

Dr Jeffrey Long Book

Donna Smith-Moncrieffe

God and the Afterlife Jeffrey Long, Paul Perry, 2016-06-28 The New York Times–bestselling author presents startling new evidence of God’s existence based on the largest near-death experience study in history. In *Evidence of the Afterlife*, Dr. Jeffrey Long laid out a strong scientific case for life after death. Now he goes further, revealing evidence that a Supreme Being exists—and there is amazing consistency in the accounts of what he is like. Through his Near Death Experience Research Foundation, Dr. Long collected more than 4,000 reports from people of diverse backgrounds and religious traditions, including nonbelievers, who had credible near-death experiences. Some saw a bright light, others went through a tunnel, still others experienced a review of their life. But many of the accounts shared a remarkably similar description of God; a Supreme Being who radiated love and grace. Expanding on his analysis begun in *Evidence of the Afterlife*, *God and the Afterlife* is the first intensive account of the people who have gone to the frontier of heaven, met God, and returned to share their journey. Groundbreaking and profound, it provides new insight into the human experience and expands our notions of mortality, offering possibility, hope, and comfort.

Evidence of the Afterlife Jeffrey Long, Paul Perry, 2011-01-04 The Most Compelling Scientific Evidence for Life Beyond Death Ever Compiled *Evidence of the Afterlife* shares the firsthand accounts of people who have died and lived to tell about it. Through their work at the Near Death Experience Research Foundation, radiation oncologist Jeffrey Long and his wife, Jody, have gathered thousands of accounts of near-death experiences (NDEs) from all over the world. In addition to sharing the personal narrative of their experiences, visitors to the website are asked to fill out a one hundred-item questionnaire designed to isolate specific elements of the experience and to flag counterfeit accounts. The website has become the largest NDE research database in the world, containing over 1,600 NDE accounts. The people whose stories are captured in the database span all age groups, races, and religious affiliations and come from all over the world, yet the similarities in their stories are as awe-inspiring as they are revealing. Using this treasure trove of data, Dr. Long explains how medical evidence fails to explain these reports and why there is only one plausible explanation—that people have survived death and traveled to another dimension.

The Forbidden Art of Self Healing Chet Anthony Johnson, 2010-07-16 Those who are diseased are far from experiencing Nirvana, but they can still certainly attain it in this lifetime if they were to take full control over their thoughts.

In order to live this life to the fullest, one must learn how to take charge of his or her imaginative faculties. It truly means having a major conscious turn around.

The Wonder of You Lynn K. Russell, 2020-01-31 What is life? Why are we here? What are we supposed to do in this physical existence? The Wonder of You, takes the reader on an in-depth exploration of the NDE (Near Death Experience) and the amazing life lessons being brought back. Through examining thousands of accounts, Lynn K. Russell offers a step-by-step explanation of the astonishing messages and beyond to the incredible wonder you are. This book is filled with research that stretches from man's beginnings and onwards to the future through the exciting discoveries of physics.

What Are You Crying About? Brian M. Holmes, 2014-06-09 For thousands of years humanity has been told that grief is a necessary part of life, that deep sorrow over the passing of our loved ones is expected and a natural process. Brian Holmes says emphatically that, No, it is not! We can be sad when a friend or family member leaves us, but sad as if they are moving to another country, not disappearing from existence forever. You can, and ought to be emotionally stable and spiritually content after the death of a loved one. People sometimes spend months or years of their lives mired in crippling grief which sidetracks them from school, career, positive and healthy parenting, or other fruitful endeavors. Grief sabotages happy, productive lives. Sometimes people in extreme grief become angry, abuse drugs and alcohol, or even take their own lives. It doesn't have to be this way. Sadness when someone leaves our lives is normal. Intense grief need not be. If you are a Christian, Muslim, Hindu, Buddhist or Jew there is plenty of support for the afterlife in the holy books and teachings of your faith. All combined, these religions encompass the spiritual beliefs of most of the people on Earth. If you Believe, grief is not for you - emotional peace and happiness is. Defeat your grief now. What's Inside... Death and Dying - The Common View Grieving - The Common View Anger with God Religious and Philosophical Views on Death Suicide Got Faith? Ten Faith Enhancers What Is a Human? The Afterlife, the Spirit World, Heaven and Hell Where the Hell Is Heaven? Our Family Among Us - Spirits Present What to Say to the Bereaved (and Dying) The topics are many and each one as important as the next. Mr. Holmes possesses a writing style that is admirable and one that makes this book easy to read. He writes about deep and complicated subjects with ease that carries the reader through corridors of learning in such a way that I as a reader did not feel intimidated or lost in heavy discourses difficult to follow. Joseph B Its really well structured, well researched and well written. In short it is a great book. Geoff C I took quite a bit from this book and stashed it away for safe keeping. I hope you will read this book and take what you can from it, there is a lot of uplifting and positive notes to be read! Sierra K It is well written, well thought out and well researched. I have to say, I am very impressed and definitely plan on passing down to those in my life who are currently facing this kind of situation. Veronica Having lost loved ones in my own life, I felt What Are You Crying About? to be truly uplifting and encouraging. I would highly recommend it to anyone. Karen R

