Into the Gray Zone Brad Taylor, 2025-04-22 NEW YORK TIMES BESTSELLER “A knockout punch of a novel.” —Mark Greaney Pike Logan uncovers a geopolitical scheme that has spiraled out of control in India in this latest pulse-pounding thriller with ripped from the headlines themes from New York Times bestselling author and former special forces officer Brad Taylor. While on a routine security assessment in India, Taskforce operator Pike Logan foils an attempted attack on a meeting between the CIA and India’s intelligence service. Both government agencies believe it’s nothing more than a minor terrorist attack, but Pike suspects that something much more sinister is at play. After another terrorist operation at the Taj Mahal, he begins to believe that outside powers are attacking India in the gray zone between peace and war, part of a proxy war that leverages terrorist groups for economic gain and control of rare earth minerals. But the separatists conducting the operations have their own agenda. After a massive slaughter and kidnapping of hostages during an elaborate Indian pre-wedding party, two global powers are destabilized, and only Pike Logan and his team can de-escalate the tension by rescuing the captives. What follows is a race against the clock that winds through the bustling markets of Old Delhi, the luxurious resorts of Goa, and the epic halls of the Taj Mahal. It will take everything that Logan and the taskforce have to foil an intricate plot that leaves countless lives in the balance. Diligent spycraft, throat-clutching suspense, and military action that rips straight off the page. And this outing shows how political gamesmanship operates deep in the shadows, where nothing is black and white, only shades of gray. — James Rollins, #1 New York Times bestselling author of Arkangel

Hunter Killer Brad Taylor, 2020-01-07 Pike Logan tracks highly-trained Russian assassins to Brazil in this blistering, action-packed thriller from New York Times bestselling author and former Special Forces Officer Brad Taylor. "It's an excellent read, and I greatly enjoyed it." —Nelson DeMille Pike Logan and the Taskforce were once the apex predators, an unrivaled hunting machine that decimated those out to harm the United States, but they may have met their match. While Pike Logan and Jennifer Cahill prepare to join their team on a counter-terrorist mission in the triple frontier—the lawless tri-border region where Argentina, Brazil, and Paraguay meet—they are targeted in Charleston, South Carolina. A vicious explosion kills a friend, and the perpetrators have set it up to look like an accident. While the authorities believe this was not foul play, Pike knows the attack was meant for him. When he loses contact with the team in South America, Pike is convinced he and the Taskforce are under assault. His men are the closest thing to family that Pike has, which means he will do anything, even ignore direct orders to stand down, to find them. Pike and Jennifer head to Brazil to investigate their disappearance and run headlong into a crew of Russian assassins. Within days they are entangled in a byzantine scheme involving Brazilian politics and a cut-throat battle for control of offshore oil fields. Forged in combat, the Russians are the equal of anything the Taskforce has encountered before, but they make a mistake in attacking Pike's team, because Pike has a couple of elite Israeli assassins of his own. And Pike will stop at nothing to protect his family.

Ring of Fire Brad Taylor, 2017-01-10 Former Delta Force officer and New York Times bestselling author Brad Taylor delivers a relentlessly fast-paced, gripping thriller featuring Taskforce operators Pike Logan and Jennifer Cahill as they come face-to-face with an insidious threat to strike terror into the heart of America. Fifteen years ago, in order to win a contract in the Kingdom, a desperate defense contractor used a shell company to provide a bribe to a wealthy Saudi businessman. Now a powerful player in the defense industry, he panics when the Panama Papers burst onto the public scene. Providing insight into the illicit deeds of offshore financing, they could prove his undoing. To prevent the exposure of his illegal activities, he sets in motion a plan to interdict the next leak, but he is not the only one worried about spilled secrets. The data theft has left the Taskforce potentially vulnerable, leaving a trail that could compromise the unit. Back in the good graces of the new president, Pike Logan and Jennifer Cahill are ordered to interdict the next leak as well, in order to control the damage. Unbeknownst to either group, the Saudi has been using the shell company to fund terrorists all over the world, and he has a spectacular attack planned, coinciding with the fifteenth anniversary of 9/11. The information Pike and Jennifer uncover will put them on the trail of the imminent threat, but it's one that they might be unable to stop. Called Ring of Fire, it will cause unimaginable destruction across the United States, and the ensuing chaos and terror will distract the Taskforce from a truth no one sees: Ring of Fire was only the beginning, and the danger is far from over.

A shadowy trail leads the Taskforce to Egypt—where an attack leaves one member dead and another barely alive. Daughter of War Brad Taylor, 2019-11-26 ****A New York Times Bestseller**** Former Special Forces Officer and New York Times bestselling author Brad Taylor delivers a heart-pounding thriller featuring Taskforce operators Pike Logan and Jennifer Cahill as they come face to face with a conspiracy where nothing is as it seems. Hot on the trail of a North Korean looking to sell sensitive US intelligence to the Syrian regime, Pike Logan and the Taskforce stumble upon something much graver: the sale of a lethal substance called Red Mercury. Unbeknownst to the Taskforce, the Syrians plan to use the weapon

of mass destruction against American and Kurdish forces, and blame the attack on terrorists, causing western nations to reassess their participation in the murky cauldron of the Syrian civil war. Meanwhile, North Korea has its own devastating agenda: a double-cross that will dwarf the attack in Syria even as it lays the blame on the Syrian government. Leveraging Switzerland's fame for secrecy and its vast network of military bunkers, now repurposed by private investors for the clandestine storage of wealth, North Korea will use Red Mercury to devastate the West's ability to deliver further sanctions against the rogue regime. As the Taskforce begins to unravel the plot, a young refugee unwittingly holds the key to the conspiracy. Hunted across Europe for reasons she cannot fathom, she is the one person who can stop the attack—if she can live long enough for Pike and Jennifer to find her.

A man who wants to return to the bipolar world of the Cold War, the turncoat has cloaked his attack behind hackers from Serbia and Russia, and if successful, his target will alter the balance of power on the global stage.
