**Descent into Paradise** Daniel Bosley, 2023-09-13 'Rich and valuable' ANJAN SUNDARAM 'Honest ... written in sharp, rippling prose' ANDREW FIDEL FERNANDO 'A brave and timely effort' JASON BURKE 'Immersive and eye-opening' HASSAN UGAIL 'A moving, personal and heartfelt tale of the real Maldives: far deeper and more sinister waters than the azure lagoons of the resorts for which it is famed' JJ ROBINSON In the autumn of 2011, the postman-turned-journalist Daniel Bosley embarked on an unexpected adventure which started as an internship in London's Maldives High Commission – the diplomatic mission of the Indian Ocean tourism hotspot. Little did he know that he would soon set off on an odyssey through an imperilled island nation undergoing one of the most tumultuous periods in its history. Over the next seven years, Bosley worked as a journalist in the Maldives, reporting on its volatile political landscape and shattering the picture-perfect view of this supposed paradise. Taking us into a nation of a thousand isles, he reveals a shaded past of sultans, imperialists and Western explorers before a modern-day dictatorship was finally overturned by a democracy that immediately plunged into turmoil. While dissenters and intrepid reporters faced abduction, imprisonment, and even death, the climate crisis and Islamist zealots posed ever greater threats to the country's vulnerable environment and its ancient culture. As the editor of the Maldives' main English-language news website, Bosley witnessed some of these events first-hand, his personal distress assuaged only by the love and hope he would come to find – against all odds – within these isolated atoll communities. Richly observed and infused with empathy and essential humour, *Descent into Paradise* thoroughly alters our understanding of the Maldives, a place where magical waters and surreal skies hide unthinkable dangers even as the struggle for justice risks submersion.

Religious Violence Today Michael Jerryson, 2020-07-15 Through sections containing overview essays and reference entries related to particular religions, this resource explores the rise of religious violence, hate crime, and persecution around the world. Religious violence and persecution have been growing steadily both within the United States and around the world. Drawing on the expertise of a wide range of scholars, this current and comprehensive reference helps readers understand the persecution of members of particular faiths as well as violence committed by members of those faiths. In doing so, it promotes a greater understanding of the role of religion in global politics, domestic and international terrorism, and religious bigotry. The book contains sections on particular religious traditions from around the world. Each section

begins with an overview essay surveying violence related to that particular religion, whether committed by or against members of that faith. Reference entries in each section then provide objective, fundamental information about particular topics related to violence and the religion discussed. The entries provide cross-references and suggestions for further reading, and the work closes with a bibliography of resources for further study.

**Catalogue of the Persian Manuscripts in the Library of the Hungarian Academy of Sciences** Benedek Péri, 2018-05-29 The Library of the Hungarian Academy of Sciences was established in 1826. Its collection of Persian manuscripts is the most comprehensive set of its kind in Hungary. The volumes were produced in four major cultural centres of the Persianate world, the Ottoman Empire, Iran, Central Asia and India during a span of time that extends from the 14th to the 19th century. Collected mainly by enthusiastic private collectors and acknowledged scholars the manuscripts have preserved several unique texts or otherwise interesting copies of well-known works. Though the bulk of the collection has been part of Library holdings for almost a century, the present volume is the first one to describe these manuscripts in a detailed and systematic way.

**Divine Will and Predestination** Dr. Shahid Babar, 2022-06-22 Divine Will and Predestination: Theological and Philosophical Perspectives By: Dr. Shahid Babar Divine Will and Predestination sets out to discuss these topics using the notions of fate and human free will and explores the understanding of the subject developed by difference of opinions of Muslim, Christian, and Jewish theologians and the philosophers of the East and West, with research analysis based on historic perspectives—a unique approach not adopted by the authors of different literary works and books on this topic. Besides providing a critical assessment based on literature research, this book highlights the classical interpretation of the article of faith in the light of Quranic verses and prophetic traditions and concludes with describing the impact of belief in this fundamental article of faith on the life of the believers. The methodology adopted in this book is new and challenging. The religious believers of different faiths as well as non-religious people may find this subject difficult and struggle with the understanding of its concepts. This book will be able to provide a comprehensive understanding of this difficult subject to the readers.

