The Rise of the Kingdom of Heaven, Volume 1 (Paperback) Gerhard Alm,2008-10-25 Living in a Hippie Community in the Australian rainforest, I, in January 1992, started to write about my visions and spiritual experiences. I described ten places in our heads as homes of the human spirit. There are many publicly known people, who are involved in the move of the Earth to a higher dimension in 2013. More than 200,000 people live on Earth and at the same time on a parallel world, which is a home for immortal people.The evangelist John spoke with a Cross of Light. I believe that a new Cross of Light will appear on Earth soon.In July 1979 I met the devil and his wife on the inner-German border. I name some people, who have been the devil of previous Earth-like planets in older universes. Alex Collier wrote in '95 that since my 40th birthday (on 3/23/1994) vibrations leave all black holes of our (local) universe, changing its nature, lifting all planets into higher dimensions. I believe these frequencies come from the Immortals, living on Earth now, including me.

Decolonizing Science David S. Jacobs,2025-04-24 Science denial is on the rise globally. Part of the reason for this is that science, falsely portrayed as a solely European invention, alienates most of the world. This book traces the historical development of science and shows how its history and philosophy were shaped by Europe's colonial agenda. Racial and gendered prejudices were converted into scientific concepts and the history of human civilization was repurposed to portray science as a European invention. In the process, it was ancient Greek scholars, like Thales and Euclid, who were credited with the invention of modern science. Abstract theorizing became a defining characteristic of science and human experience became non-essential. Biodiversity, including human diversity, was viewed as consisting of discrete non-overlapping types. As

a consequence, humanity was divided into a hierarchy of 'races' and genders. This view of the world is divorced from reality and the reason why modern science struggles to explain humanity, intelligence and life. Using a more realistic historical perspective, the author argues that racial and gendered identities are not relevant to science or any other sphere of human endeavour. Instead, the author advocates for realism that will make science logically consistent, inclusive, humane and relevant.

Dragonfly Dreaming Anna / Catharina Pye, 2012

Emerald Tablet of Hermes Hermes, The Tablet probably first appeared in the West in editions of the psuedo-Aristotlean *Secretum Secretorum* which was actually a translation of the *Kitab Sirr al-Asar*, a book of advice to kings which was translated into latin by Johannes Hispalensis c. 1140 and by Philip of Tripoli c.1243. Other translations of the Tablet may have been made during the same period by Plato of Tivoli and Hugh of Santalla, perhaps from different sources. The date of the *Kitab Sirr al-Asar* is uncertain, though c.800 has been suggested and it is not clear when the tablet became part of this work. Holmyard was the first to find another early arabic version (Ruska found a 12th centruy recension claiming to have been dictated by Sergius of Nablus) in the *Kitab Ustuqus al-Uss al-Thani* (Second Book of the Elements of Foundation) attributed to Jabir. Shortly after Ruska found another version appended to the *Kitab Sirr al-Khaliqa wa San`at al-Tabi`a* (Book of the Secret of Creation and the Art of Nature), which is also known as the *Kitab Balaniyus al-Hakim fi'l-`Ilal* (book of Balinas the wise on the Causes). It has been proposed that this book was written may have been written as early as 650, and was definitely finished by the Caliphate of al-Ma'mun (813-33). Scholars have seen similarities between this book and the Syriac Book of Treasures written by Job of Odessa (9th century) and more interestingly the Greek writings of the bishop Nemesius of Emesa in Syria from the mid fourth century. However though this suggests a possible Syriac source, non of these writings contain the tablet. Balinas is usually identified with Apollonius of Tyna, but there is little evidence to connect him with the *Kitab Balabiyus*, and even if there was, the story implies that Balinas found the tablet rather than wrote it, and the recent discoveries of the dead sea scrolls and the nag hamamdi texts suggest that hiding texts in caves is not impossible, even if we did not have the pyramids before us. Ruska has suggested an origin further east, and Needham has proposed an origin in China. Holmyard, Davis and Anon all consider that this Tablet may be one of the earliest of all alchemical works we have that survives. It should be remarked that apparantly the Greeks and Egyptians used the term translated as 'emerald' for emeralds, green granites, and perhaps green jasper. In medieval times the emerald table of the Gothic kings of Spain, and the *Sacro catino*- a dish said to have belonged to the Queen of Sheba, to have been used at the last supper, and to be made of emerald, were made of green glass [Steele and Singer: 488].

