**Beach Read** Emily Henry, 2020-05-19 FROM THE #1 NEW YORK TIMES BESTSELLING AUTHOR OF FUNNY STORY! A romance writer who no longer believes in love and a literary writer stuck in a rut engage in a summer-long challenge that may just upend everything they believe about happily ever afters. As featured in The New York Times Book Review • Entertainment Weekly • Oprah Magazine • Betches • Shondaland • Good Morning America • The New York Post • Good Housekeeping • CNN • and more! Augustus Everett is an acclaimed author of literary fiction. January Andrews writes bestselling romance. When she pens a happily ever after, he kills off his entire cast. They're polar opposites. In fact, the only thing they have in common is that for the next three months, they're living in neighboring beach houses, broke, and bogged down with writer's block. Until, one hazy evening, one thing leads to another and they strike a deal designed to force them out of their creative ruts: Augustus will spend the summer writing something happy, and January will pen the next Great American Novel. She'll take him on field trips worthy of any rom-com montage, and he'll take her to interview surviving members of a backwoods death cult (obviously). Everyone will finish a book and no one will fall in love. Really.

In *Halflings*, book one of the *Halflings* series, after being repeatedly attacked by an evil force, seventeen-year-old Nikki finds herself under the watchful guardianship of Mace, Raven, and Vine, three mysterious young men who call themselves halflings. The three boys vow to keep Nikki safe while hiding their deepest secret—and the wings that come with. But a growing attraction between Nikki and two of her protectors presents a whole other danger. As the mysteries behind the boys' powers, as well as her role in a scientist's dark plan, unfold, Nikki is faced with choices that may affect the earthly and heavenly worlds. In *Summer by Summer*, Summer took a nanny job in Belize as a fresh start before college, but things take a turn when she finds herself trapped on an island with Bray, a boy she can't stand. And in *Doon*, book one of the *Doon* series, Veronica keeps seeing visions of an attractive kilted stranger. When she and her best friend, Kenna, find themselves in Scotland for a summer, what appeared to be a sign she was going crazy becomes an adventure when Veronica and Kenna are zapped across the Alloway Bridge and

**Beach Reads and Deadly Deeds** Allison Brennan,2025-06-17 The literary escape I didn't know I needed—a luxurious private resort, a steamy romance, and a captivating cast of sleuths and suspects . . . Allison Brennan has crafted the perfect summer read. —Elle Cosimano, New York Times bestselling author of the Finlay Donovan mysteries Featured on Katie Couric Media's 10 Books to Read Once You've Finished Watching 'The White Lotus'! In this sun-dappled mystery from New York Times bestselling author Allison Brennan, a risk-averse bibliophile gets in over her head when strange notes in a book draw her into a real-life investigation. Mia Crawford is responsible to a fault. She has to be. Between her high-demand job and taking care of her grandmother and her cats, she has little time for anything else. What time she does have, she pours into reading. Mysteries, romances, thrillers...books filled with women who are far more impulsive than she would ever dream of being. Now, forced into taking a long-overdue vacation, she finds herself on a luxurious private island where she just might have a chance to reinvent herself—for a little while, anyway. She can explore the island. Flirt shamelessly with a cute bartender. Have a vacation fling. Live like a heroine in one of her favorite novels. Or she can curl up with a good book on the beach. Turns out reinventing yourself is easier planned than done. But when gossipy notes written in the margins of an old book turn out to be clues to the disappearance of another guest, Mia finds herself diving headfirst into a dangerous adventure. With everyone at the resort hiding secrets of their own, she'll have to solve this real-life mystery before she becomes the next target.

**Feminist Perspectives on Law and Literature** Laura Schmitz-Justen,Laura A. Zander,Hanna Luise Kroll,Laura Wittmann,2025-04-21 The interdisciplinary study of law and literature can help us better understand intersectionality, and

vice versa: intersectional feminist perspectives are extremely valuable in the study of law and literature. Of course, neither feminist nor intersectional approaches are new in and of themselves: for decades, literary scholarship has studied the impact of particular constellations of gender, race, and class when it comes to representations of women in literary texts and has succeeded in shaking monolithic and stereotypical notions of womanhood. However, research at the intersection of law, literature and feminism has so far been limited and insular. Bringing together more than twenty international researchers from related disciplines, this volume is the first to bring questions of intersectional feminism to the forefront of law and literature scholarship. From reproductive and (trans-)gender justice in law and literature to feminist practices that intervene in judicial discourse, this volume brings into focus a wide range of cultural and legal phenomena in which gender and the law intersect in literary texts. The volume's commitment to intersectionality fittingly extends to its very make up: the contributors were selected to represent a diverse range of positions in terms of their gender, career stage and nationality.

**Secrets of The Lost Symbol** Daniel Burstein,Arne de Keijzer,2010-10-19 What secrets lie at the heart of America? Discover the hidden reality behind Dan Brown's The Lost Symbol . . . and America itself. Just as there is only one Dan Brown, there is also only one secrets team that has achieved worldwide bestselling success by exposing the truth beneath Brown's bestselling novels. Dan Burstein and Arne de Keijzer have gathered together world-class authorities—from scientist Richard Dawkins, noetics expert Lynne McTaggart, and religious scholar Karen Armstrong to journalist Jeff Sharlet (author of The Family: The Secret Fundamentalism at the Heart of American Power), mathematician and science historian Amir Aczel, FBI consultant Michael Barkun, 33° Freemason Arturo de Hoyos, and a host of renowned philosophers, symbolologists, code breakers, art historians, writers, thinkers, and experts on the occult—to give readers the essential tools to understand the conspiracies, codes, cutting-edge science, cultural controversies, and suppressed history at the center of The Lost Symbol . . . and the very founding of the United States of America. Which Founding Fathers were members of secret societies? What is the true background of the Ancient Mysteries? Does The Lost Symbol have a hidden religious agenda? What is the actual role of Freemasons in American history? What do the hidden codes embedded in the novel tell us?
