Summary of Terrence Real's The New Rules of Marriage Everest Media,2022-06-13T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 If you feel that something is missing in your relationship, it's because you're right. You want a great relationship, and you deserve one. You'll have to learn how to build great relationships, because society has failed to teach you the proper techniques. #2 The game of love has grown so technical that you need an intimacy coach just to have a decent relationship. The truth is that navigating your relationship by simply doing what comes naturally will actually stack the odds against achieving lasting happiness. #3 The fundamental issue that is robbing your relationship of the closeness and passion you deserve is history. If you are like the millions of men and women who feel dissatisfied, you have been trying to negotiate a twenty-first-century relationship using twentieth-century skills. #4 The nature of marriage is undergoing a sea of change. In the beginning of the twentieth century, men left their farms and moved into the city to work. Women gained economic freedom, political power, and a new psychology.
