’t simply melt away as expected, but rather, entered the workforce and hijacked mainstream media, using campus mob intimidation tactics to push America further to the left than ever before. Step onto a college campus, attend a street protest, flip to a legacy news network, tune in to a White House press briefing, and you’re likely to come down with a bad case of déjà vu. The media—composed almost entirely of liberal elites—along with the Democratic Party and its activists have long worked in tandem to make their ideas palatable to the public. But the media’s reliance on the left for relevance had an unwanted side effect: it’s been forced to genuflect to the most radical and most obnoxious—and, unfortunately, very influential—activists. Over the past decade, the zealous individuals once derided as college “snowflakes” by the right have taken over key cultural institutions, pushing the national conversation further to the left than ever before. These individuals have cohered into a potent clique that has employed campus mob tactics to orchestrate revolutions (and purges) at the New York Times, major publishing companies, and mega-corporations in Silicon Valley and beyond. Low-level staffers transform into Slacktivists, organizing protests through their company social media channels and WhatsApp group chats, eventually collecting enough digital signatures to wrestle management into submission. Amber Athey has witnessed it all come to fruition. She was the most vocal conservative at Georgetown University when academic freedom was first being suffocated by safe spaces and trigger warnings. After graduation, she covered liberal bias at colleges across the country, binged endless hours of cable news each day as a media reporter, and most recently embedded with the White House press corps as a correspondent. Part memoir, part investigation, and part prescription, this book will expose how modern media influences the American public

with the coordinated assistance of left-wing politicians, think tanks, special interest groups, and “experts.” Finally, The Snowflakes’ Revolt will argue that the introduction of petulant radicals to this already volatile concoction will only accelerate the media’s collapse.

Beyond the Messy Truth Van Jones, 2017 The CNN political contributor and host presents a manifesto on how to transform political disputes into peaceful, effective changes, tracing the growth of the nonpartisan LoveArmy and the achievements of today's less-hailed but important activists.

Debunk This! Matt Palumbo, 2019-08-20 Countless studies have proven that over 90 percent of Trump-related news coverage is negative, and the percentage of journalists that identify as Republicans are in the single digits. When liberals are running the show, you can bet that their narrative has gone unchallenged. If you tell a lie long enough people will begin to believe it, and that’s certainly the case with so many liberal myths that have become accepted as conventional wisdom. In this book you’ll learn, among many other facts: What happened to non-gun mass killings when Australia enacted strict gun control. The truth about “Scandinavian socialism.” How Obama twisted the numbers to appear tough on immigration. Why Mexico has stricter immigration laws than the US. How Bill Clinton faked the “Clinton surplus.” That the US doesn’t have the majority of the world’s mass shootings. Why statistics claiming that illegal aliens commit fewer crimes than the general public are bogus. The countless lies the media simply made up about the Trump administration. If you’re in need of ammunition to shoot down liberal lies, this is the book for you.

Soul Woundedness Paul Houston Blankenship-Lai, 2024-11-05 A profound exploration into the spiritual beliefs and practices of Seattle’s unhoused youth *Soul Woundedness* is an intimate, piercing book about everyday life for young adults living on the streets of Seattle. Based on over five years of research and as a participant-observer, Paul Houston Blankenship-Lai presents the personal experiences of “street kids,” highlighting how their spiritual beliefs and practices offer them comfort, a sense of community, and a feeling of belonging amidst their struggles. They also demonstrate how spirituality on the streets can alienate people from themselves and the world. The stories Blankenship-Lai tells here are about how social wounds go soul deep, and how seemingly antireligious spiritual practices, fashioned in an almost unlivable local world, help people create a life still worth living. By paying deep, sustained attention to what spirituality is like on the streets and what difference it makes, Blankenship-Lai uncovers an important, overlooked dimension in the experience and study of homelessness. They invite us to enter these stories and to question how our own spiritual and otherwise practices can help create “a more loving love.” Aimed at a diverse audience, *Soul Woundedness* is a book not merely to educate but to transform. It is particularly relevant for those interested in spirituality’s role in addressing social inequities and underscores the importance of spiritual practices in overcoming adversity and promoting social change, making a compelling case for a world where everyone has a place to call home.

