Blood and Whiskey Peter Krass, 2004-04-29 The first-ever biography of the man who created America's most famous whiskey Born in Lynchburg, Tennessee, in 1850, Jack Daniel became a legendary moonshiner at age 15 before launching a legitimate distillery ten years later. By the time he died in 1911, he was an American legend-and his Old No. 7 Tennessee sipping whiskey was an international sensation, the winner of gold medals at the St. Louis World's Fair and the Liege International Exposition in Belgium. *Blood and Whiskey* captures Daniel's indomitable rise in the rough-edged world of the nineteenth-century whiskey trade-and shows how his commitment to quality (his whiskey was always charcoal-filtered) and his flair for marketing and packaging (he launched his distinctive square bottle in 189-5) helped create one of America's most venerable and recognizable brands.

Homicide and Severe Mental Disorder Michael Farrell,2021-07-21 Homicide and Severe Mental Disorder: Understanding and Prevention provides a complete picture of how severe mental disorder can be assessed in cases of homicide, and how improved understanding can impact risk reduction and prevention. Michael Farrell brings together a wide range of material including theory, research, demographic data, case examples, enquiry reports, and practical strategies, providing clear examples throughout. Farrell draws on examples of homicide representing a great challenge to both comprehension and prevention – cases that have sometimes provoked media criticism of public policy and services and have aroused public anxiety. In seeking fuller understanding, the book takes an overview of severe mental disorder, homicide, and prevention, before introducing the approach of Situational Crime Prevention and related theory and discussing demographic features of perpetrators and victims. Turning to prevention, the text examines examples of research into homicides perpetrated by individuals with severe mental disorder. Insights from Situational Crime Prevention are applied to selected cases, and a wider view is then taken looking at the criminological features of means, motive, opportunity, and location. Organisational constraints and limitations of communication in services are considered, and cases illuminating the issues and challenges throughout the book are summarised in a structured end of volume glossary. As evidence and insights accumulate and cohere, they more clearly indicate preventive strategies. Homicide and Severe Mental Disorder will be of great interest to students, researchers, and teachers in psychiatry, psychology, and criminology, health and mental health professionals, criminal justice personnel, and those working with individuals with severe mental disorder.

Diedrich Rulfs Jere Langdon Jackson, 2014 Diedrich Anton Wilhelm Rulfs, the German-born architect who immigrated to Nacogdoches, Texas in 1880, transformed the historic frontier town into a modern city. The life and work of Rulfs and his interaction with his contemporaries is the story of Nacogdoches in the crucial years at the turn of the 20th century. The substantial visual legacy of Rulfs to the history of a pioneering town can be enjoyed today. Over fifty architectural creations are extant and form the core for the city's extensive National Registry Districts. Rulfs incorporated the motifs of his homeland along with elements from current trends in American architecture into Nacogdoches projects. He comfortably used classical and Palladian features, romantic (Gothic), flamboyant (Queen Ann), and eclectic (Mediterranean) styles. Rulfs proved himself a master at servicing many architectural needs: modest domestic structures, commercial buildings, city blocks, hotels, elaborately fashionable mansions, churches for all denominations, and public schools. While few towns the size of Nacogdoches had, or could have supported, a talented resident architect, Rulfs returned the admiration by working flawlessly with the community. His success resided in his professionalism, his intimate knowledge of his clients, and his willingness to accommodate his designs to the needs and budgets of his patrons. Rulfs, as the architect and builder of choice in Nacogdoches between 1880 to the mid-1920s, left an architectural legacy.
