The Shade of the Saguaro / La sombra del saguaro. Essays on the Literary Cultures of the American Southwest / Ensayos sobre las culturas literarias del suroeste norteamericano Gaetano Prampolini, Annamaria Pinazzi, 2013 This volume springs from that fruitful project of scientific cooperation between the humanities departments of Università di Firenze and University of Arizona which was the Forum for the Study of the Literary Cultures of the Southwest (2000-2007). Tri-cultural, at least (Native, Hispanic and Anglo-American), and multi-lingual, today's Southwest presents a complex coexistence of different cultures, the equal of which would be hard to find elsewhere in the United States. Of this virtually inexhaustible object of study, the essays here collected tackle an ample range of themes. While the majority of them are concerned with the literatures of the Southwest, still a good third falls into the fields of history, art history, ethnography, sociology or cultural studies. They are partitioned in four sections, the first three reflecting the chronology of the stratification of the three major cultures and the fourth highlighting one of the most sensitive topics in and about contemporary Southwest - the borderlands/la frontera

Women and Print Culture Donna M. Kabalen Vanek, Maria Teresa Mijares Cervantes, 2021-11-30 Writers, editors, activists and prostitutes. Women along the US-Mexico border served in many more capacities than simply wives and mothers, though those were their primary roles. Historically, religion was the link between women and the written word. According to the editors of this volume, Mexican women—particularly those from the privileged classes—had access to secular reading beginning in the 1800s. In the late nineteenth and early twentieth centuries, several periodicals dedicated to the education of the “fairer sex” emerged. Though the male voice initially predominated, women began contributing poetry and essays to various publications and eventually became editors of their own magazines and newspapers. This collection of ten essays,

based on the examination of publications from the US-Mexico region between 1850-1950, explores the role of women in print culture. Leading to a better understanding of women in the history of Mexican border life, the essays are organized in three thematic groupings: "Exploring the Archives: Women and Written Culture in Northeastern Mexico during the Late Nineteenth Century," "The Cultural History of Women and Print Culture" and "A Transcultural View of Women and their Role as Activists in Northern Mexico and Texas." The scholars who researched the archival collections of newspapers, magazines and other print matter write about a variety of topics, including the participation of women in the War of Independence (1810-1821) and the Mexican Revolution (1910-1920), the belief females were inferior and should not be educated outside the home and even the cultural history of prostitutes. Published as part of the Recovering the US Hispanic Literary Heritage project, this compendium of academic articles sheds light on women's roles—especially as readers, writers and editors—in the Texas-Mexico border region in the late nineteenth and early twentieth centuries.

Gerardo Deniz, Poemas Gerardo Deniz, 2000 Poetry. Latino/Latina Studies. Bilingual edition, translated and edited by Monica de la Torre. One of the great poets of Mexico, Gerardo Deniz immediately draws his reader into what is an explosive lyric -- a lyric that can be wildly comic, deeply cynical, but also passionate and sexy -- Marjorie Perloff. The sarcasm of Gerardo Deniz is the art of opening one's eyes in the midst of collapse. The art of decomposition untangles the ramblings of composition and cures it of its illusions. Also includes an epilogue by Josu' Ramirez, translated by Jen Hofer.

La epopeya del sentido: Rafael Rojas, 2022-01-18 La Revolución mexicana fue un estallido simultáneo y diacrónico de movimientos políticos y armados que reflejaron la heterogeneidad social y regional del país entre 1910 y 1940. La lucha contra el antiguo régimen porfirista rápidamente dio paso a una pugna por la hegemonía de la gesta, conflicto que transitó de la guerra civil a la construcción del Estado posrevolucionario. A través de diversos documentos —programas y planes políticos, los debates de la Convención de Aguascalientes y los que derivaron en la Constitución de Querétaro, discusiones legislativas, revistas, periódicos, correspondencia, memorias, novelas, poemas y ensayos—, este libro estudia el choque de nociones y conceptos sobre la Revolución que acompañó a aquel proceso. Junto con la lucha armada y política, tuvo lugar una "epopeya del sentido" que enfrentó a los grupos revolucionarios en un campo de batalla paralelo: el de la semántica de los tiempos históricos.

Las vanguardias latinoamericanas Jorge Schwartz,2025-11-01 El argentino-húngaro-brasileño Jorge Schwartz es uno de los máximos conocedores del modernismo de su país adoptivo y de la modernidad continental. Su suma *Las vanguardias latinoamericanas*, que el lector tiene en sus manos en versión actualizada, es un utilísimo artefacto. Un mapa imprescindible para quien quiera orientarse por la fascinante selva de los ismos novomúndicos (Juan Manuel Bonet). En sus orígenes, las vanguardias artísticas asumieron la responsabilidad de guiar la reivindicación política y cultural de la sociedad, tomando una actitud revolucionaria. Dentro de las letras latinoamericanas, no se apartaron de la idea de cambio radical como punto de partida. La voluntad de construir y moldear una realidad distinta se hizo con la exaltación de lo transitorio y volátil por encima del culto a lo eterno e inmutable. En este libro Schwartz recopila ensayos, manifiestos, prólogos, poemas, reflexiones y autoconfesiones en torno a las corrientes vanguardistas del siglo xx latinoamericano, desde el criollismo ultraísta del joven Borges, pasando por el indigenismo de Mariátegui, hasta la glorificación del dinamismo de la ciudad y de la máquina en el manifiesto antropófago del brasileño Oswald de Andrade. Sin duda, la lectura de estos textos garantiza una osada exploración del mapa literario que abarca de la urbe a la pampa, cruzando por la orografía del futurismo, el constructivismo, el estridentismo, el surrealismo, la negritud y la raza cósmica.
