Fanny's First Play and The Dark Lady of the Sonnets Bernard Shaw,1914 In Fanny's first play Fanny O'Dowda, daughter of a Count of the old regime, writes a play which her father promises shall be acted by real actors and reviewed by real critics, the authors' identity of course, being concealed. As an induction, O'Dowda, the courtly aesthete of pre-Victorian days, has an interview with the very commercial theatrical manager of modern times, who cites the methods he employed to get the critics there, a colloquy of delightful wit in its contrasting values. Then come the critics, cheerful satires on the originals of London, in which more fun is poked at their pomposity and ignorance. The Dark Lady of the Sonnets was written to aid the Shakespeare Memorial National Theatre in its appeal for a public endowment --

Reading and Writing in Shakespeare David M. Bergeron,1996 This volume of essays explores reading and writing in Shakespeare and his culture. Shakespeare as a worker and writer straddled a margin between an oral, customary world and a literate world of specializing professionals in a way that no subsequent writer ever could. With the 1623 Folio edition, Shakespeare completed the transformation from an active dramatist to an author of a book, collected by his friends and now available to readers.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The Routledge Companion to Dramaturgy Magda Romanska,2014-08-07 Dramaturgy, in its many forms, is a fundamental and indispensable element of contemporary theatre. In its earliest definition, the word itself means a comprehensive theory of play making. Although it initially grew out of theatre, contemporary dramaturgy has made enormous advances in recent

years, and it now permeates all kinds of narrative forms and structures: from opera to performance art; from dance and multimedia to filmmaking and robotics. In our global, mediated context of multinational group collaborations that dissolve traditional divisions of roles as well as unbend previously intransigent rules of time and space, the dramaturg is also the ultimate globalist: intercultural mediator, information and research manager, media content analyst, interdisciplinary negotiator, social media strategist. This collection focuses on contemporary dramaturgical practice, bringing together contributions not only from academics but also from prominent working dramaturgs. The inclusion of both means a strong level of engagement with current issues in dramaturgy, from the impact of social media to the ongoing centrality of interdisciplinary and intermedial processes. The contributions survey the field through eight main lenses: world dramaturgy and global perspective dramaturgy as function, verb and skill dramaturgical leadership and season planning production dramaturgy in translation adaptation and new play development interdisciplinary dramaturgy play analysis in postdramatic and new media dramaturgy social media and audience outreach. Magda Romanska is Visiting Associate Professor of Slavic Languages and Literatures at Harvard University, Associate Professor of Theatre and Dramaturgy at Emerson College, and Dramaturg for Boston Lyric Opera. Her books include *The Post-Traumatic Theatre of Grotowski and Kantor* (2012), *Boguslaw Schaeffer: An Anthology* (2012), and *Comedy: An Anthology of Theory and Criticism* (2014).

Language Studies Andrew Littlejohn, Sandhya Rao Mehta, 2012-12-04 As a defining characteristic of what it means to be human, the use of language plays a central role in almost all human activity. Language functions as a cornerstone in the construction of our identity and in the relationships we build. It takes a central role in facilitating every enterprise we undertake, creates the thread which forms our own biographies, and enables us to play a part in the transmission and maintenance of our culture. This pervasive nature of language means that it may form the starting point for an investigation into virtually any aspect of social life. In recent years, this has led to a stretching of the boundaries of language studies, prompted by an intense cross-fertilisation of ideas with a wide range of disciplines. It is this cross-fertilisation which forms the focus of the present collection. Taken together, the thirteen papers it contains provide an absorbing, rich array of subjects touched by the centrality of language. Encompassing themes from social psychology, translation theory, computer science, forensics, educational policy, language change, archaeology, and literature, the collection demonstrates that the study of language offers limitless possibilities to aid an understanding of the world in which we live. International in scope, the collection includes contributions from scholars well-established in their fields, at work in Europe, the USA, the Middle East and Asia. As such, the collection offers a stimulating perspective for readers in a wide range of contexts, whether they themselves are principally concerned with language or are simply eager to see how the study of language may be relevant to

their own discipline.

Pook's Eastern Promise Peter Pook, 2015-02-23 You'll enjoy Pook and Honners in the Indian Navy, savouring the sweet life of the East. Honners breaks with naval tradition by opening a boarding-house in Bombay, providing a base for his ever-growing collection of war trophies. But that ruthless disciplinarian, Commander Bray, brings the war against Japan to their notice, and they experience the terrors of night convoy sailing. Here Pook becomes the first Navigating Officer ever to witness the sun rising in the west without another ship of the convoy in sight. Pook and Honners are selected to lead the landing party on the Ramsami beach-head, where they come under fire from the Japanese and their own Task Force. How they escape the Japanese by working in a Ramsami house of ill-fame is a hilarious climax to another extremely funny Pook book.

Asian Interventions in Global Shakespeare Poonam Trivedi, Paromita Chakravarti, Ted Motohashi, 2020-11-16 This volume critically analyses and theorises Asian interventions in the expanding phenomenon of Global Shakespeare. It interrogates Shakespeare's 'universality' from Asian perspectives: how this has been modified or even replaced by the 'global bard' as a recognisable brand, and how Asian Shakespeares have contributed to or subverted this process by both facilitating the worldwide dissemination of the bard's plays and challenging and resisting the very templates through which they become globally legible. Critically acclaimed Asian productions have prominently figured at premier Western festivals, and popular Asian appropriations like Bollywood, manga and anime have created new kinds of globally accessible Shakespeare. Essays in this collection engage with the emergent critical issues: the efficacy of definitions of the 'local', 'global', 'transnational' and 'cosmopolitan' and of the liminalities and mobilities in between. They further examine the politics of 'West' and 'East', the evolving markers of the 'Asian' and the equation of the 'glocal' with the 'Asian'; they attend to performance and archiving protocols and bring the current debates on translation, appropriation, and world literature to speak to the concerns of global and transnational Shakespeare. These investigations analyse recent innovative Asian theatre productions, popular cinematic and manga appropriations and the increasing presence of Shakespeare in the Asian digital sphere. They provide an Asian standpoint and lens in rereading the processes of cultural globalisation and the mobilisation of Shakespeare.