Final Battle David Horowitz, 2023-01-03 My great friend and author of 'Dark Agenda,' David Horowitz, is out with a new book, 'Final Battle: The Next Election Could Be the Last.' It is great! Get your copy.—PRESIDENT DONALD J. TRUMP “I could not be a bigger fan...David Horowitz has been telling the truth for decades, in a way that almost nobody else has been willing to.”—PETE HEGSETH “Nothing less than a handbook for the salvation of the United States of America.”—DENNIS PRAGER “Exposes the outrages perpetrated by the Biden Administration and the Democratic Left.”—DINESH D’SOUZA “An ominous warning about what the future may hold if the present course is not reversed. Don’t miss it.”—PETER SCHWEIZER Democrats have conducted a sustained assault on the spirit of compromise that binds the union together and set the nation on the path to a one-party state. Final Battle exposes the real threat that Democrats pose to freedom. The rise of socialism and critical race theory, coupled with threats to the Electoral College and Senate, an independent judiciary, and the integrity of the electoral system, now threaten to destroy the traditions that bring Americans together — the heart of our democracy. Attacks on these quintessentially American customs codified by the Founding Fathers undermine the possibility of bipartisan solutions to common problems like viral pandemics and civil disorders. Americans now speak in different and antagonistic political languages, and the two parties are so polarized that the American way of life itself is at risk. In his devastating exposé of the Democrats’ nefarious goals, New York Times bestselling author David Horowitz reveals the hallmarks of their strategies, including: The double standard in justice: Antifa and BLM versus January 6 Citizenship as disposable: granting noncitizens privileges like voting, welfare, and healthcare So-called “cancel culture” and collusion in the defamation of conservative voices “Empires and states rise and fall while everybody is watching. Although the watchers may be surprised when the actual collapse occurs, with the hindsight provided by the end itself, everybody can see how it fell.” Read Final Battle before it’s too late!

The Wolves of K Street Brody Mullins, Luke Mullins, 2025-05-13 A dazzling and infuriating portrait of fifty years of corporate influence in Washington, *The Wolves of K Street* is a “not-so-guilty pleasure” (The New York Times): irresistibly dramatic, spectacularly timely, explosive in its revelations, and impossible to put down. In the 1970s, Washington’s center of power began to shift away from elected officials in big marble buildings to a handful of savvy, handsomely paid operators who didn’t answer to any fixed constituency. The cigar-chomping son of an influential congressman, an illustrious political fixer with a weakness for modern art, a Watergate-era dirty trickster, the city’s favorite cocktail party host—these were the sort of men who now ran Washington. Over four decades, they’d chart new ways to turn their clients’ cash into political leverage, abandoning favor-trading in smoke-filled rooms for increasingly sophisticated tactics, such as “shadow lobbying,” where underground campaigns sparked seemingly organic public outcries to pressure lawmakers into taking actions that would ultimately benefit corporate interests rather than ordinary citizens. With billions of dollars at play, these lobbying dynasties enshrined in Washington a pro-business consensus that would guide the country’s political leaders—Democrats and

Republicans alike. A good lobbyist could ghostwrite a bill or even secretly kill a piece of legislation supported by the president, both houses of Congress, and a majority of Americans. Yet nothing lasts forever. Amid a populist backlash to the soaring inequality these influence peddlers helped usher in, DC's pro-business alliance suddenly began to fray. And while the lobbying establishment would continue to invent new ways to influence Washington, the men who'd built K Street would soon find themselves under legal scrutiny, on the verge of financial collapse or worse. One would turn up dead behind the eighteenth green of an exclusive golf club, with a \$1,500 bottle of wine at his feet and bullet in his head. An "absorbing" (The Atlantic), "engrossing" and "meticulously researched" tale (The Guardian)—brought to life with "novelistic detail" and "considerable narrative skill" (The New York Times)—The Wolves of K Street is essential reading for anyone looking to understand how corporate interests are undermining American democracy.

