La piel en la palestra Alba del Pozo García, Alba Serrano Giménez, 2011-12-01 Nos proponemos desplegar un abanico de encuentros posibles con cuerpos que nos rodean a diario. Los textos del presente volumen re-enfocan los planos filmicos que nos entretienen y las fotografías que nos hechizan, re-sintonizan las voces que nos hacen bailar, hacen re-actuar a actrices y actores en nuevos escenarios: son ejemplos de una mirada cultural re-formateada y capaz de palpar la piel a la que el pensamiento occidental se ha acostumbrado a dar la espalda. En primer lugar dan la razón a Stuart Hall en aquello de que los significados son móviles y por lo tanto negociables; en segundo lugar llaman a la posibilidad de diálogo entre distintas disciplinas y, por último, ponen la identidad en el punto de mira, estableciendo así una clara continuidad con el anterior volumen de esta colección dedicado a los estudios culturales.

El péndulo de Dios (PDF) Jordi Díez, 2019-08-14 Cècil Abidal, un auditor de proyectos humanitarios, se ve envuelto en un asunto de tráfico de antigüedades que lleva tras los pasos de Azul Benjelali, una experiencia en lenguas antiguas que está en un punto de descubrir un secreto que ha permanecido oculto durante millas de años . Con la ayuda de Marte, una misteriosa mujer, Cècil Abidal comienza una carrera contra el reloj que llevará de una clave a otra tras los pasos de los esenios, los romanos, los templarios, los almogávares, las tropas borbónicas y los nazis. Una búsqueda llena de piezas de un rompecabezas que debe resolver antes de que el trascendental secreto caiga en las manos equivocadas.

Lo que anduve y dejé a los márgenes. Tomo I Agustín Molleda Pardo, 2013-10-27 Despechado, convencido de que su vida carece ya de sentido, Jaime Sangrador, Juez Instructor durante tres décadas, coquetea peligrosamente con el suicidio. La tarde anterior a su marcha se reúne con Amira, su joven ex amante, a fin de que reconsidere su decisión. Ella, soberbia y orgullosa, le niega de nuevo el amor. Cansado de todo, hasta de querer morir, abandona su profesión, su casa, su vida diaria, e inicia en solitario y en distintos periodos un largo recorrido a pie por las rutas más importantes de España. Con su huida, pretende olvidar a Amira, una chica de largo recorrido amoroso. Durante el discurrir de esos viajes, el peregrino Jaime se adueña de la vida de los habitantes y sus territorios acotándolos al margen de su verdadero camino. Encarga a su eterno amigo José Luis la ardua tarea de plasmar todo el trasiego en un libro. Éste descubrirá algo terrible que le romperá el corazón. Jaime no solo revelará en sus crónicas los secretos de un amor largamente escondido, sino las verdaderas intimidades, a ves trágicas e impredecibles, de los hombres y mujeres que pueblan cada año los Caminos de Santiago. ¿Es la

fe en Dios, en el Apóstol, lo que verdaderamente empuja a los peregrinos a lanzarse a los caminos? ¿Qué hay debajo de cada piel sudorosa que transita por las rutas jacobeanas? Mientras tanto, Elisa, la mujer de Jaime, aguarda despierta el clarear del día sin esperar nada a cambio, consciente de que una increíble muerte le acecha.

La expresión poética de Shirley Campbell Barr y Mayra Santos Febres Sara Carini, 2022-03-21 Esta monografía se plantea el análisis de los patrones temáticos y poéticos que definen la poesía de Shirley Campbell Barr y Mayra Santos Febres. Los resultados de la investigación permiten destacar los puntos de contacto entre la producción de ambas autoras, pero también delinear los vínculos que la producción de las dos poetisas mantiene con la producción literaria del marco afrodescendiente. Al mismo tiempo, el estudio aclara los elementos por los cuales su poesía puede ser incluida en la reciente categoría analítica de 'literatura de la afrodescendencia'.

