Nothing Beats a Failure But a Try Phillip E. Jones, 2020-01-10 A memoir of a African American university professor and administrator which describes his youth growing up on the South Side of Chicago; his experiences in getting a university education and work at the University of Iowa.

I Blame You, You and You Johnny Richey, 2012-03-20 We all point fingers at one another blaming our troubles and problems and situations on each other we must stop pointing and blaming others for our difficulties we have as we mature and life the more education you get the more understanding you will receive on, you are the blame .

Navigating White Space in Education Maessie Allen Jameson, 2024-03-31 When more than 80 percent of America's teachers are White and approximately 50 percent of the students they serve are Black, Indigenous, or people of color (BIPOC), that disparity affects the professional and personal responsibility to equitably service and grow all students, cultivate a climate of professional growth, and attract and retain BIPOC educators. Navigating this educational "white space" requires shifting our perspective on this damaging dynamic, and finding value-building staying power through the denials, difficulties, and discrimination that frame it. In this experiential devotional, author Maessie Allen Jameson shares strategies born from struggles, familial adages that transcend educational theory, and empowering scriptural lessons that have nurtured her love for teaching and view of what achieving perfection looks like in the American public education system as a Black educator. Her three-pronged approach involves establishing Christian credence, engaging in critical conversations, and developing cultural competency. She provides thematically aligned classroom strategies, scripture readings, and planning pages for reflective application. Teachers of all levels will find approachable tools to help them respond to racism, isolation, burnout, prejudicial practices, and damaging pedagogy.

In Case You Weren't Listening Kimberly McLain,2006-06 About to graduate from high school, Brittany is excited about the prospect of college. She's been accepted to a great university and cannot wait to move on-campus. Her sister, on the other hand, has always been overprotective and has a hard time letting go. In an effort to shield her from every possible downfall, Kim starts preaching about potential hazards in college. But it's hard to tell if what she is saying is sinking in with Brittany-who can tell with teenagers?-so she decides to write it all down. Knowing what a short attention span Brittany has, Kim creates a fun, easy to read reference guide peppered with letters, pictures, and memories-resulting in an informative, compelling book that all teenagers will enjoy. *In Case You Weren't Listening* was created specifically for students about to go off to college. It is a time of great apprehension, often complicated by endless lessons and warnings from parents. This book captures everything they've been trying to say, but in a practical way that teens understand and can relate to. It covers a broad range of topics, from money to jobs to safety to heritage-in short, all relevant information for today's youth. No child should leave for college without it.

Remove the Excuses Quick Tips to Trash the Thoughts of what You Can't Do Lucille Reese,2009-04-27 The use of excuses has given far too many people reasons not to succeed. *Remove the Excuses* challenges people to do a self-analysis and forces self confrontation in order to trash the negative thought of the programmed word can't. Some of the most commonly used excuses for not excelling to greatness have been listed along with methods to remove those excuses. The thought provoking motivational reflections will surely transform the pessimistic thinkers into optimistic individuals who will embrace and welcome their destiny for success.

Before Their Time Joelle Sander,1992 In *Before Their Times* a young black woman, her mother, grandmother, and great-grandmother tell us in their own words of their childhood, their sex lives, their school and work lives -- and why they all became teenage mothers. Their stories form an unforgettable four-generation history illuminating the influence of one generation on another and leading to a better understanding of why the cycle of teenage pregnancy so often repeats itself in both black and white families. In his foreword the noted psychiatrist and author Robert Coles sets the book in a larger social and historical context, and in her afterword the author offers recommendations for breaking the cycle of teenage pregnancy. -- From publisher's description.

Embracing the Spirit Emilie Maureen Townes,1997 This book continues the conversations begun in Emilie Townes's path-breaking *A Troubling in My Soul: Womanist Perspectives on Evil and Suffering*. Once again, Townes brings together essays by leading womanist theologians, interweaving a concern for matters of race, gender, and class, as these bear on the survival and well-being of the African-American community. In *Embracing the Spirit* the emphasis is not on evil and suffering, but on hope, salvation, and transformation for individuals and their communities.
