La iglesia en la encrucijada de la misión Eloy Bueno de la Fuente, 1999 La Iglesia en la encrucijada de la misión El título indica la tesis de fondo que presenta el libro de Eloy Bueno. Si la Iglesia se ha encontrado siempre en la encrucijada de la misión, nos interesa de un modo especial conocer cuál es, en la actualidad, la encrucijada que se abre ante ella. De las opciones que adopte entre las distintas alternativas que se plantean dependerá la figura que proyectará en el futuro.

Between Concept and Identity Esteban Fernández-Cobián, 2014-10-02 The identity of places of worship is one of the most difficult problems faced by religious architecture at the start of this new millennium. Contemporary globalising experiences demand, peremptorily, a reflection, both conceptual and situational, on the origin of objects, people and institutions. Nevertheless, the chance of these migration flows annihilating already-existing religious identities is perceived as a problem. This problem is directly linked to the survival of architecture as a system carrying a material representation of the divine and constituting a self-reference system for the community of believers. Therefore, it is important to define the extent to which the new religious architecture has given room to an abstract type of formal experimentation which is disconnected from social reality. Does this architecture maintain its bridging, sacramental value, or, on the contrary, has it given way to the conceptualist trends still alive in the artistic world? Is metaphor a valid concept for the Christian religion? Is there an essential aspect linking this architecture to the centuries-old tradition of the Catholic Church? Different architectural, pedagogical, exhibition and formal initiatives have arisen in recent years and it is necessary to get to know them, with the purpose of understanding where contemporary religious architecture is heading in its eternal search for a permanent identity.

La dignidad de creer Eloy Bueno de la Fuente, 2005 Dar razón de la propia esperanza es tarea y gozo permanente de los cristianos. Especialmente en un contexto cultural en el que muchas de sus tendencias dominantes miran con indiferencia o con distancia el hecho de la fe. Esta situación provoca en numerosas ocasiones cierto complejo de inferioridad intelectual entre los creyentes. Por ello es tan importante y urgente redescubrir la dignidad de creer. Más que sentirse amenazada, es la fe la que lanza su provocación y su alternativa a lo cultural e ideológicamente correcto. Y ello lo ha de hacer como defensa de la dignidad de cada ser humano y de la credibilidad de Dios. Esta actitud se ha convertido para la Iglesia en España en el tema de nuestro tiempo.

¡Alégrense las naciones! John Piper, 2007-09-01 Esta extraordinaria y conocida obra de John Piper utilizada masivamente como libro de texto de misiones en Seminarios e Institutos Bíblicos, y de la que se han vendido ya hasta la fecha cerca de 200.000 ejemplares, se basa en textos bíblicos claves para demostrar que el fin último y primordial de la iglesia es la adoración y una adoración apropiada impulsa la acción misionera. Piper hace una defensa bíblica de la supremacía de Dios en todas las cosas, y proporciona a los lectores una base teológica sólida para las misiones. Examina y debate si Jesús es el único camino a de salvación y plantea una súplica apasionada a una labor misionera cristocéntrica, buscando definir y presentir con claridad tanto el alcance de la tarea como los medios para llevarla a cabo y llegar a todas las naciones. Un libro clave es cuya lectura resulta indispensable a todos aquellos que de algún modo participan o se preparan para trabajar en la obra misionera, ya sea directa o indirectamente. Y además ofrece una visión fresca del tema de las misiones tanto a los jóvenes que sienten el llamado a dedicarse, como a los que se ven en la necesidad de aconsejarles: pastores, poseedores, consejeros, y líderes juveniles.

Eclesiología Eloy Bueno de la Fuente, 2004 La presente obra pretende ofrecer una visión sistemática de la eclesiología, católica, conjugando la perspectiva fundamental y la dogmática en su armonía y coherencia recíprocas. Procura situar la reflexión sobre los diversos temas en el contexto de la problemática contemporánea para identificar la postura común de la teología actual a la luz de la revelación, de la tradición y del magisterio. Esta opinión común incluye con nitidez las dimensiones bíblica, ecuménica, misionera y pastoral. La perspectiva de la eclesiología de comunión permite recoger e iluminar la experiencia vivida de la Iglesia, reconocer el protagonismo y la identidad de cada bautizado, valorar de modo equilibrado las diversas realizaciones de la Iglesia. De este modo entronca con las aspiraciones y necesidades de la actual conciencia y sensibilidad eclesial, para descubrir el gozo de la pertenencia a la Iglesia. Desde diversas perspectivas se

confiesa la Iglesia una, santa, católica y apostólica, que recibe su identidad y su misión del ministerio del Dios Trinidad que se revela como salvador de un modo privilegiado en la Iglesia.

