Secrets of the Millionaire Mind T. Harv Eker, 2009-10-13 #1 New York Times, Wall Street Journal, and USA Today Bestseller! Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking Secrets of the Millionaire Mind, T. Harv Eker states: Give me five minutes, and I can predict your financial future for the rest of your life! Eker does this by identifying your money and success blueprint. We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and revise it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen Wealth Files, which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

Secrets of the Millionaire Mindset & Wealth Growing Strategies Michael Anthony, 2015-12-13 Wealthy people will

tell you that it is not very difficult to be wealthy. Because, as the Bible says, As a man thinketh, so is he. We can achieve almost anything when our subconscious thoughts match our conscious thoughts. Only consciously thinking about wealth will not attract wealth if subconsciously we are opposing wealth or are afraid of wealth at some degree. Repeating affirmations helps change the subconscious thought pattern. Sometimes there may be some obstacles to overcome, like releasing some thought blocking money concerns about acquiring more money. But affirmations is the easiest way to reprogram the subconscious. Affirmations for wealth will reprogram your mind about wealth. The right money mind-set, as well as the financially savvy habits that go with it. The primary difference between the wealthy and the rest of us is that they're in control of their money, they don't let money control them. They have taken the time to learn how to work successfully with money, and as a result, they are the captain of their ship. If you want to create a million-dollar business, you must first cultivate a millionaire mindset. What that means is that you must already be, in your thinking, a million-dollar business owner where a million-dollar cash flow is normal for you. Millionaire business owners focus on doing great things, not creating great businesses. They pour their heart and soul into leaving a legacy of great causes they are passionate about. To do that, you must have firmly fixed in your mind the core purpose for your business. Make sure it is bigger than your own self. Remember: It's not about making money; it's about making our world a better place for you and others to live in. Look for inspiration, not products. What inspires you? Inspiration, rather than looking outward for products or services you think will line your pockets, million-dollar returns will flow to you. Know that thoughts become things. The Law of Attraction states that what you think about comes about. That's because your thoughts attract and magnetize other thoughts like them. Therefore, whatever you think about, that is what you will multiply in your business. Your business is a mirror of your own inner thinking.

Millionaire Money Mindset Drew McArthur, 2019-12-17 Are you tired of feeling stuck financially while you see other people succeed? Have you ever wondered why the rich seem to get richer and the poor seem to get poorer? It's frustrating to feel like you're doing all the right things, but still not seeing the results you want, as your financial dreams seem to get farther and farther away and less and less possible as time goes on. Every time you make a step forward that seems financially promising, the car breaks down, the deal falls through, or something else happens to get you right back where you

started. Have you ever felt like you can't get past a certain income level no matter what you do? In the book *Secrets of Successful Selling*, the author uses the example of a real salesman who always made nearly the same exact amount of money every year. Whether he was given a more lucrative territory, a more challenging territory, whether commissions were increased, or decreased, he always managed to make the same amount of money regardless of changes in outside conditions. Why? The way he thought about himself (whether consciously or unconsciously) was the reason for his stagnation. He thought of himself as the kind of person who made that particular amount of money, so his actions always found a way to subconsciously align with his thoughts. We are all hypnotized whether we realize it or not, whether for good or for bad. We are hypnotized by our beliefs about ourselves and our environment. And there lies the biggest difference between the wealthy and the not so wealthy. Your mindset makes all the difference. Negative thoughts about money, programmed into our heads all our lives, repel wealth and it is these very negative thoughts and beliefs that ultimately lead to unproductive or self-sabotaging behavior, that keeps you from being successful. Wealth is available to everyone, including you. You just have to tap into it. And re-programming yourself with optimistic thoughts about yourself, positive thoughts about money, and strategies of the wealthy in order to adopt a millionaire mindset is the first and most important step in financial advancement. Without it, nothing can improve. This book contains over 1100 powerful positive affirmations to help you reprogram your mind in various categories. It will help you: Overcome limiting beliefs, see your worth, and expect good things to happen to you Change your relationship to money and develop an abundance mindset Take accountability and become an action taker Become a confident leader of yourself and others Unlock the keys to building and growing wealth And more... You can use this book in a multitude of ways: Read through and speak aloud the affirmations. Choose one of the affirmations to meditate on or use as a mantra in a meditation session. Get the audiobook, set to music, for best results and the flexibility to use this as call and response affirmations, a meditation background track, or subliminal hypnosis while you sleep, drive, or conduct everyday tasks. A 2019 survey found that despite living in one of the richest countries on earth, 64% of Americans will retire broke. Don't be one of them. Even if you've always been negative, are in a slump, or currently feel trapped under the weight of your disempowering thoughts, you can change your mind to ultimately change your life. Affirmations are not just new age platitudes. Their efficacy is rooted in neuroscientific principles that prove we can rewire our brains based on our thoughts. You can then use the positive energy behind those thoughts to give you the motivation to create what you want in your life. Take action now.
