**Jeremy Silman**

How to Reassess Your Chess Jeremy Silman, 2010 *How to Reassess Your Chess* has long been considered a modern classic. This 4th edition takes Silman's groundbreaking concept of imbalances to a whole new level. Designed for players in the 1400 to 2100 rating range and for teachers looking for a ready-made chess curriculum, the author shares a mind-expanding journey that takes the reader through imbalance-basics, ensures that every detail of all the imbalances are mastered, and leaves the player/lover of chess with something he always wanted but never believed he could achieve: a master-level positional foundation. Hundreds of games brought to life by instruction-rich prose, and stories that offer humor while highlighting various lessons, vividly illustrate all the book's topics in a manner that's both personal and fun. Jeremy Silman is an International Master and a world-class teacher, writer, and player who has won the American Open, the National Open, and the U.S. Open.

**The Reassess Your Chess Workbook** Jeremy Silman, 2001 International Chess Master Jeremy Silman tests a player's strengths and weaknesses with 131 problems that cover openings, middlegames (both positional and tactical), and endgames. As a player completes a problem, he or she may then turn to consult Silman's lengthy answer to the problem, which is always detailed yet never dry. Through this process of problem solving, analysis and advice, a player is led to discover the major flaws imbedded in his or her play. Through this same process, a player is also led to an understanding of Silman's system of thinking about the game, and how it differs from many other systems of chess thinking.

By explaining the thought processes that go into a master's choice of move, the author presents a system of thought that makes advanced strategies seem clear, logical and at times even obvious. *How to Reassess Your Chess* offers invaluable knowledge and insight that cannot be found in any other book.

The King J. H. Donner, 2006-06 J.H. Donner (1927 - 1988) was a Dutch Grandmaster and one of the greatest writers about chess of all time. He was a chess reporter and a chess columnist, as well as an annotator of the game, but above all he was a witty and unpredictable commentator of everything and everybody, both inside and outside the chess world. Donner's favourite themes are: Bobby Fischer, the blunder, chess as a game of luck, why women can't play chess, madness, and poor Lodewijk Prins, his rival for the Dutch National Championship for many years, who, according to Donner, couldn't tell a bishop from a knight. A book full of insults and ironies, but Donner wouldn't be Donner without a considerable amount of self-mockery.
