Lucy Foley

The Hunting Party Lucy Foley, 2019 Bristling with tension, bitter rivalries, and toxic friendships, get ready for the most hotly-anticipated thriller of 2019. In a remote hunting lodge, deep in the Scottish wilderness, old friends gather for New Year.

The Hunting Party Lucy Foley, 2019-02-12 THE NEW YORK TIMES BESTSELLER “My favorite kind of whodunit, kept me guessing all the way through, and reminiscent of Agatha Christie at her best -- with an extra dose of acid.” -- Alex Michaelides, author of the #1 New York Times bestseller *The Silent Patient* Everyone's invited...everyone's a suspect... During the languid days of the Christmas break, a group of thirtysomething friends from Oxford meet to welcome in the New Year together, a tradition they began as students ten years ago. For this vacation, they've chosen an idyllic and isolated estate in the Scottish Highlands—the perfect place to get away and unwind by themselves. The trip begins innocently enough: admiring the stunning if foreboding scenery, champagne in front of a crackling fire, and reminiscences about the past. But after a decade, the weight of secret resentments has grown too heavy for the group's tenuous nostalgia to bear. Amid the boisterous revelry of New Year's Eve, the cord holding them together snaps, just as a historic blizzard seals the lodge off from the outside world. Two days later, on New Year's Day, one of them is dead. . . and another of them did it. Keep your friends close, the old adage says. But how close is too close? DON'T BE LEFT OUT. JOIN THE PARTY NOW.

THE GUEST LIST A wedding celebration turns dark and deadly in this deliciously wicked and atmospheric thriller. The Wizard Randy Corn,2018-12-30 For ten thousand years the seven wizards of the Wizard Council of Eonor had governed and protected the Elven folk of Eonor. As their time was passing and no apprentice was born to pass on their knowledge, the council put all their knowledge and magic into the "White Book of Magic". It was established that only a true wizard could read from the book. A true wizard was defined as one who is born when a comet is visible during a total eclipse and can read from the book. Gindon, a member of the council could not accept his demise. He sought to increase his power

and extend his life. He wrote the "Black Book of Magic" which, advised him to kill the other wizards and take their power as the only solution to becoming immortal. He killed one of the wizards and with a terrible war looming, the Elven folk and the youngest of the Wizard Council left for new land to call home or "Urot". Gindon was able to kill another wizard and became more powerful. He gave the "Black Book of Magic" to his daughter, Gelda, and sent her with the others, to the new land. Massive fires and explosions were seen as the ship sailed off to their new home. Gelda knew her father had been killed and sought revenge against the Elven-folk. The ships landed on the shore of Urot, the sight of their first city, Windor. Gelda, seeking revenge for her father's death, conjured a troll that killed several Elves before being slain. Gelda was accused of practicing Black Magic and was banished to the Black Mountains since Elven do not kill Elven. She swore her revenge and cursed them as she left. Gelda learned the ways of Black Magic and conjured more slave creatures to build her fortress castle. As the Elven folk expanded their realm, they discovered humans living in the prairies, forests, and mountains. They were primitive but saw that they were intelligent and gentle. They taught the humans woodworking, metallurgy, reading, and writing. After a time, humans built their own cities and villages. They kept good relations with the Elven folk, and it was not uncommon for humans and Elves to marry. And so, it was with King Marcus Drakorne who married the Elven Princess Errisa and soon their son Ferryman was born when a comet was visible during a total eclipse. The people of Urot wait patiently for a wizard's apprentice to be declared as Gelda plots their demise.

The Heir of Regnault: a Novel Clark Hoole, 1874

The Book of Science and Antiquities Thomas Keneally, 2019-12-10 Thomas Keneally, the bestselling author of *The*

Daughters of Mars and Schindler's List, returns with an exquisite exploration of community and country, love and morality, taking place in both prehistoric and modern Australia. An award-winning documentary filmmaker, Shelby Apple is obsessed with reimagining the full story of the Learned Man—a prehistoric man whose remains are believed to be the link between Africa and ancient Australia. From Vietnam to northern Africa and the Australian Outback, Shelby searches for understanding of this enigmatic man from the ancient past, unaware that the two men share a great deal in common. Some 40,000 years in the past, the Learned Man has made his home alongside other members of his tribe. Complex and deeply introspective, he reveres tradition, loyalty, and respect for his ancestors. Willing to sacrifice himself for the greater good, the Learned Man cannot conceive that a man millennia later could relate to him in heart and feeling. In this “meditation on last things, but still electric with life, passion and appetite” (The Australian), Thomas Keneally weaves an extraordinary dual narrative that effortlessly transports you around the world and across time, offering “a hymn to idealism and to human development” (Sydney Morning Herald).
