**Jeff Hirsch**

The Eleventh Plague (Sneak Peek) Jeff Hirsch, 2011-08 In an America devastated by war and plague, the only way to survive is to keep moving. In the aftermath of a war, America's landscape has been ravaged and two thirds of the population left dead from a vicious strain of influenza. Fifteen-year-old Stephen Quinn and his family were among the few that survived and became salvagers, roaming the country in search of material to trade for food and other items essential for survival. But when Stephen's grandfather dies and his father falls into a coma after an accident, Stephen finds his way to Settler's Landing, a community that seems too good to be true, where there are real houses, barbecues, a school, and even baseball games. Then Stephen meets strong, defiant, mischievous Jenny, who refuses to accept things as they are. And when they play a prank that goes horribly wrong, chaos erupts, and they find themselves in the midst of a battle that will change Settler's Landing forever.

**The Eleventh Plague** John S. Marr, John Baldwin, 1998 Two children die of a disease thought to be nonexistent. Within hours, horses are dying of an unidentified virus. Behind these plagues is a morbidly brilliant serial killer with a dangerously sophisticated knowledge of toxins and an obsession with biblical retribution. He must be stopped before the worst comes--  
The Eleventh Plague.

*The Eleventh Plague* David Bowen,2015-01-31 On Thursday, 4th September, 1400bc (give or take a couple of years) the ancient Egyptians suffered the first of ten hideous plagues. Eventually, after suffering boils, the death of their first born, and of course frogs, they let Moses and his people go. Just as well really, because waiting to be unleashed upon them was the worst plague mankind would ever know, to some minds even worse than the frogs. The Eleventh Plague was carefully stored away where it would be safe and beyond the wit of even the most cunning thief. Basically, in a clearly marked jar, on the top shelf, out of the reach of wandering hands. There it stayed for over two millennia, but now it's gone. Believed to have been stolen by the mysterious (and obviously terrorist) group, the Galileists, the plague must be retrieved before it can be unleashed upon an unsuspecting world. Unfortunately for Death 221, the responsibility lies firmly with him. He really should have read the small print on his job contract. His only chance (and mankind's) is to reassemble the team, stop the Galileists, and bring back the Eleventh Plague before it's too late.

**The Eleventh Plague** Keith Midgen,2017-08-03 In 2006, the results of a vital experiment were stolen from a Russian laboratory. The man who held the secrets wound up in Beirut, where he was carried off his plane in an unconscious state and taken by Mossad agents to a mobile hospital in southern Israel. The author, Keith Midgen, has spun a tale of drama, violence, and love. A married couple— one British, one American—pretended to be something they were not. A young woman sought