*PENGANTAR TEORI KNOT SEMANTIC LOGIC* Ja'faruddin, 2025-06-20 Buku Knot Semantic Logic (KSL) menghadirkan pendekatan baru dalam memahami keteraturan makna dalam teks melalui struktur simpul (knot) yang mencerminkan koherensi, simetri, dan paralelisme. Terinspirasi dari teori klasik seperti Nazm, paralelisasi, dan ring composition, buku ini membangun fondasi teoritis KSL dengan menekankan pentingnya hubungan semantik antar unsur teks. Disusun dalam sebelas bab, pembaca diperkenalkan pada definisi, prinsip dasar, serta hirarki struktur dari kata hingga narasi lengkap. Buku ini juga memperkenalkan perangkat analisis seperti matriks simpul, alat pemetaan, dan paralelisator koefisien. Selain itu, KSL diterapkan untuk menganalisis teks-teks Al-Qur'an, sastra daerah, bahasa Indonesia, hingga pengujian kecerdasan

buatan. Dilengkapi dengan pendekatan sistematis, studi kasus, dan ilustrasi, buku ini menjadi panduan penting bagi akademisi, peneliti, dan praktisi yang tertarik pada logika semantik dan eksplorasi makna yang mendalam.

**Menyongsong Masa Depan: Teknologi, AI, dan Ramalan Ya'juj Ma'juj** Suhaeni, S.Pd.I, 2025-08-15 Apakah kemajuan teknologi selalu berarti kemajuan peradaban? Di tengah derasnya arus kecerdasan buatan (AI) dan revolusi digital, umat manusia justru dihadapkan pada pertanyaan besar tentang makna, arah, dan nilai-nilai kehidupan. Buku ini menyatukan perspektif spiritual dan futuristik dengan menggali kembali kisah Ya'juj dan Ma'juj sebagai simbol kekuatan tak terkendali yang bisa lahir dari luar, atau bahkan dari dalam diri manusia sendiri. Dengan pendekatan yang reflektif dan komunikatif, buku ini mengajak pembaca untuk memahami tantangan masa depan bukan sekadar dari sisi teknologi, tapi dari kedalaman jiwa. Sebuah bacaan penting bagi siapa pun yang ingin tetap waras dan bijak di tengah zaman yang semakin canggih, cepat, dan rawan kehilangan arah.

*Insight Turkey / Summer 2019 - Turkey In A Changing World* SETA, 2019-09-01 Since the end of the Cold War, the world system has been going through a comprehensive transformation. With the collapse of the Soviet Union, the United States has remained the only superpower in the world, which began to behave as the only hegemon and accordingly pursued unilateral policies towards other international actors. The U.S. considers most global developments and international institutions established by the U.S. as detrimental for the continuation of its global hegemony; therefore, it started to undermine international norms, principles, and rules. The U.S. faces difficulties in maintaining order at both global and regional levels. Eventually, other global powers and regional actors began to follow different, if not conflictual, policy orientations and to play their own games. As a regional actor who wants to play a global role, similar to other global actors, Turkey has been undertaking foreign policy initiatives under the AK Party government over the past two decades. However, there are too many global challenges as well as regional crises for Turkey to overcome. One such instance being that Turkey was forced to redefine its relations with its Western allies. More importantly, the U.S. has decided to redefine its relations with all of its partners, including Turkey. Therefore, one of the first challenges for Turkey to overcome is the resistance against the American otherization. Russia and China have created alternatives to international institutions established with the American initiative and invite other countries to be a part of these alternative institutions. Turkey also, at least tactically, chose to be a part of some of these platforms, a move which is not welcomed by Western countries. On the other hand, there are many regional crises such as the Palestinian-Israeli conflict, the Syrian crisis, and the state failures in the Middle East which have significant implications for the domestic and foreign policy of Turkey. Turkey has recently begun to establish different institutions and initiated different processes in order to be able to undertake international responsibilities. Besides traditional actors, new institutions such as the Yunus Emre Institute (YEE, established in 2007), the Disaster and Emergency Management Authority (AFAD, established in 2009), and the Presidency for Turks Abroad and Related Communities (YTB,

