

Universidad De Palermo Facultad De Ciencias Económicas

Carlos Alberto Ballistrieri, Juan Roccatagliata

Revista sobre relaciones industriales y laborales ,1980

La construcción del campo de la Economía de la Educación en Argentina Graciela Riquelme, 2023-09-01 En su extensa introducción, la obra, define el campo en sus diversas dimensiones: la función productiva de la educación, el valor de la educación para proporcionar a los individuos acceso a bienes y servicios privados y sociales, la distribución de la educación para satisfacer la demanda social, la relación de la educación con la acumulación de capital a través de su contribución a la productividad y al cambio tecnológico y, por tanto, al crecimiento económico, y la distribución de los recursos para la educación entre los distintos grupos de la sociedad, con sus implicaciones para el acceso al poder, el ingreso y la riqueza. También ofrece una extensa historia del campo en Argentina, mostrando cómo ha crecido desde sus modestos orígenes en los sesentas hasta un inventario hoy de más de mil artículos de revistas, libros y estudios en todas las dimensiones del campo. La contribución es sobresaliente tanto desde el punto de vista histórico como metodológico, evaluando las influencias educativas, económicas y políticas desde dentro de Argentina y desde el extranjero.

Cultural Tourism Razaq Raj, Kevin Griffin, Nigel D. Morpeth, 2013 With contributions from international experts, this book provides a broad discussion of cultural tourism as a concept and the way it is implemented in diverse regions around the world. It addresses the notion of cultural tourism and what it means to tourism as an industry, and also explores types of cultural tourism offered to tourists and experienced by them. Many international case studies will be included on specific instances of cultural tourism, and current topics like cultural tourism's relationship to sustainability are discussed.

Handbook of Happiness Research in Latin America Mariano Rojas, 2015-10-09 This book presents original happiness research from and about a region that shows unexpectedly high levels of happiness. Even when Latin American countries cannot be classified as high-income countries their population do enjoy, on average, high happiness levels. The book draws attention to some important factors that contribute to the happiness of people, such as: relational values, human relations, solidarity networks, the role of the family, and the availability and gratifying using of leisure time. In a world where happiness is acquiring greater relevance as a final social and personal aim both the academic community and the social-

actors and policy-makers community would benefit from Happiness Research in Latin America.

New Serial Titles ,1999 A union list of serials commencing publication after Dec. 31, 1949.

Internationales Handbuch Der Spezialbibliotheken Helga Lengenfelder,1983

Sociología de las organizaciones Públicas Mario José Krieger,2021-06-03 Este libro pretende llenar el vacío existente en materia de sociología de las organizaciones públicas y análisis del comportamiento de la administración pública. En tal sentido, se busca dar respuesta a la inquietud de varias cátedras y docentes de grado y posgrado de diversas universidades que demandaban una bibliografía ajustada a la temática para facilitar su abordaje por los cursantes que desean introducirse en la problemática. Con el referido propósito, el libro plantea los principales temas en debate en este campo de estudio interdisciplinar, como son el de la sociología de las organizaciones públicas y el comportamiento en la administración pública, con una visión actualizada y crítica, pero a la vez didáctica. Asimismo, busca brindar los elementos teóricos para abordar estos fenómenos. Los aspectos prácticos de métodos y técnicas de investigación y de diagnóstico e intervención organizacional serán tratados en un segundo libro, que continuará y completará a este, con el cual pretende conformar una sola obra. De tal manera que la teoría que aquí se ofrece pueda operacionalizarse con el propósito de efectuar diagnósticos e intervenciones en organizaciones públicas, solucionando los problemas. La obra se basa en la experiencia argentina, con una perspectiva latinoamericana y global. También se encuentra dedicada a funcionarios y agentes públicos que por su quehacer deban profundizar la comprensión del fenómeno organizacional, sistematizar los conocimientos interpretativos y operativos de su actividad cotidiana, y a todos aquellos que por una u otra razón necesiten comprender sociológicamente el comportamiento de la administración pública, la gestión pública o la implementación de políticas públicas.

Capital Movements and Corporate Dominance in Latin America Noemi Levy-Orlik, Jorge A. Bustamante-Torres, Louis-Philippe Rochon, 2021-06-25 This book addresses the problems of Latin America, through two of the most important features of the post-Bretton Woods economic order, large corporations and weak financial markets. In turn, it shows that their impact on economic growth and development is feeble and short-lived. This resulted in income concentration and an extremely unequal distribution of wealth in the region.

Universidad De Palermo Facultad De Ciencias Econmicas Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Universidad De Palermo Facultad De Ciencias Econmicas**," compiled by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
