**Attack of the Teenage Brain** John Medina, 2018-03-12 Marvel at the neuroscientific reasons why smart teens make dumb decisions! Behold the mind-controlling power of executive function! Thrill to a vision of a better school for the teenage brain! Whether you're a parent interacting with one adolescent or a teacher interacting with many, you know teens can be hard to parent and even harder to teach. The eye-rolling, the moodiness, the wandering attention, the drama. It's not you, it's them. More specifically, it's their brains. In accessible language and with periodic references to Star Trek, motorcycle daredevils, and near-classic movies of the '80s, developmental molecular biologist John Medina, author of the New York Times best-seller Brain Rules, explores the neurological and evolutionary factors that drive teenage behavior and can affect both achievement and engagement. Then he proposes a research-supported counterattack: a bold redesign of educational practices and learning environments to deliberately develop teens' cognitive capacity to manage their emotions, plan, prioritize, and focus. Attack of the Teenage Brain! is an enlightening and entertaining read that will change the way you think about teen behavior and prompt you to consider how else parents, educators, and policymakers might collaborate to help our challenging, sometimes infuriating, often weird, and genuinely wonderful kids become more successful learners, in school and beyond.

**The Demons Among Us** Dr. Victor Brantley, 2012-05-31 Are there demons among us? In The Demons Among Us, I will help each reader to understand the demonic realm and how they affect our lives. Satan was cast out of Heaven and became the ruler of this earth. The Bible describes him as the great deceiver and the father of all lies. It also says that he came to kill, steal, and destroy. When Satan was cast out of Heaven, he was accompanied by one third of all of the angels in Heaven. These became Satan's helpers, or demons. The Book explains who the demons are and what their ultimate goal is. Can they possess a person? Can they control a person? What about the Christian? Could a Christian be possessed or controlled by a demon? What control can a demon have over an ordinary person as one goes about everyday life?

**Performing in the Zone** Jon Gorrie, 2009 What is The Zone? The Zone is intangible. It is that ideal - that place - that state of mind - where performing is easy, your actions are effortless, and your results exceed all expectations. Actors, musicians, public speakers, dancers, models, sports-people, entertainers, and singers - we're all performers. We all receive training, practise for countless hours, enter the performance environment, and sooner or later, for better or for worse, we get

affected by the performance situation. We experience performance arousal - a phenomenon which can either get us into The Zone or cause devastating performance anxiety. So what really is performance arousal? How can you better understand it? How can you control your performance arousal instead of letting it control you? With *Performing in The Zone*, you too can discover the secrets of performance arousal and unleash your true performing potential! You too can perform in The Zone!

**Painting on Light** Barbara Butts, Lee Hendrix,2001-03-01 The names Albrecht Dürer and Hans Holbein the Younger evoke the dazzling accomplishments of Renaissance panel painting and printmaking, but they may not summon images of stained glass. Nevertheless, Dürer, Holbein, and their southern German and Swiss contemporaries designed some of the most splendid works in the history of the medium. This lavish volume is a comprehensive survey of the contribution to stained glass made by these extraordinarily gifted draftsmen and the equally talented glass painters who rendered their compositions in glass. Included are discussions of both monumental church windows and smaller-scale stained-glass panels made for cloisters, civic buildings, residences, and private chapels. The subjects of these rarely seen drawings and panels range from religious topics to secular themes, including love, planets, hunts, and battles. Focusing on stained glass produced in Germany and Switzerland from about 1495 to 1530, *Painting on Light* includes drawings by Dürer, Holbein, Albrecht Altdorfer, Hans Baldung Grien, Jörg Breu the Elder, Hans Burgkmair, Urs Graf, Hans von Kulmbach, Hans Leu the Younger, Niklaus Manuel Deutsch, Hans Schüpflein, Hans Weiditz, and others. This informative book is published in conjunction with an exhibition at the Getty Museum from July 11 through September 24, 2000, and from November 7, 2000, to January 4, 2001, at the Saint Louis Art Museum.