The Gift of Failure Dan Bongino, 2023-09-12 A Wall Street Journal Bestseller! Dan Bongino's brutally honest, deeply personal, unforgettable stories about how he transformed failures into victories will enthrall, entertain, and inspire readers. In The Gift of Failure, leading conservative commentator Dan Bongino identifies failures in his life and how those failures led to bigger and better things. With the same laser-focused intensity that has made him one of America's most popular voices, Bongino uncompromisingly cuts to the heart of failure with a collection that is inspirational, motivational, entertaining, touching, and redemptive. The former Secret Service agent currently hosts one of the country's most listened to radio programs along with a top-rated podcast and the popular Fox News television show, Unfiltered. Throughout his career, Bongino has helped trailblaze a fight for free speech and free expression, garnering many national headlines for taking on some of the biggest tech companies in the world to challenge their seemingly draconian censorship policies. Along the way, through his many David vs. Goliath battles, Bongino has learned the hard way why failure matters. In The Gift of Failure, he shares, in vivid detail, many of these experiences—from high-profile, front-page stories involving the drama behind Parler and Rumble, to never-before-shared personal tales covering his childhood, the Secret Service, the media, a recent serious health battle, and much more. Bongino's vulnerability coupled with his trademark in-your-face, unapologetic honesty and humor help illuminate many life lessons. This is unforgettable storytelling as only Bongino can deliver. Whether you agree with him or not, there's something here for everyone.

Life Inside the Bubble Dan Bongino, 2021-01-12 Why would a successful, twelve-year Secret Service agent resign his position in the prime of his career to run for political office against all the odds? How does the Washington DC "Bubble"—a haze of lobbyists, cronyists, staff, acolytes, consultants, and bureaucrats—surrounding the President distort his view of the world? Take the journey with Dan Bongino from the tough streets of New York City where he was raised, and later patrolled as a member of the NYPD, to the White House as a member of the elite Presidential Protective Division, through his ultimate decision to resign from the Secret Service in the prime of his career to run for the United States Senate against the feared

Maryland Democratic machine. Follow his experiences inside the Washington DC “Bubble” and uncover why a government that includes the incredibly dedicated people he encountered while within it continues to make tragic mistakes. Learn how...

- Bureaucratic laziness allows the NSA collection scandal to continue
- The Department of Justice’s unwillingness to take on the tough cases allowed “Fast & Furious” to arm criminals
- The Obama administration allowed US citizens to die in Benghazi in the worst dereliction of responsibility over security ever
- The “Politics of Protection” leads to dangerous policies that weaken our country and cost American lives

“A rare peak inside the DC ‘Bubble’ which should be a wake-up call to every American.” —Sean Hannity

Spygate Dan Bongino,D.C. McAllister,2020-01-21 The New York Times and Wall Street Journal Bestseller! 'Spygate: The Attempted Sabotage of Donald J. Trump,' is terrific. He's tough, he's smart, and he really gets it. His book is on sale now. I highly recommend! —President of the United States, Donald J. Trump “An explosive account of the biggest scandal in American history, and the political players that tried to pull it off.”—Sean Hannity The comprehensive story of how the Obama administration, Hillary Clinton campaign, and foreign entities tried to sabotage the Trump campaign in the 2016 presidential election. Everyone has an opinion about whether or not Donald Trump colluded with the Russians to defeat Hillary Clinton in 2016. The number of actors involved is staggering, the events are complicated, and it’s hard to know who or what to believe. Spygate bypasses opinion and brings facts together to expose the greatest political scandal in American history. Former Secret Service agent and NYPD police officer Dan Bongino joins forces with journalist D.C. McAllister to clear away fake news and show you how Trump’s political opponents, both foreign and domestic, tried to sabotage his campaign and delegitimize his presidency. By following the names and connections of significant actors, the authors reveal: Why the Obama administration sent a spy connected to the Deep State into the Trump campaign How Russians were connected to the opposition research firm hired by the Clinton campaign to find dirt on Trump How the FBI failed to examine DNC computers after they were hacked, relying instead on the findings of a private company connected to the DNC and the Obama administration Why British intelligence played a role in building the collusion narrative What role Ukrainians played in legitimizing the perception that Trump was conspiring with the Russians How foreign players in the two events that kickstarted the Trump-Russia collusion investigation were connected to the Clinton Foundation, and What motivated the major actors who sought to frame the Trump campaign and secure a win for Hillary Clinton