established in 2010); had also restructured institutions such as the Turkish Crescent, Turkish Cooperation and Coordination Agency (TİKA, established in 1992), and the Diyanet Foundation (TDV, established in 1975), emerged as influential actors of Turkey's soft power in its foreign policy implementation. Eventually Turkey became one of the leading countries in the world for providing developmental and humanitarian aid to the less developed countries. After years of high growth rates and rapid economic development, Turkey had reclaimed more of its independence within its foreign policy and began to act as a more autonomous actor. Throughout the long-term political stability of the AK Party government, Turkey redefined its bilateral relations with both global and regional players. As a member of some significant international platforms such as the NATO and the G20, Turkey positioned itself into a new global role and attempted to develop an alternative inclusive political discourse. Today, Turkey is taken into consideration within the global balance-of-power calculations as a regional power and as a game-changing actor. This new issue of Insight Turkey highlights some of the various regional developments around Turkey and discuss various movements of new actors and instruments, crises and progresses, from economy to culture, and how Turkey responds to these ever-changing regional dilemmas. This issue aims to enlighten readers about ongoing current events with three commentaries, five articles, and five off-topic pieces devoted to discussing these issues more in depth. As observed by careful voyeurs of the changing international system, Turkey positions itself advantageously as a pillar of strength with a global voice to be heard. Burhanettin Duran invites us into the discussion with a masterplan of President Erdogan's foreign diplomacy and how a new chapter has emerged to further a practical, humanitarian-focused, but militarily strong Turkey through the various international challenges it continues to face. Faruk Kaymakcı enlightens us on how the European Parliamentary Elections were avidly followed by the Turkish public, who are eagerly hoping that this could be the beginning of much needed repairs for European-Turkish relations. The challenge of attaining EU membership being one of the ongoing unresolved topics was particularly focused upon, with the hope that European political changes can mean positive change for Turkey. Meanwhile Muharrem Kılıç highlights that it is not just Europe with ongoing political changes as Turkey itself has made a complete overhaul on their judicial system. Capturing a snapshot of a large judicial reform package highlights a shift to modernize and update the judicial progress of Turkey to one compatible with domestic and international affairs. This move had won praise from all parties within Turkey, and the result of which sees a legal aligning closer to Europe. Also calling for change but within the economic realm would be Mehmet Bulut and Cem Korkut who bring us back to how old Ottoman cash waqfs (foundations) can provide modern solutions for the difficult financial times the world faces. Bringing back an alternative to capitalism, and reintroducing an older system that had worked for over 500 years, cash waqfs provide protection to the individual ensuring equilibrium between the state, system, and the individual. This protection thus served better for humanity with its poverty reduction and partnership models, helped pioneer the microcredit mechanism the world has ever started to rely on. Federico Donelli focuses on a relatively new dimension of Turkish foreign policy and

reminisces on how foreign policy is rather a cultural affair. National branding and the use of culture as a diplomatic tool are seen as successful outlets of an emerging soft power. Turkey, being a modern example of broadcasting its image globally, utilizing its own high-culture and pop-culture to try to shift its international position, despite external circumstances trying to paint another picture. As an example of a sub-governmental actor in Turkish foreign policy, Erman Akıllı and Bengü Çelenk emphasize the increasing effectiveness of TİKA and highlight that foreign aid can be a fine example of a nation branding tool. Turkey outstretching itself into the global realm allows us to examine TİKA as one of the largest successes that revitalizes the spirit of pre-war Turkey creating a peace-belt diplomatically among many diverse nations. Advocating truthfulness, global power, and generosity, TİKA is bustling with positive bilateral relations, proving an international success of Turkey's charitable image. Abdurrahman Babacan focuses on the consolidation of democracy in Turkey during the AK Party period and takes us on a journey into the core of AK Party political maneuvers especially within its first two election periods. Detailing the ebbs and flows of democracy building in a world where priorities need to be met from the internal minorities, its military factor, and to the external expectations of the EU. Thus, ushering Turkey into a new positive course and pushing human rights to the forefront, while modernizing the legal system despite various domestic setbacks from terrorist groups ISIS, PKK, and FETÖ all within the same time span. There is no doubt the importance energy has played amongst Turkey's highest priorities these days, and Remziye Yılmaz-Bozkuş explores this importance among Turkey's relationship with the Black Sea Energy Cooperation (BSEC). Its framework stretching beyond energy into various political sectors has made for a diverse agenda of difficult decision-making. Though being the most active negotiator amongst its regional partners, Turkey lends hope that the BSEC can be a stability factor within this region of former rivals despite numerous limitations and economical shortcomings the organization faces. One of the two off-topic commentaries focusing on regional actors, Mohammed Nuruzzaman showcases a new regional challenger in the case of Saudi Arabia. Creating a new type of foreign policy, aggressive, and proactive in response to a growing Iran contrasts the pro-democratic leanings of the region. Critiquing what is called the "Salman Doctrine," for its lack of success in diplomacy and military affairs, due mainly to its lack of strategy. While Saudi Arabia intends to diversify away from its reliance on oil and modernize through a grand strategy, regional stability will be the price that pays for it. In the other off-topic commentary, Shamkhal Abilov and Beyrak Hajiyevev bring us to Azerbaijan and the importance neutrality can really play when in the middle of diverse great powers and how Azerbaijan neutrality can actually be an advantage for the EU. What threatens this balanced policy is the U.S. withdrawal in the region and the power vacuum that will persist in the region. Whether Azerbaijan is able to protect itself and remain neutral is a hard-hitting speculation offered. The remaining three articles focus on various issues in international politics. H. Sonmez Atesoglu develops a model calling attention as to how vital economic power is for international security and where that power comes from initially. The recipe for building international security goes in depth about the interplay of economics,

