Poverty Row HORRORS! Tom Weaver, 1993-01-01 Poverty row horror films were usually inexpensively (some would say cheaply) produced with writing that ranged from bad to atrocious. Yet these movies with their all-star horror casts (Carradine, Lugosi, Karloff, et al.) and their ape men, mad monsters, devil bats and white zombies still have a loyal audience 50 years after their release. Essays contain full filmographic data on the 31 horror chillers made by the three studios from 1940 through 1946 and are arranged by year of release. Each entry includes the date of release, length, production credits, cast credits, interview quotes, and a plot synopsis with critical commentary. Filmographies for prominent horror actors and actresses, from John Abbott to George Zucco, are provided in the appendices.

Black Wests Sara Gallagher, 2025-07-08 The story of settlers in the American West, with its tales of cowboys, prospectors, and frontiersmen, is often overwhelmingly white. *Black Wests* brings to light the pivotal and largely overlooked contributions

of Black Americans to the western narrative. Tracing Black Western storytelling through a range of media across the nineteenth and twentieth centuries, Sara Gallagher offers a unique perspective on the Black Western—its history, its critical texts and moments in print and cinema, and the singular experiences of Black creators in the American West.

Hollywood's Image of the South David Ebner,Larry Langman,2001 From the 1920s and 1930s, when American cinema depicted the South as a demi-paradise populated by wealthy landowners, glamorous belles, and happy slaves, through later, more realistic depictions of the region in films based on works by Erskine Caldwell, Tennessee Williams, William Faulkner, and Robert Penn Warren, Hollywood's view of the South has been as ever-changing as the place itself. This comprehensive reference guide to Southern films offers credits, plot descriptions, and analyses of how the stereotypes and characterizations in each film contribute to our understanding of a most contentious American time and place. Organized by subjects including Economic Conditions, Plantation Life, The Ku Klux Klan, and The New Politics, Hollywood's Image of the South seeks to coin a new genre by describing its conventions and attitudes. Even so, the Southern film crosses all known generic boundaries, including the comedy, the women's film, the noir, and many others. This invaluable guide to an under-recognized category of American cinema illustrates how much there is to learn about a time and place from watching the movies that aim to capture it.
