

# The Frugal Wizards Handbook For Surviving Medieval England

**Anton Adams**

**The Frugal Wizard's Handbook for Surviving Medieval England** Brandon Sanderson, 2023-04-11 From #1 New York Times bestselling author Brandon Sanderson—creator of the smash-hit science fiction and fantasy series Skyward, The Stormlight Archive, and Mistborn—comes a new science fiction adventure. A man awakens in a clearing in what appears to be medieval England with no memory of who he is, where he came from, or why he is there. Chased by a group from his own time, his sole hope for survival lies in regaining his missing memories, making allies among the locals, and perhaps even trusting in their superstitious boasts. His only help from the “real world” should have been a guidebook entitled The Frugal Wizard's Handbook for Surviving Medieval England, except his copy exploded during transit. The few fragments he managed to save provide clues to his situation, but can he figure them out in time to survive? Note from Brandon: Sometimes an idea just won't let go of you for years. The initial seed of this novel was the title that eventually turned into The Frugal Wizard's Handbook for Surviving Medieval England. At first there was no story to go with that title, but I wrote it down and kept coming back to it, wondering what that book could possibly be about. Something else I thought about off and on for years was the classic concept of a man waking up in another time and another place, with no idea how he got there. It was when those two ideas came together, and I placed a book with that title into that man's hands, that this novel was born. I hope you'll have as much fun with it as I did!

**La Guía del Mago Frugal Para Sobrevivir En La Inglaterra del Medievo / The Frugal Wizards Handbook for Surviving Medieval England** Brandon Sanderson, 2023-08-22 La fascinante aventura de un mago amnésico enfrentado a las diabluras de un viaje en el tiempo. Un hombre despierta en el claro de un bosque de lo que parece ser la Inglaterra medieval, sin ningún recuerdo sobre quién es, de dónde procede ni por qué está allí. Perseguido por un grupo llegado de su propia época, su única posibilidad de sobrevivir pasa por recuperar la memoria perdida, conseguir aliados entre la gente del lugar y quizás incluso confiar en sus supersticiosos alardes. Su única ayuda del «mundo real» debería haber sido un manual titulado La guía del mago frugal para sobrevivir en la Inglaterra del Medievo, pero el ejemplar que tenía explotó en el traslado. Los escasos fragmentos que logró rescatar le proporcionan pistas sobre su situación, pero ¿logrará atar cabos a tiempo de

sobrevivir? ENGLISH DESCRIPTION #1 New York Times Bestselling author Brandon Sanderson meshes Jason Bourne and epic fantasy in this captivating adventure that throws an amnesiac wizard into time travel shenanigans—where his only hope of survival lies in recovering his missing memories. A man awakes in a clearing in what appears to be medieval England with no memory of who he is, where he came from, or why he is there. Chased by a group from his own time, his sole hope for survival lies in regaining his missing memories, making allies among the locals, and perhaps even trusting in their superstitious boasts. His only help from the real world should have been a guidebook entitled *The Frugal Wizard's Handbook for Surviving Medieval England*, except his copy exploded during transit. The few fragments he managed to save provide clues to his situation, but can he figure them out in time to survive?

*The Thrifty Guide to Medieval Times* Jonathan W. Stokes, 2019-08-20 The kid-friendly series that makes history approachable, engaging, and funny! From the publishing house that brought you the Who Was? books. *The Thrifty Guide to Medieval Times: A Handbook for Time Travelers* is a snappy, informative, illustrated travel guide with everything the sensible time traveler needs to know, like: \* Where I can find the best hovel? \* What are my healthcare options if I catch the Black Plague? \* How can I avoid being attacked by pillaging Huns? \* And most importantly, why on earth would anyone want to travel back to medieval times? This book is designed as a parody of Fodor's guides, complete with humorous maps, reviews of places to stay and top attractions (don't miss a jousting tournament . . . but watch out for lances!), and tips on whom to have lunch with (murderous Queen Olga of Kiev, naturally—just don't eat or drink anything around her!). If you had a time travel machine and could take a vacation anywhere in history, this is the only guidebook series you would need.