trade, maximizing military power, population and technical capabilities. From the Black Sea region a success story brings us to Radka Havlova and Zbyněk Dubský who take us to Ukraine to discuss strategic culture and conflict resolution and how instrumental the OSCE was for de-escalating the East Ukrainian conflict. Resolving a lot of the nuances that anarchical international systems often create lead to a collaborative strategic culture of nations lead by commonality, inclusivity and interconnected security. Alper Çakmak and M. Ali Sevgi conclude our journal with a holistic Muslim migration analysis touching upon the importance of language and the ongoing struggle for identity among four Turkish migrants who had gone to Germany for varying reasons. Following them with an anthropological approach to discover the inner depth of hardship and experience that goes into being an outlander. We are confident that this issue of Insight Turkey entitled as “Turkey in a Changing World: Responses to Domestic and Regional Dynamics” will provide timely analyses about Turkey’s new instruments and actors of foreign policy, and about different issue areas of international politics.

**SURAH AL-KAHF** MEHMET AKAR, This study is one of them and contains only the commentary of Surah al Kahf. All commentaries of old-new, narration (tafsir bi-al-riwaya) - rational (tafsir bi-al-diraya) commentaries have been employed as much as possible. Thus, it has been aimed to penetrate the visible and deep meanings of the verses as much as possible. Efforts have been made not to exclude any of the statements about that verse, which have been popular with the Islamic Ummah from past to present.

*Surah Al-Kahf: Text, Translation and Modern Commentary* Imran HOSEIN, 2020-12-16 As the war on Islam intensifies, and as the day approaches when the imposter Euro-Jewish State of Israel would make its bid to become the ruling State in the world, and the false Messiah (i.e., Dājjal) would rule the world from Jerusalem and declare that he is the true Messiah, I fear that there would be many, particularly governments which declare their friendship for USA and hence for Israel, who would want to ban books on the Qur'ān. I therefore pray most humbly, and ask my gentle readers to also kindly join in the prayer, that Allah Most High might protect books (such as this humble quartet of books on Sūrah al-Kahf) that use the blessed Qur'ān to explain, to expose and to challenge those in the godless modern age who are waging wicked war on Islam. Āmīn. This first volume of four, containing 'Text Translation and Modern Commentary of Sūrah al-Kahf', makes its appearance just before our main work on the subject entitled 'Sūrah al-Kahf and the Modern Age' is to be published, and is meant to function as a companion volume to that main work. We propose, Insha Allah, to publish a third and fourth volume on this subject in which we would like to offer to the reading public a comprehensive and credible modern interpretation of the Ahādīth and Qur'anic verses dealing (directly and indirectly) with the critically important topics of Dajjāl the false Messiah or Anti-Christ, and of Gog and Magog. If any such books have already been written and published, they must be very few indeed.

**In the Company of the Quran - an Explanation of Sūrah Al-Kahf** Furhan Zubairi, 2021-01-08 There are a few narrations from the Prophet ﷺ that encourage Muslims to recite Sūrah al-Kahf on a weekly basis. That is why it is a common

practice across the world to recite Sūrah al-Kahf on Fridays. This is a beautiful practice that helps strengthen one's relationship with the Quran and builds a culture of recitation. However, more important than simply reciting the Sūrah as a ritual is connecting with it emotionally, intellectually, spiritually, and trying our best to understand its message and apply its guidance into our daily lives. This work explores the meanings, lessons, reminders, benefits, morals, and guidance of Sūrah al-Kahf based on classical and contemporary sources.

