Mary Poppins in Popular Culture Renáta Lengyel-Marosi,2024-04-11 Hermione's bottomless bag; Paddington's hard stare; Nanny McPhee's mysterious and magical personality; Yondu's flying arrow. These seemingly unrelated characters, personality traits and magical belongings all merge under Mary Poppins's umbrella. Australian-born P. L. Travers's iconic English governess has been entertaining readers worldwide since 1934. Over time, the audience for Mary Poppins has only grown as a result of various film and stage adaptations (e.g., Disney's Mary Poppins in 1964 and 2018). This book aims to

inform those professionals who are eager to discover more about the connection between popular culture and children's literature concerning Mary Poppins. It is the first to collect and introduce films, sitcoms and other books that have adapted Mary Poppins's most characteristic personality traits (such as her bitter-sweet ironic mood), unusual teaching methods, and her use of magical accessories (such as her umbrella and carpet bag).

What Dread Hand? Christianna Brand, 2013-03-05 Fifteen classic tales of murder, mayhem, and mystery from "one of the great masters of English detective fiction" (Francis M. Nevins, author of *Cornell Woolrich*). Mr. de Silva begins the day sipping his coffee, reading the Times, and trying to decide how to murder his wife. After two years of marriage, he's simply fed up, and has decided to move on to someone younger, slimmer, and prettier. The trouble is, he wants to keep his wife's money. Killing her is the neatest solution. So begins "The Rose," a three-page masterpiece that was the first story Christianna Brand ever wrote for publication. Over the next half-century she would write dozens of novels and countless short stories, proving again and again her genius for crisp characterization, witty dialogue, and timely bits of violence. This collection holds some of her finest early work—tales of murders committed for money, jealousy, or simply for something to do. Though the crimes often go awry, there is nothing quite so charming as a vintage Brand homicide.

Heads You Lose Christianna Brand, 2013-03-05 In the English countryside, one of the well-mannered guests at Pigeonsford Estate may be a murderer in this series debut by an Edgar Award-nominated author. As war rages in Europe, the citizens of London flee to the country. At Pigeonsford, a group of guests plays cards, drinks tea, and acts polite—but Grace Morland knows the strong emotions that lurk beneath the placid social surface. She's painfully in love with Stephen Pendock, the squire of Pigeonsford, but Pendock's smitten with young beauty Francesca Hart. One afternoon, Fran debuts a new hat, and Grace's jealousy gets the better of her. She exclaims, "I wouldn't be seen dead in a ditch in a thing like that!"

She will soon be proven wrong. Grace is found dead with the hat on her head—and her head removed from her neck. To the scene comes the incomparable Inspector Cockrill, who finds that far more than petty jealousy lies beneath this hideous murder.

British rural landscapes on film Paul Newland, 2016-09-01 *British rural landscapes on film* offers insights into how rural areas in Britain have been represented on film, from the silent era, through both world wars, and on into the twenty-first century. It is the first book to exclusively deal with representations of the British countryside on film. The contributors demonstrate that the countryside has provided Britain (and its constituent nations and regions) with a dense range of spaces in which cultural identities have been (and continue to be) worked through. *British rural landscapes on film* demonstrates that British cinema provides numerous examples of how national identity and the identity of the countryside have been partly constructed through filmic representation, and how British rural films can allow us to further understand the relationship between the cultural identities of specific areas of Britain and the landscapes they inhabit.
