*Game Changer* Neal Shusterman, 2021-02-09 A timely, speculative thought experiment in perspective, privilege, and identity. —Kirkus The conceit behind Shusterman's latest is truly unique. While it exhibits the author's usual storytelling aplomb, it also manages to delve into more serious and timely subject matter, such as racism, sexism, and homophobia. Despite these heavy topics, the story still moves at a lively pace and, thanks to a zany sci-fi twist, manages to pack in a few laughs as well. —Booklist All it takes is one hit on the football field, and suddenly Ash's life doesn't look quite the way he remembers it. Impossible though it seems, he's been hit into another dimension—and keeps on bouncing through worlds that are almost-but-not-really his own. The changes start small, but they quickly spiral out of control as Ash slides into universes where he has everything he's ever wanted, universes where society is stuck in the past...universes where he finds himself looking at life through entirely different eyes. And if he isn't careful, the world he's learning to see more clearly could blink out of existence... This high-concept novel from the National Book Award-winning and New York Times-bestselling author of the Arc of a Scythe series tackles the most urgent themes of our time, making this a must-buy for readers who are starting to ask big questions about their own role in the universe.

**Reading and Writing Pathways through Children's and Young Adult Literature** Alicia Curtin, 2022-07-29 This thought-provoking book will provide masters students, teachers and researchers with a toolkit and theoretical framework for teaching literacy through children's literature. It features innovative ideas for developing student and teacher experiences with literature and popular culture texts in the classroom, providing practical examples and teaching aids throughout. Taking a collaborative approach, Curtin explores how teachers and learners can engage with literature and its authors for the development of literacy in classroom practice. Connecting reader and writer identities and worlds through interviews with and suggested classroom activities from authors themselves, this text combines author, teacher and learner perspectives in the development of creative pedagogies that extend understandings of literacy beyond reading, writing and text. Exploring

fairy-tales, comic books and graphic novels, children living in literature (i.e., texts which portray children, their lives and experiences), popular culture, young adult fiction, and non-fiction and digital texts such as blogs etc, this text develops a sociocultural understanding of literacy as a lived and contextually dependent practice where meaning is derived through relationships between people, settings and culture. Different contexts for literacy are explored, including reading and writing strategically (to learn about literacy and literature), widely (for personal purposes) and deeply (to transform understanding) (Short, 2011). This text will be an invaluable resource for teachers, researchers or anyone interested in reading and writing stories. The author interviews will also be of particular interest to older learners themselves as a way to develop their understanding of their own reading and writing practices. Pedagogies can be adapted to any age group, ranging from the early years to young adult.

**MindWorks** Neal Shusterman, 2025-11-18 For the first printing only! This deluxe paperback features stained and stenciled edges and French flaps while the special edition supply lasts. From the incomparable mind of award winner Neal Shusterman, New York Times bestselling author of the Arc of a Scythe, comes a collection of uncanny and unforgettable short stories. This collection of unforgettable and uncanny stories could only come from the mind of award winner Neal Shusterman. Compiled for the first time in one epic volume, these stories both classic and brand-new will stretch your imagination from terror to the sublime and back again. Explore a world where bats block out the sun, where soup is a trap for your soul, or where the life-force of a glacier can bring back the dead. Journey to a place where the wind can be captured, time can be crafted into infinite attic space, or a hot tub can house an ancient monster. And revisit the Arc of the Scythe universe for two all-new tales of gleaning. In this collection, the only thing that is truly certain is nothing is certain.

**Project Hail Mary (Urania Jumbo)** Andy Weir, 2025-09-04 Quando Ryland Grace si risveglia, sa solo che il suo corpo è collegato a decine di tubi, che gli oggetti intorno a lui cadono troppo velocemente e che i suoi due compagni di viaggio giacciono inermi nello spazio angusto che condividono. Poi, lentamente, la memoria riaffiora: si trova a migliaia di chilometri dalla Terra, su una minuscola navicella lanciata a tutta velocità nelle profondità insondate dell'universo in una missione disperata per salvare il nostro pianeta. A bordo della Hail Mary, Grace è consapevole che ha pochissimo tempo a disposizione per neutralizzare il misterioso nemico e che il destino della specie dipende unicamente da lui. O forse non è solo? Dopo il grande successo di L'uomo di Marte, Andy Weir torna con una nuova odissea spaziale, ricca di suspense, humour e sorprese. Finalista al premio Hugo 2022, da questo libro è stato tratto un film con Ryan Gosling: una storia di sopravvivenza, speranza e solidarietà.

**Il pianeta del silenzio (Urania)** Stanislaw Lem, 2025-09-08 IL PIANETA DEL SILENZIO (1986) Durante un viaggio con il suo cargo verso Titano, Angus Parvis viene coinvolto in una missione di soccorso. È il prologo di una vicenda destinata a concludersi molti anni dopo, quando il genere umano invia l'astronave Hermes sul lontanissimo pianeta Quinta, da cui sono giunti segnali di una civiltà tecnologicamente molto avanzata. Una volta arrivati, però, i terrestri scoprono che i Quintani sono violenti, poco comunicativi e sembrano impegnati in una cruenta guerra spaziale. Contro chi? L'equipaggio della Hermes è deciso a portare a termine la sua missione: stabilire il primo contatto con una specie aliena intelligente. Ma scoprire i segreti nascosti sotto la superficie silenziosa di Quinta potrebbe avere un costo davvero troppo elevato... Capolavoro della fantascienza classica, Il pianeta del silenzio è un romanzo sorprendente e illuminante, che ancora oggi stupisce per la sua preveggenza.

He and his team initially feel the pressure of investor's quarter-to- quarter profit metrics, but through a series of unusual and intertwined events, they find their entrepreneurial spirit and energy ignited again. They are empowered to change every area of the company, providing value back to their investors, and eventually to the public after their IPO.Written for anyone interested in entrepreneurship, innovation, leadership and personal growth.

As this book shows, innovation can become a reliable and repeatable game-changer for any business in all areas of the organisation, from the CEO's desk to the everyday activities of each employee. By using new insights and easy-to-relate-to stories from P&G and other companies - describing, for example, the best way to brainstorm, and the innovation portfolio - this book is destined to become as influential as Good to Great and as Charan's own bestseller, Execution.