THOTH Louise Toth, 2012-10-08 "As I lay in the sarcophagus, thoughts race, 'I am laying where great kings have lain in this very sarcophagus in the king's chamber.'" This title combines reality, fantasy, history, mythology, humanity, and

spirituality into one exciting package. The content regarding Jesus' time in Egypt will be of interest to Christian scholars, but is not so heavy-handed to turn off those less spiritually inclined. All that is required to enjoy this title is a spirit of adventure and an open mind. -The US Review of Books Before the Ancient Egyptian's knowledge of the Biblical Genesis, the god Thoth was considered their god of wisdom. 2000 years ago, the Holy family fled King Herod's wrath, and young Jesus spent His formative years on Egypt soil. At the educational conference in Cairo; I was chosen by Lakota Elder, Chief Wallace Black Elk for a three hour ceremony in the Great Giza Pyramid, and an afternoon in the tomb of Tutankhamun, beside Tut's mummy. Join us and spend time with my professor Doctor Zahi Hawass, of the Supreme Council of Antiquities, and others discovering the rich history of the iconic African nation. If we believe God is our Creator, and we are created in His image, then let us ask Him to strengthen and empower us to fulfill His call on our life. I dedicate this book to my old friend Ben Vereen for his encouragement of the arts.

Adam to Apophis Nicholas Costa, 2013 Who or what were Adam, Noah, and Elijah? Where they real or imaginary? What exactly was Creation? Did something really happen sometime around 4,000 BC as the Bible tells us? What exactly was leprosy? Why is the Islamic world in turmoil after centuries of quiescence? Are the mass uprisings democratic movements against tyrannical regimes, or fanatical drives to promote the spread of Islam, or is there something else far more sinister at play? Adam to Apophis provides answers to all of these questions. For millennia major religions have held the unflinching belief that at some future point the world will once more enter an 'end time' phase. According to Islamic, Hindu, Buddhist, Jewish, and Mayan reckoning that 'end time' phase is this current century. Christianity also holds the same belief. During such phases the earth has been subjected to airbursts and meteoric impacts which in turn have spawned decades long sequences of major environmental traumas in the form of extreme weather, volcanic eruptions, massive earthquakes, and tsunamis. This 'future' phase is itself part of a larger cycle to which the Earth has been subjected a number of times during the past 6,000 years, resulting each time in worldwide societal collapse. Religious or mythological texts exist which feature

fantastic creatures and long lived superhuman beings. The records have been fastidiously preserved for millennia. Jewish and Chinese texts have preserved associated chronologies. However these ancient chronologies have been repeatedly discounted or ignored by modern scholarship. In the past few decades science has built up its own independent chronology of the earth's recent past by means of dendrochronology, ice cores, ice rafting, sedimentology, volcanology and astronomical retro calculations. These now provide us with a tangible record of climatic and terrestrial traumas stretching back thousands of years. At first sight the two disciplines would appear to be in total opposition- the one seemingly relying on 'faith' and 'fabricated' evidence, and the other on scientific reason and hard fact. Given therefore the seeming polarity one would therefore expect to find little if any synchronicity between the two. What happens if we overlay the templates? Modern science has recently discovered an important earthly traumatic cycle know as Bond Events which occur every 1400-1500 years. The religious texts also clearly display knowledge of this cycle. Islam for example holds the belief that it will only last some 1400-1500 years. Adam to Apophis demonstrates that the concept of millenarianism is no idle fantasy but ultimately rests upon a firm foundation of real physical traumas. The book traces this primary cycle in stages back from the present day to: Bond Event 1: the advent of Islam in the 6th century AD when there was massive terrestrial and social upheaval worldwide. Bond Event 2: the 9th century BC where we discover the same pattern. In the Bible this is represented by the Elijah cycle of stories which focus upon a hitherto unidentified massive volcanic eruption in Arabia, but with clear evidence from regions as far afield as China that the trauma was worldwide. Bond Event 3: Noah's Flood, his true identity and the real location of the 'Ark' -still a major religious site comprising the largest cemetery in the world with millions of bodies buried there. The identities of the Chinese Emperors Yao, Shun, and Yu and a second impact site. Piora Oscillation: Death of Adam. The Nephilim. The Chinese Flame Emperors. The Mahabharata and Krishna Bond Event 4/ 5.9 Kiloyear Event: The true nature of 'Creation', the identity of Adam, the Ramayana and the Burckle Crater Adam to Apophis is an original and compelling work. It will be of indispensable interest not only to scientists and academics in a variety of disciplines, but also to the layman of whatever or no religious persuasion.

The Light Digger Indie-Phet Nguyen, 2016-03-03 Born to Vietnamese parents, Indie-Phet Nguyen grew up in Laos and instead of trying to find a husband, she studied by candlelight at night, paving the way for her to go to Australia on a scholarship. Professional women in Australia were never treated as well as men, and the author faced even more challenges by virtue of being an immigrant. In this memoir, she looks back at the hard work that made her a success and provides business and spiritual tips, such as: If you have a great business idea, only share it with people who have a genuine interest in supporting you because supposed friends can quickly become enemies. Attend important business meetings with someone you trust because if youre alone against a wild shark, theres a chance youll be bitten. Let go of disappointment and resentment so you can become who you want to be without restrictions. Release grief by freeing the spirits of loved ones so

they can find their way to heaven. The author, a Reiki master, also explores how anyone can practice the hands on healing system to calm the mind, heal the body, and boost positive energy.

