

Monasterio San Antonio El Real

Susan Sinclair

Monastery of San Lorenzo El Real de El Escorial José Luis Sancho, 1994

Spagna settentrionale , 2011-11-07

Imagining the Passion in a Multiconfessional Castile Cynthia Robinson, 2013 An interdisciplinary reassessment of the creation and reception of religious imagery, and of its place in the devotional practices of Castilian Christians, situated against the broader panorama of Spanish culture in the fourteenth and fifteenth centuries--Provided by publisher.

Conquistadoras Carlos B. Vega, 2003-10-02 Though women played an integral role in the conquest of the New World, little has been written about their contributions. This Spanish-language work examines the lives and deeds of women who influenced the course of history in the Americas some 500 years ago. Covered in detail are the lives of Maria de Toledo, first woman governor in America; Isabel de Bobadilla, governor of Cuba and instrumental in the Spanish expedition to Florida; Ana Francisca de Borja, governor of Peru and a military leader; Beatriz de la Cueva, governor of Guatemala and a political leader; Maria de Penalosa, governor of Nicaragua and a military strategist; Isabel Barreto y Quiros, first and only woman admiral of the Spanish navy; and mestizo leaders Francisca Pizarro and Leonor de Alvarado. Also covered are more than 40 other women of the same period--Spanish, Indian, and black--who held a wide variety of leadership positions. The book draws its information from the writings of respected early historians as well as historical documents from libraries and archives in Spain, Latin America and the United States. Cortes, Pizarro, Alvarado, todos ellos hombres conocidos y famosos. Pero y las mujeres? Si bien fue el hombre el que mayormente cargo sobre sus hombros la empresa conquistadora, muchas fueron las mujeres que tambien formaron parte de tal epopeya. Sin embargo, la historia les paso por encima y las relego al triste olvido. Esta obra se empena en hacerles justicia historica a estas mujeres, destacando sus vidas y hazanas sobre todo a ocho de ellas, quizas las mas conocidas, pero no las unicas. Fueron mujeres excepcionales, resolutas, integras, juiciosas, prontas a echar un pie adelante cuando las circunstancias asi lo exigieron, pero, vale recalcar, sin renunciar en ningun momento a sus dotes de madres y esposas. De las ocho mujeres, seis fueron espanolas y dos indigenas, incluyendose, ademas, a unas cuarenta mas aunque en menos detalle. La obra rebosa humanidad y sentido historico y esta escrita en un lenguaje pulcro y sencillo, al alcance de todo tipo de lector. Sus fuentes son rigurosamente historicas y fidedignas, fruto de las mas excelsas plumas a ambos lados del Atlantico y pertenecientes a todas las epocas, incluyendo, claro esta, a los primitivos cronistas de

Indias.

Así llegó a reinar Isabel la Católica Félix de Llanos y Torriglia,1927

Guide to the Monastery of San Lorenzo El Real, Also Called El Escorial Juan Martínez Cuesta,1992

El Real Monasterio de las Huelgas de Burgos y el Hospital del Rey Amancio Rodríguez López,1907

Music and Musicians in the Escorial Liturgy Under the Habsburgs, 1563-1700 Michael John Noone,1998 This study explores the composition and performance of liturgical music in El Escorial, from its founding by Philip II in 1563 to the death of Charles II in 1700. Philip II promoted within his monastery-palace a musical foundation whose dual function as royal chapel and as monastery in the service of a Counter-Reformation monarch was unique. The study traces the ways in which music styles and practices responded to the changing functions of the institution. Perceived notions about Spanish royal musical patronage are challenged, musical manuscripts are scrutinized, biographical details of hundreds of musicians are uncovered, and musical practices are examined. Additionally, two important choral pieces are printed here for the first time.

A River in Spain Robert White,1998-07-15 Travel through Spain's cultural past through this beautifully illustrated book.

Bibliography of Art and Architecture in the Islamic World (2 vols.) Susan Sinclair,2012-04-03 Following the tradition and style of the acclaimed Index Islamicus, the editors have created this new Bibliography of Art and Architecture in the Islamic World. The editors have surveyed and annotated a wide range of books and articles from collected volumes and journals published in all European languages (except Turkish) between 1906 and 2011. This comprehensive bibliography is an indispensable tool for everyone involved in the study of material culture in Muslim societies.
