100 Facts about the Start-Up of You William Blunt, 2013-03 In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of *The Start-Up of You: Adapt to the Future, Invest in Yourself, and Transform Your Career*. Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

The Startup Playbook Rajat Bhargava, Will Herman, 2020-06-23 Get the real guidance you need to create and build your first startup company from founders who have been there many times before. The first run printing of *The Startup Playbook* SOLD OUT! So, we revised, expanded, and improved this second edition, including a new foreword by Brad Feld, author of *Venture Deals*. We still give our personal, how-to guide for building your startup from the ground up. You'll find a collection of the major lessons and shortcuts we've learned that will shift the odds in your favor. We're sharing our tips, secrets, and advice in a frank, founder-to-founder discussion with you. We make no bones about our bias. We're on your side, the founder's side. While venture capitalists, investors, and accelerators/incubators can add great value in the startup ecosystem, this book isn't about their points of view. We'll tell you where our interests as founders diverge from those on the other side of the table—investors, bankers, advisors, board members, and others—and what to do when that happens. *The Startup Playbook* is not a recipe, it's not a template, it's not a list of tasks to do. It's our insider's guide to starting a company and running it successfully in those critical early months. Between us, we've started over a dozen high-tech software companies and raised over \$500 million in investment capital. We've acquired over thirty-five companies, had three of our startups go public, sold six of them, and we made billions of dollars for shareholders. We've also invested in over eighty startups, advised and mentored over two hundred companies and actively worked with venture capitalists (VCs), incubators, and accelerators to help launch many other new startups. We've had plenty of failures, too. And we've probably learned more from those than from the successes. We share those lessons as well. *The Startup Playbook* is full of our advice, guidance, do's, and don'ts from our years of experience as founders many times. We want to share our hard-earned knowledge with you to make success easier for you to achieve. This book is extraordinarily fresh and exciting. In an accessible, straight talk fashion, this book is a manual, and an inspiration. *The Startup Playbook* is smart and avoids the 'I am so smart' over-writing endemic to the genre. Read this as it is presented. You'll be doing yourself a tremendous favor. —Amazon Reviewer