The Secret Key to the Emerald Tablets Rebecca Marina Messenger,2020-12-17 This commentary and guidebook is eye-opening... because it brings in the guidance of the Divine Feminine, represented by Seshat, Wife/Consort of Thoth in Egypt and even to these modern times.This is a more balanced union of Divine Masculine - united with the Divine Feminine - which is the NEW Construct of Evolution! Seshat was known as the Fairy Godmother of Egypt ... We could surely use a Fairy Godmother in these times!Seshat tells me that she was also with Thoth in Atlantean times. Her name was Elnor in that period, and she was the Leader of the Atlantean Women Warriors of Light!The Secret Key to The Emerald Tablets Is based on Emerald Tablet Three: The Key Of Wisdom.

The Emerald Tablet Hermes Trismegistus,Isaac Newton,2017-05-15 The Emerald Tablet, also known as the Smaragdine Table, or Tabula Smaragdina, is a compact and cryptic piece of the Hermetica reputed to contain the secret of the prima materia and its transmutation. It was highly regarded by European alchemists as the foundation of their art and its Hermetic tradition. The original source of the Emerald Tablet is unknown. Hermes Trismegistus is the author named in the text.The layers of meaning in the Emerald Tablet have been associated with the creation of the philosopher's stone, laboratory experimentation, phase transition, the alchemical magnum opus, the ancient, classical, element system, and the correspondence between macrocosm and microcosm.

Emerald Tablets M. Doreal,2013-07-31 Dear Reader,The Emerald Tablets of Thoth the Atlantean has been a book of awe and wonder for decades. Dr. Doreal, the founder of the Brotherhood Of the White Temple was authorized by the Great White Lodge to retrieve the Emerald Tablets from the Great Pyramid in the jungles of South America. As he journeyed through the jungles, he endured many hardships, which are described in this book. The purpose, of course, was to bring to humankind many truths about our connection to God and the Cosmos, which have been hidden from him for the last 50,000 years.The Emerald Tablets have become so popular in the field of metaphysics that, unfortunately, others in this country and

abroad, are taking it upon themselves to write their own translations or re-translate the Tablets and are making money off of unsuspecting readers. Regardless of what these self-appointed translators may say, absolutely NO ONE but Dr. Doreal was ever given permission by the Great White Lodge or the Brotherhood Of the White Temple to translate or reinterpret the Emerald Tablets. (Dr. Pedro Gonzales Milan, from Yucatan, Mexico was, however, commissioned by Dr. Doreal himself in the 1930s to translate Dr. Doreal's translation into Spanish. We do, therefore, have this book in Spanish, also.) Other than Dr. Milan, absolutely NO ONE has ever been given permission, authorized, or commissioned to do such work. Anyone who studies metaphysics knows that when even one word of an author's writing is changed, the entire meaning is changed. It has always been a very strict policy of the Brotherhood's that not one word of Dr. Doreal's writings are to ever be changed or altered in any way, shape or form whatsoever. Also, as with every writing by any author, the odic force (or thought impressions) of the writer are imbued in the words and text of their writings. The thought impressions of the original (the Brotherhood's book) will be of those of Thoth, the writer, and Dr. Doreal, the translator. The writing of other authors will be imbued with their own thought impressions, which will absolutely not be what Thoth or Dr. Doreal intended. It is the same old story as with the Bible. There have always been those whose egos and self-importance prompted them to change Bible texts for one reason or another and much of the truth that was originally conveyed became obscured and lost its true meaning. Woe to those who have taken such sacred texts as the Tablets and changed the truths therein, and benefitted for their own person gratification and profit, for the effects of what they have sown will surely find them. Greed for money, glory and power will bring to them the causes they themselves have created. For those who do wish to read or purchase a copy of the original, unchanged book which was translated by Dr. Doreal, you may place an order with the Brotherhood. In Divine Love, Brotherhood Of the White Temple, Inc.

EMERALD TABLET OF THOTH FOR BEGINNERS ANDREW. FERDINARD, 2025

The Emerald Tablets Maurice Haddad, 2019-06-01 This is a book of knowledge and philosophy that teaches readers about the origin of the universe, species, stars, suns, planets, and mammal life and has the top philosophies and riddles possible to this day. This book teaches readers that success is loving to repeat yourself over and over. It tells how 99 percent of people like to believe their liver is on the left and that the four true stomachs turn into, usually, a large tree when they die from over a million years ago. This book also teaches readers about limb regeneration from the top theory of a, yes, white pink flowered evergreen tree. Likely, this is the top book made available in this time of the human race—top everything book from over a million years ago. A book to calm the soul has been the greatest aspiration of man up to this point in history—I believe this is that book, and it will be, for ages upon ages to come, the most scientific, greatest simplification in all its forms. This book took twenty years to write.