*The Great Wizard's Handbook of Magic, Or, Parlour Entertainment. Containing Also, Fortune-telling by Cards, and the Rope Trick* GREAT WIZARD., 1880

*The Medieval Account Books of the Mercers of London* Lisa Jefferson, 2016-04-15 As the premier livery company, the Mercers Company in medieval England enjoyed a prominent role in London's governance and exercised much influence over England's overseas trade and political interests. This substantial two-volume set provides a comprehensive edition of the surviving Mercers' accounts from 1347 to 1464, and opens a unique window into the day-to-day workings of one of England's most powerful institutions at the height of its influence. The accounts list income, derived from fees for apprentices and entry fees, from fines (whose cause is usually given, sometimes with many details), from gifts and bequests, from property rents, and from other sources, and then list expenditures: on salaries to priests and chaplains, to the beadle, the rent-collector, and to scribes and scriveners; on alms payments; on quit-rents due on their properties; on repairs to properties; and on a whole host of other costs, differing from year to year, and including court cases, special furnishings for the chapel or Hall, negotiations over trade with Burgundy, transport costs, funeral costs or those for attendance at state occasions, etc. Included also in some years are ordinances, deeds and other material of which they wanted to ensure a record was kept. Beginning

with an early account for 1347-48, and the company's ordinances of that year, the accounts preserved form an entire block from 1390 until 1464. The material is arranged in facing-page format, with an accurate edition of the original text mirrored by a translation into modern English. A substantial introduction describes the manuscripts in full detail and explains the accounting system used by the Mercers and the financial vocabulary associated with it. Exhaustive name and subject indexes ensure that the material is easily accessible and this edition will become an essential tool for all studying the social, cultural or economic developments of late-medieval England.

**Wizards Handbook** Anton Adams, 2002

Household Goods and Good Households in Late Medieval London Katherine L. French, 2021-08-20 The Black Death that arrived in the spring of 1348 eventually killed nearly half of England's population. In its long aftermath, wages in London rose in response to labor shortages, many survivors moved into larger quarters in the depopulated city, and people in general spent more money on food, clothing, and household furnishings than they had before. Household Goods and Good Households in Late Medieval London looks at how this increased consumption reconfigured long-held gender roles and changed the domestic lives of London's merchants and artisans for years to come. Grounding her analysis in both the study of surviving household artifacts and extensive archival research, Katherine L. French examines the accommodations that Londoners made to their bigger houses and the increasing number of possessions these contained. The changes in material circumstance reshaped domestic hierarchies and produced new routines and expectations. Recognizing that the greater number of possessions required a different kind of management and care, French puts housework and gender at the center of her study. Historically, the task of managing bodies and things and the dirt and chaos they create has been unproblematically defined as women's work. Housework, however, is neither timeless nor ahistorical, and French traces a major shift in women's household responsibilities to the arrival and gendering of new possessions and the creation of new household spaces in the decades after the plague.

**Food and Feast in Medieval England** P. W. Hammond, 1993 'Alle the poure peple then peescoddes brought / Benes and baken apples thei brouhte in here lappes / Onions and pot herbs and ripe chiries many'. Food in the Middle Ages was not always as plentiful as this passage from William Langland's *Piers Plowman* might suggest, but there is no doubting its variety. This unique and fully illustrated study begins by examining this extraordinary range, discussing its production and distribution and identifying the different types of food eaten by all classes of medieval English society. Everything that can be discovered about medieval food is dealt with here, from hunting, fish-breeding, brewing and baking to food hygiene and storage and the way in which the kitchen and pantry of a large household were organized. For the first time, too, the nutritional value of the food is systematically evaluated in order to consider whether or not people in medieval England were well fed. There is also a detailed description of the remarkably elaborate regulations known to have been associated with the

serving and eating of food in the great households. The book concludes with a discussion of the organization of medieval feasts, such as that held at York on 26 December 1251, which, after six months of preparation, saw the consumption of no fewer than 68,500 loaves of bread and 25,000 gallons of wine, along with 1,300 deer, 170 boars, 60,000 herring, 10,000 haddock and 7,000 hens. Firmly based on archaeological and written evidence, this groundbreaking work provides a fascinating introduction to a vital but often neglected topic in the study of medieval England, and one which will be of interest to historian and layman alike.

*The Wizardology Handbook* Master Merlin, 2007 A purported facsimile of a book of instructions for being a wizard, written by Merlin and published in 1577.

Household Accounts from Medieval England: Part 2: Diet Accounts (ii), Cash, Corn and Stock Accounts, Wardrobe Accounts, Catalogue C. M. Woolgar, 1992 This volume completes the publication of a unique source for historians of the later medieval nobility. Household accounts contain invaluable evidence on daily life as well as on medieval finance generally. In Part 2, Dr Woolgar has carefully selected and edited the accounts of fourteen households, illustrating the full variety of texts that have survived. They include special accounts for expenses on jewels, furs, cloth, and armour. Dr Woolgar has also provided a complete catalogue of extant medieval English household accounts.
