

An Eye For Eye Quote

Mary Cowden Clarke

Pupils of the Eye Natasha Hoffman,2019-02-28 This book is about the Intuitive Wisdom of the Third Eye, and how over time we have lost our ability to trust it, which in turn has disempowered us. In these pages we learn of the Wisdom Keepers of old, the Astronomer Priests, and the six Archangels who created the sacred paths of energy, those that we call ley lines, and the other grids that encircle our planet. It was on these flows of energy that the Astronomer Priests set up wisdom schools where the wisdom of the Eye was taught to initiates who were known as Pupils of the Eye. And our ancestors marked and used these sacred sites, all over our planet for the temples, churches, standing stones and circles that still attract those many people who respond to a deep soul calling. This book shows too that comprehension of the old myths and legends and the folk tales of all continents can be a vital pathway to trusting in our own intuition and provides an understanding of life on this planet and helps us to reconnect with our place in the Universe.

Blink of an Eye William S. Cohen,2024-07-02 It is America's worst nightmare: A nuclear bomb destroys a major city. Thousands of Americans are dead and many more will die from radiation poisoning. Threats promising more attacks spread through the media. Panic has broken out in many cities. How could American intelligence have failed to detect a nuclear device? Who is responsible for the blast? Sean Falcone, national security advisor, is tasked with identifying and tracking down the attackers. Powerful forces within the Capital point the finger at Iran. But appearances are always deceiving, and never more so than when millions of innocent people may die for a crime they did not commit. With the potential to incite the entire Muslim world against America and bring the world to the brink of Armageddon, Falcone discovers an astonishing secret hidden deep within the upper echelons of Washington's elite...but why should the President—or the American people—believe him? Pulling from years of international affairs and defense planning experience, the former Secretary of Defense under Bill Clinton creates a sweeping, all-too-real political thriller. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
