Historical Dictionary of African American Cinema S. Torriano Berry, Venice T. Berry, 2015-05-07 As early as 1909, African Americans were utilizing the new medium of cinema to catalogue the world around them, using the film camera as a device to capture their lives and their history. The daunting subject of race and ethnicity permeated life in America at the turn of the twentieth century and due to the effect of certain early films, specific television images, and an often-biased news media, it still plagues us today. As new technologies bring the power of the moving image to the masses, African Americans will shoot and edit on laptop computers and share their stories with a global audience via the World Wide Web. These independently produced visions will add to the diverse cache of African American images being displayed on an ever-expanding silver screen. This wide range of stories, topics, views, and genres will finally give the world a glimpse of African American life that has long been ignored and has yet to be seen. This second edition of *Historical Dictionary of African American Cinema* covers its history through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 1400 cross-referenced entries on actors, actresses, movies, producers, organizations, awards, and terminology, this book provides a better understanding of the role African Americans played in film history. This book is an excellent access point for students, researchers, and anyone wanting to know more about African American cinema.

The Ethics of Social Punishment Linda Radzik, Christopher Bennett, Glen Pettigrove, George Sher, 2020-11-12 How do we punish others socially, and should we do so? In her 2018 Descartes Lectures for Tilburg University, Linda Radzik explores the informal methods ordinary people use to enforce moral norms, such as telling people off, boycotting businesses, and publicly shaming wrongdoers on social media. Over three lectures, Radzik develops an account of what social punishment is, why it is sometimes permissible, and when it must be withheld. She argues that the proper aim of social punishment is to put moral pressure on wrongdoers to make amends. Yet the permissibility of applying such pressure turns on the tension between individual desert and social good, as well as the possession of an authority to punish. Responses from Christopher Bennett, George Sher and Glen Pettigrove challenge Radzik's account of social punishment while also offering alternative perspectives on the possible meanings of our responses to wrongdoing. Radzik replies in the closing essay.

I Can't Make This Up Kevin Hart, 2017-06-06 New York Times bestselling author, superstar comedian, and Hollywood box office star Kevin Hart turns his immense talent to the written word in this “hilarious but also heartfelt” (Elle) memoir on survival, success, and the importance of believing in yourself. The question you’re probably asking yourself right now is: What does Kevin Hart have that a book also has? According to the three people who have seen Kevin Hart and a book in the same room, the answer is clear: A book is compact. Kevin Hart is compact. A book has a spine that holds it together. Kevin Hart has a spine that holds him together. A book has a beginning. Kevin Hart’s life uniquely qualifies him to write this book by also having a beginning. It begins in North Philadelphia. He was born an accident, unwanted by his parents. His father was a drug addict who was in and out of jail. His brother was a crack dealer and petty thief. And his mother was overwhelmingly strict, beating him with belts, frying pans, and his own toys. The odds, in short, were stacked against our young hero. But Kevin Hart, like Ernest Hemingway, J.K. Rowling, and Chocolate Droppa before him, was able to defy the odds and turn it around. In his literary debut, he takes us on a journey through what his life was, what it is today, and how he’s overcome each challenge to become the man he is today. And that man happens to be the biggest comedian in the world, with tours that sell out football stadiums and films that have collectively grossed over \$3.5 billion. He achieved this not just through hard work, determination, and talent. “Hart is an incredibly magnetic storyteller, on the page as he is onstage, and that’s what shines through [in this] genial, entertaining guide to a life in comedy” (Kirkus Reviews).
