Why We Hate Us Dick Meyer, 2009-09-22 Americans are as safe, well fed, securely sheltered, long-lived, free, and healthy as any human beings who have ever lived on the planet. But we are down on America. So why do we hate us? According to Dick Meyer, the following items on this (much abbreviated) list are some of the contributors to our deep disenchantment with our own culture: Cell-phone talkers broadcasting the intimate details of their lives in public spaces Worship of self-awareness, self-realization, and self-fulfillment T-shirts that read, "Eat Me" Facebook, MySpace, and kids being taught to market themselves High-level cheating in business and sports Reality television and the cosmetic surgery boom Multinational corporations that claim, "We care about you." The decline of organic communities A line of cosmetics called "S.L.U.T." The phony red state-blue state divide The penetration of OmniMarketing into OmniMedia and the insinuation of both into every facet of our lives You undoubtedly could add to the list with hardly a moment's thought. In *Why We Hate Us*, Meyer absolutely nails America's early-twenty-first-century mood disorder. He points out the most widespread carriers of the why-we-hate-us germs, including the belligerence of partisan politics that perverts our democracy, the decline of once common manners, the vulgarity of Hollywood entertainment, the superficiality and untrustworthiness of the news media, the cult of celebrity, and the disappearance of authentic neighborhoods and voluntary organizations (the kind that have actual meetings where one can hobnob instead of just clicking in an online contribution). Meyer argues—with biting wit and observations that make you want to shout, "Yes! I hate that too!"—that when the social, spiritual, and political turmoil that followed the sixties collided with the technological and media revolution at the turn of the century, something inside us hit overload. American culture no longer reflects our own values. As a result, we are now morally and existentially tired, disoriented, anchorless, and defensive. We hate us and we wonder why. *Why We Hate Us* reveals why we do and also offers a thoughtful and uplifting prescription for breaking out of our current morass and learning how to hate us less. It is a penetrating but always accessible *Culture of Narcissism* for a new generation, and it carries forward ideas that resounded with readers in bestsellers such as *On Bullshit* and *Bowling Alone*.

The SAGE Handbook of Coaching Tatiana Bachkirova, Gordon Spence, David Drake, 2016-11-03 The *SAGE Handbook of Coaching* presents a comprehensive, global view of the discipline, identifying the current issues and practices, as well as mapping out where the discipline is going. Coaching as a Discipline Part Two: Coaching as a Process Part Three: Common Issues in Coaching Part Four: Coaching in Contexts Part Five: Researching Coaching Part Six: Development of Coaches It provides the perfect reference point for graduate students, scholars, educators and researchers wishing to familiarize themselves with current research and debate in the academic and influential practitioners' literature on coaching.

Handbook of Research on Student-Centered Strategies in Online Adult Learning Environments Fitzgerald, Carlton J.,Laurian-Fitzgerald, Simona,Popa, Carmen,2018-06-08 As traditional classroom settings are transitioning to online environments, teachers now face the challenge of using this medium to promote effective learning strategies, especially when teaching older age groups. Because adult learners bring a different set of understandings and skills to education than younger students, such as more job and life experiences, the one-size-fits-all approach to teaching does not work, thus pushing educators to create a student-centered approach for each learner. The Handbook of Research on Student-Centered Strategies in Online Adult Learning Environments is an important resource providing readers with multiple perspectives to approach issues often associated with adult learners in an online environment. This publication highlights current research on topics including, but not limited to, online competency-based education, nontraditional adult learners, virtual classrooms in public universities, and teacher training for online education. This book is a vital reference for online trainers, adult educators, university administrators, researchers, and other academic professionals looking for emerging information on utilizing online classrooms and environments in student-centered adult education.

Either/Or Søren Kierkegaard,2004-07-01 In *Either/Or*, using the voices of two characters - the aesthetic young man of part one, called simply 'A', and the ethical Judge Vilhelm of the second section - Kierkegaard reflects upon the search for a meaningful existence, contemplating subjects as diverse as Mozart, drama, boredom, and, in the famous *Seducer's Diary*, the cynical seduction and ultimate rejection of a young, beautiful woman. A masterpiece of duality, *Either/Or* is a brilliant exploration of the conflict between the aesthetic and the ethical - both meditating ironically and seductively upon Epicurean pleasures, and eloquently expounding the noble virtues of a morally upstanding life.

Either/Or, Part II Søren Kierkegaard,2013-04-21 Søren Kierkegaard, the nineteenth-century Danish philosopher rediscovered in the twentieth century, is a major influence in contemporary philosophy, religion, and literature. He regarded *Either/Or* as the beginning of his authorship, although he had published two earlier works on Hans Christian Andersen and irony. The pseudonymous volumes of *Either/Or* are the writings of a young man (I) and of Judge William (II). The ironical

young man's papers include a collection of sardonic aphorisms; essays on Mozart, modern drama, and boredom; and The Seducer's Diary. The seeming miscellany is a reflective presentation of aspects of the either, the esthetic view of life. Part II is an older friend's or, the ethical life of integrated, authentic personhood, elaborated in discussions of personal becoming and of marriage. The resolution of the either/or is left to the reader, for there is no Part III until the appearance of Stages on Life's Way. The poetic-reflective creations of a master stylist and imaginative impersonator, the two men write in distinctive ways appropriate to their respective positions.
