James G. Edwards II

The Vanishing Act: Jeffrey Epstein's Final Days James G. Edwards II, What really happened in Cell 2806? On August 10, 2019, Jeffrey Epstein—billionaire financier, convicted sex offender, and confidant to presidents and princes—was found dead in his maximum-security cell at the Metropolitan Correctional Center. The official ruling: suicide. But the evidence tells a far more disturbing story. Security cameras malfunctioned. Guards falsified records. His cellmate was mysteriously transferred hours before. And the forensic evidence raised more questions than it answered. The Vanishing Act takes you inside the final days of America's most notorious prisoner, examining the catastrophic security failures, the suspicious circumstances, and the powerful people who had everything to lose if Epstein testified. From the sealed court documents to the other mysterious deaths that followed, this meticulously researched investigation reveals why this case refuses to die—and why it should haunt us all. Some secrets are worth killing for. Some truths demand to be told. • The security failures that defy explanation • The forensic evidence that contradicts the official narrative • The victims denied their day in court • The elite network that escaped accountability • The questions authorities still won't answer When the most well-connected prisoner in America dies under impossible circumstances, only one thing is certain: someone didn't want him to talk. The truth died in Cell 2806. Or did it?

The Money Illusion: Jeffrey Epstein's Financial Ghost Story James G. Edwards II, Everyone knew Jeffrey Epstein was a billionaire. The problem? He probably wasn't. For decades, Jeffrey Epstein operated as a phantom financier—a man whose wealth was legendary but whose actual sources of income remained invisible. While prosecutors pursued him for sex crimes, the more sinister question went largely unexplored: Where did the money really come from, and what did it buy? The Money Illusion follows the paper trail that Epstein spent his life obscuring. From his mysterious relationship with retail magnate Leslie Wexner to his web of offshore accounts and shadowy trusts, this meticulously researched investigation reveals how financial secrecy enabled one of the most disturbing criminal enterprises of our time. James G. Edwards II exposes the enablers who made it possible: the banks that processed suspicious transactions, the lawyers who structured impenetrable legal shields, the elite institutions that accepted tainted donations, and the powerful individuals who benefited from looking away. This isn't just Epstein's story—it's an indictment of the systems that protected him. When money can buy silence, access, and impunity, what does justice even mean? Unflinching, thoroughly documented, and impossible to ignore,

The Money Illusion asks the questions that still haunt this case—and demands accountability for those who profited from the ghost story of a billionaire who may never have existed.

The Stealing of Emily - Where are the 430,000 Martin Newbold,2025-11-29 The Stealing of Emily - Traffic Lights and Trafficked Lives The Stealing of Emily - Traffic Lights and Trafficked Lives exposes how the systems built to “protect” children can become silent partners in their disappearance. Drawing on case files, FOI responses, official statistics and first-hand testimony, the book follows the trail from family courts and “traffic light” risk assessments to missing records, lost Child Trust Funds and children who simply vanish on paper. Through the lens of one family’s search for a disappeared child, it uncovers how digital platforms, outsourced care providers and closed procedures can create ideal conditions for exploitation and trafficking, while allowing agencies to deny responsibility. This volume in The Stealing of Emily series asks a stark question: when the lights are red, amber and green on official dashboards, what happens to the children who fall between them - and who is accountable when trafficked lives are erased by design, not by accident?

God-Given or Bust Cheryl K. Chumley,2025-01-14 In America, either rights come from God—or they don’t. This is the ultimate war, and God-Given or Bust tells how patriots can win. American exceptionalism is rooted in the idea that individual rights come from God and government is only in place to preserve and protect those rights. But America’s losing sight of that concept. America’s turning into a country where the government grants rights and privileges to only those the government deems worthy—and takes them from those it deems unworthy. This is not how the Founding Fathers envisioned the nation; this is not how the concept of inalienable rights coming from a Creator works. Rather, this is how Marxism, communism, and collectivism spread. If we want a nation that’s free for generations to come, then we must reclaim the notion of God-given and ditch the idea of government-granted. The only way to do that is for Americans of faith to rise up and inject biblical values and godly principles into government, culture, and society, and put God once again at the center. It’s time to demand the God-given—or the great American experiment will come to an end.

Dead Men Don't Talk: The Epstein Files Campaign Justice, 2025-07-15 JULY 2025 EDITION “The Epstein client list doesn’t exist.” — FBI “It’s sitting on my desk.” — U.S. Attorney General Pamela Bondi So who’s telling the truth? Dead Men Don’t Talk - The Epstein Files is the ultimate deep dive into one of the most explosive and suspicious criminal cases of the 21st century. This isn’t a retelling — it’s the raw data: unsealed FBI documents, actual autopsy photos, jail cell images and videos, flight logs, and testimonies the public was never supposed to read. Go beyond the headlines and into the evidence. See the rare, unredacted “Little Black Book” in full. Track who flew on Epstein’s private jets. Read survivor testimonies and the FBI’s internal memos on his death. Compare those to an autopsy report showing broken neck bones, petechial hemorrhaging, and other red flags that some have called, inconsistent with suicide. If you’ve ever wondered why every article seems to say the same thing — like “there is no client list” — it’s no accident. The Trusted News Initiative, formed by major media outlets, ensures all member organizations coordinate their messaging. That’s why headlines across networks are nearly identical, and why you’re only hearing one side of this story. If you're tired of media spin and missing facts, this book

lays it all out — no redactions, no fluff, just the receipts. Whether you're a truth seeker, researcher, or just want to understand how this story was buried, *Dead Men Don't Talk* tells it like it is — because the dead can't.
