Le roi de Lumumba (Tome 2a): UNE IMPOSTURE Marcel Yabili, L'échange des regards complices de Leopold II et de Lumumba choquerait si l'un n'avait pas créé le territoire que l'autre voulut sauvegarder. Ils incarnent la vérité historique du même Congo. Mais on doit juger Léopold II... C'est facile! Il est « présumé coupable » ! Voici son dossier, mais déminé. Voici des faits détaillés pas à pas et des questionnements sans tabou. Et chacun pourrait rendre un verdict, avant même l'ouverture du « procès du siècle » ! Dans cette affaire retentissante, le Congo n'a jamais rien demandé. Tout y est connu et on y a déjà tout jugé. S'approprier des nausées passées est abusif. Il est temps de protéger les « données » des communautés d'Afrique, leurs images et leurs dignités. Sous peine d'imposture! Marcel Yabili est un juriste qui vit de manière permanente en RD Congo, où il est en activités depuis 53 ans. Il partage ses témoignages et observations dans des ouvrages scientifiques, littéraires et artistiques, des articles et des blogs, ainsi qu'à son musée familial de la mémoire collective.

Sustained Terrorism on Africa Tatah Mentan, 2022-09-09 Human beings indeed need not justify terrorism of any kind, regardless of whether one is Muslim, Christian or Jew, because it is the axis of evil and devastation of mankind. Terrorism on Africa has been a ubiquitous presence against which the democratic values of African civilization are ranged-a demon to be exorcised at all costs, even at the cost of civil liberties. However, the deliberate use of the term terrorism in recent decades was carefully selected, mainly, against a certain religion (Islam). The idea was then globally politicized by the Western world. Leaving that scholarly view in its own right, this study disagrees with the opinion raising terrorism as the devil's just-born child of evil, when in reality Africans had been terrorized for centuries as slaves and human chattel, colonies, neo-colonies and captives of globalism. Terrorism on Africa has been the global threat against which global war must now be fought. It should have never taken place anyway! Whether the terrorizing country was peaceful or violent, no country should be granted the right to seize and restrict the development of a region. Europeans have crippled the rich native African civilizations for their own political and economic gain for centuries. No matter the reason, no intelligence, knowledge, or technology permits one country or countries to terrorize another or other countries like the terrorized and victimized in Africa. Africans must disable and counter propaganda and information operations. We must address known causal factors by strengthening vulnerable populations and improving their ability to identify, characterize, attribute, and defend against terror networks and threats. Our counter-terrorism architectures and capabilities will need to be more agile and more

integrated. Mankind needs a common strategy. Understanding this complex terrorist environment will require mature global networks and effective links with interagency teammates and partner nations-allowing rapid synchronization of information across agency, regional, national, and international boundaries in order to dismantle the sustained multi-faceted terrorism on Africa.