Teología e historia Eloy Bueno de la Fuente,1987

Misión, una nueva mirada para nuevos tiempos Alejandro Luis Marina,2008

10 palabras clave en cristología Eloy Bueno de la Fuente,2000 La cristología trata de identificar y comprender el nombre auténtico de Jesús, el que designa a la vez su identidad y su misión: el Hijo. Éstas son las 10 palabras clave: el debate; Jesús en la historia; el Reino de Dios; autoconciencia; muerte redentora; pascua; confesión y dogma; divinidad de Jesucristo; mediación universal; parusía.

Los cristianos en un estado laico Luis González-Carvajal Santabárbara,2008 Dice el autor en el prólogo, de la mano de Ramón Pérez de Ayala, que no pocos creyentes nos comportamos hoy en la sociedad como el público en los toros: vemos lo que pasa; algunas veces aplaudimos, aunque por lo general criticamos; y nunca movemos un dedo para mejorar lo que criticamos. Estas páginas nacen con la pretensión de «facilitar una reflexión serena que permita al lector una toma de postura responsable» como creyente ante la cuestión pública, en estos momentos de creciente crispación. Un primer paso necesario para ello es clarificar los términos del problema: clericalismo, laicismo, laicidad... Así es posible desbrozar el terreno del delicado problema de la dimensión ética de la legislación estatal: ni el duro positivismo jurídico de los hechos ni la teoría clásica de la ley natural son hoy caminos válidos. Solo la humilde propuesta de una ética civil compartida por todos ofrece una salida adecuada. Es en ese marco común y compartido con todos en el que el creyente podrá superar la fuerte tendencia de nuestro pasado reciente a la privatización de la fe, para abrirse a una presencia pública, especialmente en cinco campos privilegiados como son los del voluntariado, la cultura, la comunicación social, el sindicalismo y la política. Entre nosotros ha sido intenso el debate teórico y está muy viva y enconada la polémica práctica entre el cristianismo de mediación o fermento y el cristianismo de presencia. Tras un análisis cuidadoso de los riegos y las ventajas de cada opción, el estilo de la mediación parece ser el más adecuado. Otro tema de gran actualidad es el de la financiación de la Iglesia en un Estado laico. Con su habitual claridad, concisión y amenidad, González-Carvajal vuelve a dar criterios y orientaciones, a indicar actitudes y comportamientos para situarnos como cristianos en un Estado que irremediable -y tal vez afortunadamente- es y será laico.

Los Rostros de Cristo Eloy Bueno de la Fuente,1997 La Tertio millenio adveniente recuerda el rasgo central que diferencia la fe cristiana del resto de las religiones: en Jesucristo, el Verbo Encamado, Dios mismo es el que busca al hombre, con lo que el tiempo de los hombres pasa a ser una dimensión del Dios eterno. En virtud de esa iniciativa divina se ha iniciado entre Dios y los hombres un encuentro y un diálogo. Dios ha pronunciado su palabra en el Hijo. Y los hombres también han expresado su respuesta, el eco a la interpelación de Dios. El presente libro pretende recoger una serie de respuestas

procedentes de ambientes teológicos y exegéticos, tanto protestantes como católicos. El Hijo hecho hombre sigue proyectando rayos incesantes que se despliegan en una gama variada y multicolor según el estilo y el talante de sus receptores. En el año dedicado a Jesucristo debemos acercarnos a aquellos estudiosos y teólogos que siguen descubriendo en Jesús la presencia viva del Dios que se revela y que salva. En ellos sigue resonando el jubileo que Dios quiso para la humanidad y del que Jesús fue proclamación, parábola y encarnación. En estas páginas encontraremos un abanico amplio de posturas, pero en todas ellas se manifiesta la intuición de encontrar en Jesús una experiencia salvadora que ha acontecido y que puede seguir aconteciendo en nuestra historia. La presentación teológica sobre Jesús pretende ofrecer los aspectos más relevantes del ministerio y de la actuación de Jesús, destacar las vías por las que puede ser descubierta su actualidad y su significación presente, hacer ver que cada hombre y cada mujer pueden encontrarlo desde sus circunstancias y contextos concretos para que no resulte un personaje abstracto o lejano.

Concilio Ecuménico Vaticano II Ángel Suquía Goicoechea,1993 El Concilio Ecuménico Vaticano II, convocado por Juan XXIII, constituye como dijo Pablo VI al concluirlo, «uno de los mayores acontecimientos de la Iglesia» y, por ello, resulta una referencia clave en nuestro tiempo para todos los católicos y para otros muchos cristianos, creyentes y personas de buena voluntad. Desde el mismo mes de clausura de este Concilio Ecuménico, la BIBLIOTECA DE AUTORES CRISTIANOS ha venido publicando ininterrumpidamente, en sucesivas ediciones, los textos de las Constituciones, Decretos y Declaraciones aprobados en él, junto con otros del mismo ámbito conciliar.
