Illuminating the Mind Jonathan Stoltz, 2021 *Illuminating the Mind* puts the field of Buddhist epistemology in conversation with contemporary debates in philosophy. Jonathan Stoltz provides readers with an introduction to epistemology within the Buddhist intellectual tradition in a manner that is accessible to those whose primary background is in the Western tradition of philosophy. The book examines many of the most important topics in the field of epistemology, topics that are central both to contemporary discussions of epistemology and to the classical Buddhist tradition of epistemology in India and Tibet. Among the topics discussed are Buddhist accounts of the nature of knowledge episodes, the defining conditions of perceptual knowledge and of inferential knowledge, the status of testimonial knowledge, and skeptical criticisms of the entire project of epistemology. Stoltz demonstrates how many of the arguments and debates occurring within classical Buddhist epistemological treatises coincide with the arguments and disagreements found in contemporary epistemology. He shows, for example, how Buddhist epistemologists developed an anti-luck epistemology—one that is linked to a sensitivity requirement for knowledge. Likewise, Stoltz explores the question of how the study of Buddhist epistemology can be of relevance to contemporary debates about the value of contributions from experimental epistemologists, and to broader debates concerning the use of philosophical intuitions about knowledge. *Illuminating the Mind* is essential reading for scholars and students interested in epistemology and its treatment in intellectual traditions beyond Western philosophy.

Yet One More Spring Don W. King, 2015-09-15 The first comprehensive study of a gifted but largely overlooked American writer Joy Davidman (1915–1960) is probably best known today as the woman that C. S. Lewis married in the last decade of his life. But she was also an accomplished writer in her own right — an award winning poet and a prolific book, theater, and film reviewer during the late 1930s and early 1940s. *Yet One More Spring* is the first comprehensive critical

study of Joy Davidman's poetry, nonfiction, and fiction. Don King studies her body of work — including both published and unpublished works — chronologically, tracing her development as a writer and revealing Davidman's literary influence on C. S. Lewis. King also shows how Davidman's work reflects her religious and intellectual journey from secular Judaism to atheism to Communism to Christianity. Drawing as it does on a cache of previously unknown manuscripts of Davidman's work, *Yet One More Spring* brings to light the work of a very gifted but largely overlooked American writer.

Smoke on the Mountain Homecoming Connie Ray, Mike Craver, Alan Bailey, 2006 It's October 1945, and the gospel-singing Sanders Family is back together again. The war is over, and America's years of prosperity are just beginning. But there's another kind of rite of passage at Mount Pleasant Baptist Church, where Reverend Mervin Oglethorpe is giving his last service. He's been called to preach in Texas, and he's already bought a ten-gallon hat and is preparing to ride into the sunset with his wife, June, who is eight months pregnant. Tomorrow morning, young Dennis Sanders