Queer Women in Modern Spanish Literature Ana I. Simón-Alegre, Lou Charnon-Deutsch, 2021-11-29 This original collection of essays explores the work and life choices of Spanish women who, through their writings and social activism, addressed social justice, religious dogmatism, the educational system, gender inequality, and tensions in female subjectivity. It brings together writers who are not commonly associated with each other, but whose voices overlap, allowing us to foreground their unconventionality, their relationships to each other, and their relation to modernity. The objective of this volume is to explore how the idea of queerness played an important role in the personal lives and social activism of these writers, as well as in the unconventional and nonconformist characters they created in their work. Together, the essays demonstrate that the concept of queer women is useful for investigating the evolution of women's writing and sexual identity during the period of Spain's fitful transition to modernity in the nineteenth century. The concept of queerness in its many meanings points to the idea of non-normativity and gender dissidence that encompasses how women intellectuals experienced friendship, religion, sex, sexuality, and gender. The works examined include autobiography, poetry, memoir, salon chronicles, short and long fiction, pedagogical essays, newspaper articles, theater, and letters. In addition to exploring the significant presence of queer women in nineteenth- and twentieth-century Spanish literature and culture, the essays examine the reasons why the voices of Spanish women authors have been culturally silenced. One thrust in this collection explores generational transitions of Spanish writers from the romantics and their hermandad lírica (lyrical sisterhood) through to las Sinsombrero (Women Without Hats), and finally, current Spanish writers linked to the LGBTQ+ community.

La pena de prisión entre el expansionismo y el reduccionismo punitivo. Lorenzo Morillas Cueva, 2016-12-25 La base esencial de este libro se asienta en un estudio crítico y realista de la pena en el Estado social y democrático de Derecho.

No se plantea como un análisis en el sentido más tradicional de aproximación al concepto, fundamento, necesidad o fines de aquella con la reproducción de las teorías más sobresalientes al respecto, sino que sitúa los citados parámetros sobre hipótesis de racionalidad democrática y social y de legitimidad material basada en la aplicación cierta de los principios que fundamentan dicha legitimidad desde la perspectiva constitucional, con el objetivo de valorar y evaluar el grado y nivel de eficiencia y eficacia que se ha de requerir a una institución tan limitadora o, incluso, anuladora de derechos fundamentales de los ciudadanos. Sobre tales planteamientos se profundiza en la auténtica realidad de la pena de prisión tanto en su manifestación normativa como en su concreta aplicación desde una dimensión relevantemente empírica que conduce a atender de igual modo al resto de las penas fijadas en el catálogo correspondiente del artículo 33 del Código Penal, como alternativas derivadas de la propia naturaleza de las penas, no tanto en su contenido conceptual como en el comparativo con la de prisión, y a las alternativas específicas, desde un enfoque instrumental prioritariamente con vocación estadística, penitenciaria, sociológica y criminológica. Se construye, de este modo, un sólido armazón científico, dogmático, legislativo y fundamentalmente práctico que sirve como auténtica propuesta político criminal propia del siglo XXI. En definitiva, el objetivo final es, sobre la recopilación, interpretación y evaluación de los datos e hipótesis que se han obtenido de la metodología utilizada, conseguir, sobre ellos, un diagnóstico completo de la efectiva incidencia del sistema de penas, con la amplitud mencionada, de sus carencias y debilidades actuales, para mostrar unas variables políticocriminales que superan las permanentes contradicciones de un expansionismo sin al parecer límites y un reduccionismo perdido, a veces, en versiones no totalmente aceptadas socialmente.

Venezuela Alfredo Avello Fajardo, 2018-06-15 Venezuela sobrevive a duras penas en la actualidad. Padece una crisis humanitaria sin precedentes en su historia. Es una sociedad que convulsiona diariamente y en silencio. Se enfrenta a un gobierno que desconoce las reglas democráticas, a un ejército que defiende a un proyecto político ajeno a su constitución, a una policía que dispersa con sus armas cuanta manifestación de protesta se dirimen en sus calles, a un hampa que termina por apropiarse de los escasos recursos que hoy le ha quedado a su población, a brujos traídos para sostener al gobierno. En síntesis, a un futuro incierto. ¿Cómo se originó todo esto? ¿Pudo haberse evitado o corregido? ¿Fue el fruto de la intencionalidad? La obra ha sido desarrollada inicialmente en Venezuela (2008) y terminada por el autor en el exilio en los EEUU (2017). La misma trasciende desde el marco familiar del autor hasta la sociedad, mostrando el rostro del conflicto, desde la teoría de la razón, la conflictividad y la espiral del silencio, entre otras. Al mismo tiempo, se examinan importantes obras de investigadores, escritores y profesionales, junto a las redes sociales, que fertilizan los análisis y los puntos de vistas tratados.
