**Active Vocabulary** Amy E. Olsen,Patti C. Biley,2001-11 Active Vocabulary is designed to accompany a reading text at the second tier reading level. Readings cover both general words and academic subjects. There are a number of exercises to stimulate different learning styles as well as to encourage cross-referencing of the words through different contexts. Self tests and games in each chapter round out the exposure for each vocabulary word. Four chapters on word parts are included, as well as three review chapters.

**Stardust, Level 1** Kathryn Harper,Alison Blair,Jane Cadwallader,2005 Stardust 1: Language is introduced through songs and practised in stories. Resources include a puppet, flashcards, wordcards, and photocopiable materials. A photo documentary provides information about British children and their lives. Activity Books allow you to introduce reading and writing skills. Stardust 2 and 3: Plentiful teacher's material means that every class can be different, and exactly tailored to children's needs. An imaginative storyline, superb artwork, and lots of humour stimulate children's creativity. Comic-strip reading texts with activities are a motivating way to recycle new language. Stardust 4 and 5: Extended texts including comic-strips, photo stories, and cross-curricular readings provide a rich language input. Carefully graded reading and writing tasks encourage children to produce a range of short texts. A range of evaluation material enables both the teacher and the children to monitor their progress.

*Measuring the Economically Active in Population Censuses* United Nations. Department of Economic and Social Affairs,2010 The Handbook provides guidance on the measurement of economic characteristics in population censuses, based on relevant experiences of countries, with a particular focus on the questions used and the requirements for processing of responses. The Handbook is intended to provide census planners with a variety of approaches to assess the questions and methods of collecting economic characteristics used in their national census, as they evaluate the performance in the past decade and plan for the 2010 round of censuses (2005-2014). Users of census results may also find the present text useful when evaluating the quality of census results.
