Shrines and Pilgrimage in the Modern World Peter Jan Margry, 2008 The modern pilgrimage—to sites ranging from Graceland to the veterans' annual ride to to the Vietnam Veterans Memorial to Jim Morrison's Paris grave—is intertwined with man's existential uncertainties in the face of a rapidly changing world. In a climate that reproduces the religious quest in seemingly secular places, it's no longer clear exactly what the term pilgrimage infers—and *Shrines and Pilgrimage in the Modern World* critiques our notions of the secular and the sacred, while commenting on the modern media's multiplication of images that renders the modern pilgrimage a quest without an object. Using new ethnographical and theoretical approaches, this volume offers a surprising new vision on the non-secularity of the "secular" pilgrimage. This book will be sure to stoke our intellectual fire and heat up the discussion over the highly charged topic of secular pilgrimage."—Simon Bronner, Penn State University

The Athlete's Gut Patrick Wilson, 2024-01-11 The Athlete's Gut is an in-depth look at a system that plagues many athletes. This guide offers a much-needed resource for troubleshooting GI problems. The majority of endurance athletes suffer from some kind of gut problem during training and competition. Symptoms like nausea, cramping, bloating, side stitches, and the need to defecate can negatively impact an athlete's performance. Why are gut problems so common during exercise? And what can athletes do to prevent and manage gut symptoms that occur during training and competition? The Athlete's Gut makes sense of the complicated gastrointestinal tract and offers solutions to the tummy troubles that keep athletes from enjoying and excelling in their sport. Written by Patrick Wilson, professor of exercise science and registered dietitian, this gut guide for athletes combines the latest research on exercise and the gut with humorous descriptions and relatable stories. Athletes will better understand the inner workings of their own gut and will be equipped to make the needed changes to diet and exercise to perform and feel better.

Pre Tom Jordan,1997 The story of America's greatest running legend. For five years, no American runner could beat him at any distance over a mile. But at the age of 24, with his best years still ahead, long-distance runner Steve Prefontaine finally lost. Driving alone at night after a party, Prefontaine crashed his sports car, putting a tragic, shocking end to the life and career of one of the most influential, accomplished runners of our time. More than 20 years later, Pre continues to influence the running world. From his humble origins in Coos Bay, Oregon, Pre became the first person to win four NCAA titles in one event. Year after year, he was virtually unbeatable. Instead of becoming one of the new breed of professional track athletes, Pre chose to stay amateur and fight for the adequate funding he felt American amateur athletes deserved. A man of incredible desire and energy, Pre trained relentlessly. In his drive to be the best, he spurred others to do their best. As one racer said, He ran every race as if it were his last. But Pre not only touched runners; his exciting technique as well as his maverick lifestyle made him a favorite of the fans. A race with Prefontaine in it was automatically an event. His brief but brilliant life—documented by author Tom Jordan—is the tale of a true American hero. This is his story. Some people create with words or with music or with a brush and paints. I like to make something beautiful when I run. I like to make people stop and say, 'I've never seen anyone run like that before.' It's more than just a race, it's style. It's doing something better than anyone else. It's being creative. —Steve Prefontaine

Olympic Heroes J. Gerald Harris,1996 The Quiet conquests of these Olympic athletes represent the true measure of a hero, often far from the cheering fans that mark a win on the field.

Runner's World ,2008-07 Runner's World magazine aims to help runners achieve their personal health, fitness, and performance goals, and to inspire them with vivid, memorable storytelling.
