La otra arquitectura moderna David Rivera Gámez,2019-02-15 Este libro trata de los estilos y las tendencias de la primera mitad del siglo XX que están ausentes o son marginales en las historias de la arquitectura moderna, pero que fueron importantes e influyentes en la época en la que nacieron. En el texto se analizan los movimientos expresionistas y simbolistas tanto como los estilos épicos modernos, el Futurismo, el Art Déco, el Novecento, la arquitectura metafísica, el monumentalismo industrial babilónico y los diversos tipos de clasicismo. Con ello se pretende restituir toda su riqueza y complejidad a la historia de la arquitectura moderna y reconocer a una serie de grandes arquitectos (Michel de Klerk, Edwin Lutyens, Raymond Hood o Jože Plečnik entre ellos) la importancia de su contribución. Dado que, a diferencia de la historia del Movimiento Moderno, la de los otros estilos de la primera mitad del siglo XX forma parte inseparable de la cultura de ciudades concretas, este libro puede verse también como una exploración arquitectónica de los contextos urbanos modernos, aun cuando su enfoque se circunscribe a las grandes capitales europeas y los movimientos estadounidenses. A lo largo del texto, comprobamos cómo París, Londres, Berlín, Praga, Moscú, Milán, Roma, Viena, Ámsterdam, Liubliana o Nueva York proporcionaron un sentido de identidad específico a diversos estilos y movimientos arquitectónicos que proponían transformaciones en clave moderna de las distintas tradiciones locales. En resumen, el libro ofrece una interpretación alternativa de la historia de la arquitectura de la primera mitad del siglo XX, y un recorrido amplio, aunque inevitablemente selectivo, por la 'otra' arquitectura moderna. El prólogo es obra de Paul Goldberger, antiguo crítico de arquitectura de The New York Times y The New Yorker, uno de cuyos libros está traducido al español: Por qué importa la arquitectura (Ivorypress, 2012).

Ingeniería hidráulica en México ,1948

Ausstellungskat James Oles,Yale University. Art Gallery,1993-09-17 Richly illustrated with works of both high culture

and commercial kitsch - many of them never before reproduced - South of the Border revisits an era when Mexico captured the North American imagination. Between the final years of the Mexican Revolution of 1910-17 and the immediate aftermath of World War II, dozens of U.S. painters and photographers flocked to Mexico, among them Edward Weston, Paul Strand, Marsden Hartley, Helen Levitt, Josef Albers, and Robert Motherwell. South of the Border reconsiders the work of these and other American artists, along with representative works of their Mexican contemporaries and examples of the vast quantities of commercial art - illustrated books and magazines, travel posters and postcards - and Mexican folk and tourist art that contributed to Americans' image of their neighbor to the south. Artists visiting or living in Mexico, Oles writes, were enthralled with the country's climate, pre-Columbian heritage, and folk culture. Especially during the Great Depression, not only artists but the general American public as well saw in Mexico an appealing alternative to the pressures of industrial society. Some artists, including Winold Reiss, Thomas Handforth, and Doris Rosenthal, won acclaim for their depictions of a seemingly timeless rural life in Mexican villages. Others, among them Pablo O'Higgins, Elizabeth Catlett, and Robert Mallery, fired their work with politics, bringing the movement for social reform directly to the people through large murals and popular graphics. In a bilingual text - English and Spanish - that accompanies more than 180 illustrations, Oles describes these and many other U.S. artists drawn to Mexico, placing their work in its original political and cultural context. An accompanying essay by Karen Cordero Reiman reexamines the history of Mexican art from 1910 through 1950, providing a fresh interpretation of a period long obscured by nationalist discourse and the domination of muralism. Published in cooperation with the Yale University Art Gallery, South of the Border includes capsule biographies and selected bibliographies for many of the artists discussed in the text.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
