Here We are ; A Telephone Call Dorothy Parker,1998 Stories in the Travelman Short Stories series take the reader to places of mystery, fantasy, horror, romance, and corners of the universe yet unexplored. In turn, readers take them on the bus or subway, slip them into briefcases and lunchboxes, and send them from Jersey to Juneau. Each classic or original short story is printed on one sheet of paper and folded like a map. This makes it simple to read while commuting, convenient to carry when not, and easy to give or send to a friend. A paper envelope is provided for mailing or gift-giving, and both are packaged in a clear plastic envelope for display. The cost is not much more than a greeting card.

Some Day Robert Eidelberg,2020-06-29 SOME DAY The Literature of Waiting A Creative Writing Course With Time on Its Hands Now wait. Now. Wait. You do it all the time. Time and time again. You're doing it right now: waiting on our every word. So here goes: before there was this book SOME DAY on writing creatively about a world of waiting, there was special topics Hunter College English course on "The Literature of Waiting" that featured a selection of novels, plays, and short stories by some rather famous world authors. But wait: even before that time-sensitive college course there were, well, the elevators—particularly the ones in the North Building of Hunter College of the City University of New York. Elevators that you always had to wait distressingly long for when they were apparently working and eternally long for when they were "out of service." There was even that infamous elevator repair sign. Picture it: a photoshopped female student with her right hand flat out in the stop-and-wait position, her compressed lips silently conveying that any wait on your part for an elevator to come would be entirely futile. And did we mention that the repair sign would inevitably remain up even after that elevator had been fixed? Now that made a certain sense since it was only a matter of time before the sign was, like a broken clock,

Speaking into the Air John Durham Peters, 2012-04-26 Communication plays a vital and unique role in society-often blamed for problems when it breaks down and at the same time heralded as a panacea for human relations. A sweeping history of communication, Speaking Into the Air illuminates our expectations of communication as both historically specific and a fundamental knot in Western thought. This is a most interesting and thought-provoking book. . . . Peters maintains that communication is ultimately unthinkable apart from the task of establishing a kingdom in which people can live together peacefully. Given our condition as mortals, communication remains not primarily a problem of technology, but of power, ethics and art. —Antony Anderson, *New Scientist* Guaranteed to alter your thinking about communication. . . . Original, erudite, and beautifully written, this book is a gem. —Kirkus Reviews Peters writes to reclaim the notion of authenticity in a media-saturated world. It's this ultimate concern that renders his book a brave, colorful exploration of the hydra-headed problems presented by a rapid-fire popular culture. —Publishers Weekly What we have here is a failure-to-communicate book. Funny thing is, it communicates beautifully. . . . Speaking Into the Air delivers what superb serious books always do—hours of intellectual challenge as one absorbs the gradually unfolding vision of an erudite, creative author. —Carlin Romano, *Philadelphia Inquirer*
