Marijuana Recipes and Remedies for Healthy Living Mary Jane Stawell, 2011-09-30 Marijuana is a palliative, an analgesic with anti-inflammatory properties —it alleviates pain without addictive effects experienced with narcotics. You might think of marijuana as being something like an herbal aspirin. In fact, it was used in folk medicines like aspirin for thousands of years to soothe aches and pains before aspirin was discovered. When hearing marijuana most of us call up an image of recreational smoking to “get high”. Being in the high-state actually promotes wellness. Being high feels good and feeling good encourages healing and homeostasis. Most of us, however, are less familiar with the other ways in which one can use marijuana as a remedy for ailments that diminish quality of life—like aching muscles from over exertion or spinal misalignment, for example. Actually the list of ailments that can be soothed with medical marijuana is quite long. It is important to emphasize that marijuana does not “cure”; rather it soothes and alleviates and in so doing we feel better and heal faster. This comes from its palliative qualities. Marijuana’s palliative qualities can be delivered in a variety of ways: smoking, eating, rubbing into the skin. Each of these delivery methods has special benefits, which are compared and contrasted in MARIJUANA RECIPES AND REMEDIES. In addition to the delicious foods described, MARIJUANA RECIPES AND REMEDIES tells how to extract the beneficial chemicals from the herb—its essence—to make tinctures and ointments good for massaging aching muscles, soothing bug bites. MARIJUANA RECIPES AND REMEDIES offers many easy, delicious, nutritious recipes, including desserts of all kinds, breads, main courses, and elixirs. It also teaches principles—such as using butter to extract the essence—so that you can experiment with your own recipe development. What fun! Most cookbooks tell you how to cook “from scratch”, which is great if you’re a cook and you have enough time. But many of us aren’t “cooks”—yet we would like to incorporate marijuana herbals in our menu. MARIJUANA RECIPES AND REMEDIES is unique in that it shows how to use inexpensive, off-the-shelf, ready-made mixes you can find at the corner store to make some fabulous cannabis cuisine. How to convert off-the-shelf lotions into something fit for Cleopatra—well, almost!

If You Want to Be Healthy, Don't Go to Doctors Elias Kolega, 2025-07-29 The civilized world is suffering from the so-called diseases of abundance. When we look at statistical data - in 80% of cases the cause of premature death in the technologically developed world is unhealthy diet, insufficient physical activity, smoking tobacco and drinking alcohol. If You Want To Be Healthy, Don't Go to Doctors covers a range of topics related to natural remedies and approaches to healing the body and mind in a simple natural way. The most important thing is to know that there are no incurable diseases. Every person can heal himself physically and mentally, if he is ready to change his lifestyle and discard bad lifestyle habits. A significant part of the book talks about the importance of inner peace, physical activity, plant-based foods and dietary choices in health promotion and physical and mental disease prevention. It covers topics such as the sources of natural vitamins and minerals, the benefits of superfoods, and how these elements support the body's healing processes. The final section focuses on recipes that support general health. Adopting these options could improve both individual and societal well-being for people all over the civilized world. Elias Kolega was born in 1996 in Munich, Germany, and showed great talent in alpine skiing. He was a member of the Croatian national team and a participant in the Olympic Games in Pyeong Chang (South Korea) in 2018. He was also a participant in 3 consecutive world championships in alpine skiing (2015, 2017, and 2019).