### **The Holy Quran**, 1988

*Surah Al-Kahf and the Modern Age* Imran HOSEIN, 2020-12-15 Praise be to Allah Most High through Whose Kindness Sūrah alKahf and the Modern Age is now published. May He bless this humblework to reach Muslims in many parts of the world. May it assist them to grow closer to the Qur'ān and to this Sūrah - especially every day of Jum'ah when the Sūrah is to be recited for protection from the Fitnah of Dajjāl. May it refresh their memory of the meaning of the Sūrah and, more importantly, constantly deepen their understanding of the Sūrah. Amīn! As war on Islam intensifies and the time approaches when the imposter Euro-Jewish State of Israel makes its bid to become the ruling State in the world, and Dajjāl the false Messiah would rule the world from Jerusalem and declare that he is the true Messiah, I fear that there would be many who would ban books on the Qur'ān. I therefore pray most humbly, and ask my gentle readers to also kindly join in the prayer, that Allah Most High might protect books (such as this humble quartet of books on Sūrah al-Kahf) that employ the blessed Qur'ān to expose those in the godless modern age who are waging unjust war on Islam and Muslims. Āmīn. A mysterious Euro-world-order with a Jewish-Christian alliance wages war on Islam on behalf of the Euro-Jewish State of Israel. If there is any merit at all in this book it can, perhaps, be located in its role as a very humble pioneering work that might possibly inspire others, more competent than this writer, to a more comprehensive effort in using this Sūrah of the Qur'ān to explain that world today.

**Lessons from Surah al-Kahf** Yasir Qadhi, 2020-03-04 The Qur'an is full of parables. Each one, when its meaning is unpacked and understood, offers wisdom and guidance. Surah Kahf, chapter 18 from the Qur'an, is particularly thought provoking, and Muslims are advised to read it at least once a week. But why? And what can we gain from it? In this book Yasir Qadhi leads us through Surah Kahf, unfolding the lines, stories and symbols that have inspired people for over a thousand years: the people of the cave, Prophet Musa's momentous encounter with Khidr, the two men and their gardens, and Gog and Magog. And surely We have explained matters in people in the Qur'an in diverse ways, using all manners of parables. (Qur'an 18:54) Through Yasir Qadhi's unmistakeable voice, modern Muslims may glimpse some of the Qur'an's profound meaning. Say: "If the sea were to become ink to record the Words of my Lord, indeed the sea would all be used up before the Words of my Lord are exhausted..." (Qur'an 18:109)

The Message of Surah Al-Kahf (The Cave) Darul Ihsan Humanitarian Centre, - Revelation - Key Events Virtues - Lessons

*Surah Al-Kahf* Authenticate Ulama's Organization, 2016-08-17 Surah al Kahf (kahf meaning cave) is a Makkan surah, and consists of one hundred and ten verses arranged in twelve sections. The surah has been named kahf due to a major theme therein describing the ordeal of some youths who were forced to flee into a cave to escape the persecution of their pagan village and leader. The surah then narrates the story of the Ashab al-Kahf (companions of the Cave). These companions were a group of youths who had faith in Allah Ta'ala at a time when all around them did not believe in Him. Allah Ta'ala protected them by giving them sanctuary from the oppressive rule of the king in a cave. Allah Ta'ala then made their ordeal a lesson for eternity by putting them to sleep for a period of three hundred years, to escape the tyranny of their time to awake in a time where their example would serve to strengthen the faith of the living. The surah then describes a dialogue between two people. One was arrogant, and the other was God-fearing. Through the dialogue the surah establishes the absurdity of unfounded hopes in this world, simply because there is no guarantee in man getting his way - as he does not possess the power to make anything happen. The former boasts of his wealth and gardens, and he believes that his wealth and power is everlasting, and even the Day of Judgment if it ever comes, will not deprive him of his wealth and possessions. Allah Ta'ala makes it clear that the things of this world are perishable and only faith and good deeds will survive to be profitable. The surah then narrates the Story of the Prophet Musa A.S. (Moses) and the mysterious servant of Allah, Khidr. The incident highlights the limitations of man's knowledge, especially in regard to what is beyond his sight, whether it be in distance or in the time that is yet to pass. The surah concludes with Allah's Ta'ala command to the Messenger PBUH to declare that he is a human being and that when he proclaims Allah's unity, he does so because this knowledge has been revealed to him by Allah Ta'ala. and he who seeks success in the hereafter should do good deeds and not ascribe any partner to Allah Ta'ala.
