Concise Compendium of the World's Languages George L. Campbell, 2003-09-02 From Afrikaans to Zulu, almost 100 languages from the comprehensive Compendium of the World's Languages are featured in this new concise version. Many articles have been revised. The Concise Compendium presents a detailed comparative study of the major and many of the lesser known languages of the world. Included are representatives of all language families, with samples of Amerindian, such as Navajo and of African languages, such as Fulani and Nama; languages of politically independent groups in the former USSR, like Uzbek and Belorussian; those of political pressure groups, such as Breton and Catalan and significant community/ethnic languages, including Amharic and Vietnamese. Throughout, the treatment is factual and jargon-free. Articles are ordered alphabetically and each has a standard structure for ease of reference: * general historical and sociolinguistic introduction * writing system * sound system * grammatical system A passage from the Gospel of St. John illustrates each language with a written tradition. These scripts are explained in an appendix at the end of the book. Presents 100 of the world's major languages and representatives of different language groups, politically significant languages and particularly interesting ones.

O perecível e o imperecível Daniel Calazans Pierri, 2020-05-15 Este livro é um refinado estudo da cosmologia guarani, produto de uma longa e densa colaboração entre o autor e os Guaraní Mbya, em aldeias próximas e distantes da metrópole de São Paulo e de outras áreas do Sul e Sudeste do Brasil. Sua contribuição está na escuta atenta das reflexões e debates de jovens e velhos, em torno das maneiras de como foi e de como ainda é possível conviver com os estragos causados pelos

modos de vida dos não índios. Particularmente interessantes são os ensinamentos sobre as cidades, seus objetos e tecnologias, pois, para os Guarani, os deuses moram em cidades. Nas plataformas celestes, as moradas das divindades são cidades, onde tudo é belo e reluzente, ou seja, onde tudo é imperecível: a energia elétrica não apaga, os carros e as motos não quebram, as coisas não se transformam em lixo. Nesta terra, os Guarani raramente têm acesso a essas mercadorias, que foram feitas para os brancos, para enganá-los, como nos explicam os interlocutores de Daniel Calazans Pierri. Aqui, tudo estraga: as coisas são apenas imagens perecíveis dos modelos originários controlados pelas divindades. Os depoimentos dos Guarani fartamente apresentados no livro, e traduzidos com esmero, revelam uma poderosa crítica ao fetichismo das mercadorias. — Dominique Tilkin Gallois, na orelha

A esquiva do xondaro Lucas Keese dos Santos, 2021-11-30 Diante da imensa crise política em que nos vemos mergulhados, Lucas Keese dos Santos prefere perguntar aos Guarani Mbya, com quem convive há muitos anos, o que poderia ser a política. E a primeira resposta deles seria — em consonância com o que já havia notado Pierre Clastres (que esteve entre eles nos anos 1960) — que, em vez de buscá-la nas disputas por uma posição estável de poder e soberania, mais valeria investigar mecanismos capazes de conjurar modos de coerção e subordinação. Os Guarani Mbya indicaram ao autor que uma chave preciosa para compreender que a sua política reside nos movimentos de uma dança, ou dança-luta, que eles chamam de dança dos xondaro (xondaro jeroxy). Esses movimentos são os da esquiva, os de fazer errar (-jeavy uka) o adversário. Nesse ponto, sugere o autor, o xondaro guarani se encontraria com a capoeira. Ambos têm na esquiva uma característica central, são danças-lutas forjadas por populações com longa história de subjugação, que precisaram aprender a se esquivar para seguir existindo. - Renato Szutzman, no Prefácio
