The Anthropocene Reviewed (Signed Edition) John Green,2021-05-18 Goodreads Choice winner for Nonfiction 2021 and instant #1 bestseller! A deeply moving collection of personal essays from John Green, the author of *The Fault in Our Stars* and *Turtles All the Way Down*. "The perfect book for right now." -People "The Anthropocene Reviewed is essential to

the human conversation.” -Library Journal, starred review The Anthropocene is the current geologic age, in which humans have profoundly reshaped the planet and its biodiversity. In this remarkable symphony of essays adapted and expanded from his groundbreaking podcast, bestselling author John Green reviews different facets of the human-centered planet on a five-star scale—from the QWERTY keyboard and sunsets to Canada geese and Penguins of Madagascar. Funny, complex, and rich with detail, the reviews chart the contradictions of contemporary humanity. As a species, we are both far too powerful and not nearly powerful enough, a paradox that came into sharp focus as we faced a global pandemic that both separated us and bound us together. John Green’s gift for storytelling shines throughout this masterful collection. The Anthropocene Reviewed is an open-hearted exploration of the paths we forge and an unironic celebration of falling in love with the world. This is a signed edition.

The Oxford Dictionary of Phrase, Saying, and Quotation Elizabeth M. Knowles, 1997 Compiles over 10,000 quotations, proverbs, and phrases on over 350 themes, among them actors and acting, bores and boredom, elections, food and drink, kissing, madness, schools, taxes, the weather, and youth. Many are attributed, with reference to particular works, while others merely explain the meaning and sometimes the background. For example, a Carthaginian peace is a peace settlement that imposes very severe terms of the defeated side, and refers to the ultimate destruction of Carthage by Rome in the Punic Wars. A keyword index presents abbreviated versions to facilitate finding a particular, perhaps half remembered, quotation. Annotation copyrighted by Book News, Inc., Portland, OR

Allen's Dictionary of English Phrases R. E. Allen, 2006 Allen's Dictionary of English Phrases is the most comprehensive survey of this area of the English language ever undertaken. Taking over 6000 phrases, it explains their meaning, explores their development and gives citations that range from the Venerable Bede to Will Self. Crisply and wittily written, the book is packed with memorable and surprising detail, whether showing that 'salad days' comes from Antony and Cleopatra, that 'flavour of the month' originates in 1940s American ice cream marketing, or even that we've been 'calling a spade a spade' since the sixteenth century. Allen's Dictionary of English Phrases is part of the Penguin Reference Library and draws on over 70 years of experience in bringing reliable, useful and clear information to millions of readers around the world - making knowledge everybody's property.

Once More Unto the Speech, Dear Friends: The tragedies William Shakespeare, 2006-12 (Applause Books). There has been a great change in the last twenty years to actor auditions, which now require the demonstration of enormous flexibility. The actor is often expected to show more range than ever before, and often several shorter audition speeches are asked for instead of one or two longer ones. To stay at the top of his or her game, the Shakespearean actor needs more knowledge of what makes the play tick, especially since the early plays demand a different style from the later ones. Each genre (comedy, history, tragedy) has different requirements. No current monologue book deals directly with the bulk of these concerns. *One More unto the Speech, Dear Friends* now fills that gap. This three volume set will help actors discover the extra details of humanity that the original folio texts automatically offer. Of Shakespeare's 37 plays, only *Pericles* is not included. In the trilogy of books there are over 900 separate audition possibilities. This represents about 600 more monologues than are available in any other series. There are four parts to each speech: * A background giving context and approximate timing; * A modern text version; * The original folio version; * Commentary to explain the differences between the two texts including full discussion of the devices peculiar to that speech's genre, the age and gender of the character, and more.
