Writing, Dancing and Performing Death Across Late Medieval Europe ,2025-11-04 Our understanding of the medieval Danse macabre is changing with the recent discoveries of a theatrical script from Savoy, and of a related Castilian poem. This collection of texts from the Burgundian realm, France and Savoy, England, Castile-Aragon and the Empire, also contains critical essays that examine these texts and contexts from the fourteenth to the late fifteenth centuries. This volume re-examines the development and impact of the Danse macabre within broader considerations of performance and poetry that focus on Death as a protagonist. It includes texts never before studied or translated and moves beyond the traditional focus on Paris and London to reassess the wide dissemination of this tradition. The volume complements a collection of studies by the same editors (Oosterwijk, Ungeheuer and Léglu) of the visual tradition across Europe, from Burgundy to Finland, Death and the Danse Macabre in Late Medieval Art: Dissemination and Reception.

La Danza de la muerte ,1919

De la antropología filosófica a la antropología de la salud Rosa María Boixareu,2016-01-29 Hará bien el lector en sentir curiosidad por este texto y en satisfacerla. Parece un manual de antropología que fija su atención en la salud, el padecimiento y la enfermedad, y la pregunta por la muerte. Pero, aunque parezca un manual, ¿lo es? Ciertamente se trata de

una obra de difícil clasificación. Ofrece una descripción diversa y plural sobre la búsqueda humana del bienestar, un bienestar del que se brindan distintas miradas y experiencias, lecturas e interpretaciones; un bienestar que nos construimos y que nos construyen. De la antropología filosófica a la antropología de la salud propone al lector (profesional de la salud o no) una plataforma de reflexión filosófica desde la cual intentar dar respuesta a las preguntas que le plantea el presente en términos de mejora, de posibilidades y oportunidades de bienestar. Éste es un libro con vocación didáctica, con sensibilidad social, que pretende despertar la curiosidad del lector y estimularlo para que construya su propio escenario práctico en relación con el bienestar. No es un punto y final ni un recetario, sino que se ofrece como un punto de partida, como un reto para el presente con la mirada puesta, también, en otros lugares y tiempos distintos a los propios.