The Fight Dan Bongino,2016-01-12 New York Times Bestseller: The popular radio host and former Secret Service agent reveals how leadership and security failures have endangered Americans. In The Fight, Dan Bongino picks up the story where his New York Times-bestselling book Life Inside the Bubble ends, tackling important political and security issues and offering new solutions. From Hillary's emails to the security failings at the White House (including the drone crash and the

fence jumper), from Charlie Hebdo to Bowe Bergdahl, the author examines how our government has allowed our security efforts to lapse both at home and abroad. He also offers solutions to the growing terrorist threat and how we can protect American citizens while also deconstructing what's wrong with our political process and what his experience running for office has taught him. As a former member of the elite Presidential Protection Division who served three presidents, Bongino is uniquely qualified to provide a view from behind the curtain to warn readers about the political system that is failing them, and the security future that won't protect them. The majority of Americans only come into contact with security when they fly or enter their workplace. They are rarely able to become acquainted with the politicians they know from robocalls and TV ads. Bongino has experienced the inner workings of the national security apparatus and the failed political theater that we all feel but rarely understand. Using a mix of recent events, an insider's analysis, and tales from his time protecting the president, he shows where clear and foreseeable leadership failures led to grave consequences. From a broken political process to a government that consistently misreads the American people, he shows us where America has gone wrong and how we can fight back. The Fight shines a much-needed light on the troubling games DC politicians and insiders play with the American people. —Sean Hannity The Fight is a lesson plan for fighting back against the Washington DC political machine. —Mark Levin

Follow the Money Dan Bongino, 2020-10-06 As seen on The Ben Shapiro Show! Follow the Money exposes the labyrinth of connections between D.C.'s slimiest swamp creatures—Democrat operatives, lying informants, desperate and destructive FBI agents, Obama power brokers, CIA renegade John Brennan, George Soros, and more—who conspired to attack Trump by manufacturing one bogus scandal after another. Bestselling author, podcast favorite, and Fox News contributor Dan Bongino delivers the third and most shocking of his acclaimed series chronicling the Deep State war against Donald Trump. Starting with the Trump impeachment hearings, Bongino works forward and backward to piece together the connections of a vast, well-funded cabal of wealthy Democrats and D.C. swamp elite to the non-stop deluge of manufactured scandals launched specifically to attack, destabilize, and ultimately remove Trump and his administration. Zooming in on Ukraine, Bongino unspools a complex sequence of corruption—from the miraculous "discovery" of a mysterious black ledger that linked financial transactions to Trump campaign insider Paul Manafort and cast a shadow over the entire Trump team, to Joe Biden's unexamined quid pro quo interference with Kyiv politics as he threatened to withhold a loan unless a prosecutor was removed from office. The former Secret Service agent exposes how Glenn Simpson, the corrupt cheerleader behind the lie-

filled Steele dossier, wrangled millions from top Democrat donor George Soros to meddle in Ukraine politics. Bongino also reveals Soros's desperate multimillion-dollar plan to stop Trump's re-election. Using FBI documents, Bongino reveals the outrageous actions of Robert Mueller's investigators, who sat on evidence that proved the supposedly damning Trump Tower meeting between a Russian lawyer and senior campaign officials was nothing more than a twenty-minute waste of time for all involved. Other chapters delve into the disturbing presence of Obama's fixer, obstruction angel Kathryn "Kathy" Ruemmler, who represents a rogues gallery of Russiagate political operatives; the FBI's inside source on the National Security Council, Anthony Ferrante, who dedicated himself to the fruitless task of trying to prove the Steele dossier was legitimate; and "Special Agent 1" Stephen M. Somma's curious obsession with Lt. Gen. Michael Flynn, which was stoked by a Flynn-fixated paid operative named Stefan Halper. Flynn is the centerpiece of one of the book's most revealing chapters, in which Bongino deconstructs the FBI's elaborate takedown of Trump's National Security Advisor, revealing how and why the three-star general was set up not once...but three times. Bongino also returns to the last, desperate attempt to derail Trump—the impeachment trial—and uncovers Adam Schiff's lies and the Ukraine-call whistleblower's multiple secret ties to never-Trumpers and Schiff himself. In the final chapter, Bongino unveils the newest front to stop Trump: the unleashing of COVID-19 from China and how the disease mutated from a killer plague in Wuhan to a weapon to destroy America's economy and, with it, Trump's re-election chances. Follow the Money displays dizzying detective work from a truly relentless, passionate, and patriotic reporter. An astonishing chronicle of the relentless war to destroy Donald Trump and his administration, this exposé is a must-read for anyone who wants to unravel the most shocking and corrupt campaign to unseat a sitting president in American history.
