Hair, Headwear, and Orthodox Jewish Women Amy K. Milligan, 2014-09-24 Hair, Headwear, and Orthodox Jewish Women comments on hair covering based on an ethnographic study of the lives of Orthodox Jewish women in a small non-metropolitan synagogue. It brings the often overlooked stories of these women to the forefront and probes questions as to how their location in a small community affects their behavioral choices, particularly regarding the folk practice of hair covering. A kallah, or bride, makes the decision as to whether or not she will cover her hair after marriage. In doing so, she externally announces her religious affiliation, in particular her commitment to maintaining an Orthodox Jewish home. Hair covering practices are also unique to women's traditions and point out the importance of examining the women, especially because their cultural roles may be marginalized in studies as a result of their lack of a central role in worship. This study questions their contribution to Orthodoxy as well as their concept of Jewish identity and the ways in which they negotiate this identity with ritualized and traditional behavior, ultimately bringing into question the meaning of tradition in a modern world.

Hide and Seek Lynne Schreiber, 2003 The traditional Jewish community has long been silent on the very personal yet also public matter of married women covering their hair with hats, scarves, and even wigs. Hide and Seek is the first book to discuss this topic, and includes legal and sociological perspectives of this observance, citing relevant texts and rabbinic discourse, as well as the history, tradition, and customs of Jewish communities from around the world.

Framing Jewish Culture Simon J. Bronner, 2014-01-01 Modernity offers people choices about who they want to be and how they want to appear to others. The way in which Jews choose to frame their identity establishes the dynamic of their social relations with other Jews and non-Jews - a dynamic complicated by how non-Jews position the boundaries around what and who they define as Jewish. This book uncovers these processes, historically, as well as in contemporary behavior, and finds explanations for the various manifestations, in feeling and action, of 'being Jewish.' Boundaries and borders raise fundamental questions about the difference between Jews and non-Jews. At root, the question is how 'Jewish' is understood in social situations where people recognize or construct boundaries between their own identity and those of others. The question is important because this is by definition the point at which the lines of demarcation between Jews and non-Jews, and between different groupings of Jews, are negotiated. Collectively, the contributors to the book expand our understanding of the social dynamics of framing Jewish identity. The book opens with an introduction that locates the issues raised by the

contributors in terms of the scholarly traditions from which they have evolved. Part I presents four essays dealing with the construction and maintenance of boundaries - two by scholars showing how boundaries come to be etched on an ethnic landscape and two by activists who question and adjust distinctions among neighbors. Part II focuses on expressive means of conveying identity and memory, while, in Part III, the discussion turns to museum exhibitions and festive performances as locations for the negotiation of identity in the public sphere. A lively discussion forum concludes the book with a consideration of the paradoxes of Jewish heritage revival in Poland, and the perception of that revival by Jews and non-Jews.

The Essential Guide to Jewish Prayer and Practices Andrea Lieber Ph.D.,2012-03-06 An insightful and illuminating guide to Judaism's basic tenets and practices. The Essential Guide to Jewish Prayer and Practices offers a more profound understanding of Judaism-for practicing Jews and non-Jews alike-by explaining the key concepts of Jewish thought, including the sanctity of human life, Judaism's concept of God, and the role of the Torah in guiding Jewish spiritual life. Judaic studies scholar Andrea Lieber introduces readers to the form of Jewish prayer-the structure of Jewish worship and the different kinds of prayers that make up Jewish liturgy. • The perfect guide for Jewish spirituality for affiliated and non- practicing Jews as well as people of other faiths • Provides essential knowledge of the meaning of the Torah and the rituals of worship and prayer

The Encyclopedia of Jewish Symbols Ellen Frankel,Betsy Patkin Teutsch,1995-11-01 Jewish symbols reflect the interaction of word and image within Jewish culture. Jews have always studied, interpreted, and revered sacred texts; they have also adorned the settings and occasions of sacred acts. Calligraphy and ornamentation have transformed Hebrew letters into art; quotation, interpretation, legend, and wordplay have made ceremonial objects into narrative. This book represents just such a collaboration between art and language. Ellen Frankel and Betsy Platkin Teutsch, writer and artist, have brought their extensive knowledge and talents together to create The Encyclopedia of Jewish Symbols, the first reference guide of its kind, designed for use by educators, artists, rabbis, folklorists, feminists, Jewish and non-Jewish scholars, and lay readers.

The Literary Imagination of Ultra-Orthodox Jewish Women Alyse Fisher Roller,1999 The ultra-Orthodox sector of Jewish culture possesses its own body of creative English writing, a prose genre which is impelled and shaped by women. Contemporary scholars and writers have brought ultra-Orthodox Jewish women to our attention. However, critical writing about this community has consistently misrepresented or misanalyzed it. This study attempts to correct the outsider's bias prevalent in academic research by letting the insiders' voices--that is, the writings of ultra-Orthodox Jewish women--speak for themselves. Through the women's heretofore little known literature, we can get an unmediated view of this secluded yet vibrant writing community, a glimpse into how traditional women in a postmodern world negotiate feminist consciousness. Writers are analyzed in the specific fields of personal narrative, anthology, Holocaust testimonial, self-help literature, and fiction. A bibliography and index are included.

Sensemaking for Writing Programs and Writing Centers Rita Malenczyk, 2023-06-15 In this collection writing program and writing center administrators from a range of academic institutions come together to explore their work through the lens of sensemaking. Sensemaking is an organizational theory concept that enables institutions, supervisors, teachers, tutors, and others to better understand the work they do by using narrative, metaphor, and other theoretical lenses. The book is divided into two sections: Sensemaking with Tutors and Teachers, and Sensemaking and Institutional Structures. Chapter authors employ several theoretical approaches to sensemaking, ranging from individual experience to institutional history to document design, providing readers with ideas for how to administer and teach within their programs more effectively; how to advocate for their programs within larger university contexts; and how to positively influence the lives and careers of those they work with. Sensemaking for Writing Programs and Writing Centers theorizes daily experiences from working lives and suggests problem-solving strategies. Writing program administrators, writing department chairs, and writing center directors, tutors, and staff will find value in its pages.
