The Routledge Handbook of Second Language Acquisition and Language Testing Paula Winke,Tineke Brunfaut,2020-12-27 This Handbook, with 45 chapters written by the world's leading scholars in second language acquisition (SLA) and language testing, dives into the important interface between SLA and language testing: shared ground where researchers seek to measure second language performance to better understand how people learn their second languages. The Handbook also reviews how to best measure and evaluate the second language (L2) learners' personal characteristics, backgrounds, and learning contexts to better understand their L2 learning trajectories. Taking a transdisciplinary approach to research, the book builds upon recent theorizing and measurement principles from the fields of applied linguistics, cognitive science, psychology, psycholinguistics, psychometrics, educational measurement, and social psychology. The Handbook is divided into six key sections: (1) Assessment concepts for SLA researchers, (2) Building instruments for SLA research, (3) Measuring individual differences, (4) Measuring language development, (5) Testing specific populations, and (6) Measurement principles for SLA researchers.

Re-Vision and Re-Form in English for Academic Purposes Contexts after the Pandemic Hande Işıl Işık,Elif Kantarcıoğlu,Ayça Üner,Carole Thomas,2023-03-16 With the breakout of COVID-19, the current decade has brought a plethora of challenges and opportunities requiring a significant shift in our lives, most importantly, in the area of education. Throughout most of 2020, the pandemic presented many issues, requiring us to broaden our thinking and harness our creativity to develop and adopt solutions. At that time, the sudden shift did not leave us much time to reflect on these changes. We are now in a time of 'great innovation' within English for Academic Purposes (EAP) contexts. To this end, the volume shares the experiences and reflections of different stakeholders (including EAP practitioners, teacher trainers, assessment specialists and educational leaders) and their response to the unexpected challenges and opportunities brought about by the pandemic. The chapters specifically focus on how the pandemic has influenced and shaped our lives and future plans in the creation of our 'new normal'.

Recent Developments in Technology-Enhanced and Computer-Assisted Language Learning Zou, Bin,Thomas, Michael,2019-12-06 The pace at which technology changes has created unique challenges in the integration of such technologies into language teaching and learning. Innovative pedagogies and strategies must be developed that adapt to

these changes and accommodate future technological changes. Recent Developments in Technology-Enhanced and Computer-Assisted Language Learning is an essential research publication that focuses on technological influences on language education and applications of technology in language learning courses including foreign and second language learning. Featuring an array of topics such as artificial intelligence, teacher preparation, and distance learning, this book is ideal for teachers, language instructors, IT specialists, instructional designers, curriculum developers, researchers, education professionals, academicians, administrators, practitioners, and students.

English Language Proficiency Testing in Asia Lily I-Wen Su, Cyril J. Weir, Jessica R. W. Wu, 2019-11-19 As the demand for English language education grows in Asia, there has been a parallel growth in the development and implementation of standardized tests at the local level. Offering much-needed context on locally produced tests in Asia, contributors examine emerging models for English language assessment and the impact these large-scale tests have on the teaching and learning of English. Chapters address the following well-known and developing high-stakes tests in different regions across Asia: the GEPT, the TEPS, the VSTEP, the CET, the EIKEN and TEAP, and the ELPA. Brought together by world-renowned testing assessment scholar Cyril Weir and the Language Training and Testing Center (L TTC), one of Asia's leading testing institutions based in Taiwan, this volume is a useful reference for evaluating, developing, and validating local tests of English and their societal impact. Comprehensive and research-based, chapters cover historic backgrounds, sociocultural contexts, test quality, international standing, and future considerations. Ideal for graduate students, researchers, and scholars in

language assessment, TESOL/TEFL, and applied linguistics, this book will also be of interest to language teaching professionals, language test developers, and graduate students in Asian studies and international education, intercultural communication, and intercultural studies.

Ontologies of English Christopher J. Hall, Rachel Wicaksono, 2020-01-02 A critical examination of the ways in which English is conceptualised for learning, teaching, and assessment in a range of domains, from both social and cognitive perspectives. Researchers and postgraduates working on English in L1 and L2 educational contexts will find it valuable for research and collaboration.

Authenticity across Languages and Cultures Leo Will, Wolfgang Stadler, Irma Eloff, 2022-11-10 This volume centres around concepts of personal and cultural authenticity as they play out in various contexts of foreign language teaching and learning worldwide. The chapters cover a wide range of contexts and disciplines, including both theoretical and empirical work; together they comprise both a rigorous analysis of authenticity in language teaching and a step away from notions of native-speakerism and cultural essentialism with which it is often associated. Written by a group of scholars working across several continents, the chapters offer diverse perspectives regarding the role language plays in processes of personal growth, learning, development, self-actualisation and power dynamics. The book addresses the theoretical and philosophical nature of authenticity while remaining grounded in the teaching and learning of languages, with authenticity viewed as a practical concern that guides our actions and beliefs. The book will be of interest to scholars, researchers and students of authenticity as well as foreign language teachers interested in the theoretical underpinnings of their practice.

Aptis Speaking: Questions and Answers Juan Fernández, 2019-02-23 El objetivo que persigue este libro es ayudar al candidato a preparar la sección Speaking del Aptis. En este libro encontrarás cinco modelos de exámenes de la sección Speaking del Aptis. Cada modelo consta de sus cuatro secciones y cuenta con fotografías y el número de preguntas habituales para cada sección. Estas preguntas han sido escogidas entre las más frecuentes en el Speaking del Aptis. A dichas preguntas se les ha añadido sus correspondientes respuestas tipo para que el candidato pueda practicar y preparar su sección oral del Aptis lo mejor posible. En las respuestas el candidato puede hallar estructuras y vocabulario para elaborar por su cuenta otras posibles respuestas y desarrollar la creatividad e improvisación manteniendo el buen uso de la gramática y vocabulario. Tras la sección de exámenes se incluye una breve tabla con conectores para dar una estructura consistente al discurso del candidato. Siempre es recomendable evitar los conectores elementales y emplear en su lugar otros con los que demostrar un mayor nivel del Inglés. A veces prestamos atención a los conectores en la sección de Writing pero no recurrimos a ellos en las pruebas orales sin tener en cuenta que en ambas estamos tratando de articular un discurso y los conectores son bienvenidos y necesarios. La última sección es el Workbook y se compone de varias respuestas tomadas de algunos de los exámenes. En estas respuestas se han omitido varias partes con la intención de que el candidato ensaye otras posibles respuestas y las compare luego con la respuesta modelo.