Medium7 Donna Smith-Moncrieffe, 2013-06-24 In the book Medium7, Canadian researcher and author Donna Smith-

Moncrieffe shares insight from her journey to find truth about the nature of existence. Smith-Moncrieffe provides engaging cases studies and uses rigorous scientific methods to determine the existence of an afterlife and the extent to which mediums can accurately predict the future. Through extensive interviews with ten gifted mediums and their clients, Smith-Moncrieffe reveals an in-depth look into how mediums interact with the spirit world and communicate with the deceased, how thoughts create reality, and how reincarnation impacts mankind's existence. She also inspires others to embark on their own personal journeys of discovery to learn more about the purpose of life and become more confident about the final destination. Medium7 shares a range of ground-breaking studies involving mediums, near death experiences, and past life regression therapy to provide knowledge, courage, and hope for anyone interested in understanding more about the true nature of our universe and mankind's existence—now and for eternity.

Reasoning about God Harry J Gensler, 2022-08-11 Reasoning about God is an introduction to philosophy of religion, meeting college students where they are with their own doubts and questions. Each chapter begins with a passage from a fictional student, who raises intellectual problems against God, which is followed by the author's informed and easy-to-understand analysis. This debate structure allows student readers to clearly see the clash of ideas, gets them involved in the issues, and encourages their critical thinking (since students are pushed to find flaws in the ideas). It emulates the structure the author followed successfully in his *Ethics: A Contemporary Introduction*, which is now in its third edition and has been translated five times into other languages. This structure works well in philosophy of religion, even better than in does in ethics. Key Features of Reasoning about God: Written clearly and concisely, making difficult issues easy to understand. Makes a strong case for belief in God, based on various factors - including arguments about fine-tuning, Kalam, and near-death experiences - as well as approaches that are more instinctual or emotional. A major theme of the book is There are many paths to God. Includes material on both traditional topics of philosophy of religion (like the problem of evil) and other related topics of interest (like whether religion is harmful, life after death, the variety of world religions, and the meaning of life). Explores how science connects to God's existence, arguing that recent science is friendlier toward religion than older science. Written by a Christian author, whose defense of belief in God works with other theistic traditions as well (like Islam and Judaism).

A Skeptic's Guide to Belief Ken Crispin, 2019-04-04 What would happen if you faced your doubts, set aside your preconceptions, and decided to follow the path of truth wherever it might lead? Most people, whether believers or atheists, doggedly defend what they have always believed. Many see this as an expression of faith. Yet, there is something almost inexpressibly sad about the plight of people living out their lives in reliance upon beliefs they dare not question. Perhaps that is why many of us come to a point at which we feel compelled to pursue the truth, no matter what the implications. But even if we found the courage to embark upon such a journey, could we really find a path through the scientific, philosophical,

experiential, and theological thickets that surround the great questions of life? And if we did, would we know the truth and be set free? Would we be forced to face a long-feared despair? Or would we find ourselves still staring impotently at an enigmatic universe? This is a book unlike any other. It addresses these questions with unflinching honesty, drawing evidence from a diversity of scientific fields and subjecting the competing arguments to rigorous skeptical analysis.

The Face of the Iguana Patrick J. McKallick, 2018-05-28 In *The Face of the Iguana*, Patrick McKallick tells the dramatic stories of how fear-based beliefs, both cultish and religious affected his life, emotionally, physically and mentally and his eventual healing. This book is not just for all those abused by toxic belief systems, but also those recovering from addictions. The author relates touching stories of his painful abandonment by his troubled parents and his final internment in an orphanage. He tells dramatic and amusing anecdotes that preserved his sanity, and the utter desperation of his cunning and miraculous escape from a toxic, doomsday cult. We are taken on a journey of events as varied as hiding under the bed from his raging alcoholic father to descending into the depths of a 16th-century church's crypt where he gazed upon piles of human bones, the shock of which catapulted him unconsciously into a dark and ominous pit. We faithfully follow him as he describes the conclusion of the war in El Salvador and the mass fear and terror of the citizens of that country, to the comical circling of a vintage ocean liner in a beat up fishing boat with an old lady, a fisherman, and two young kids. This is not just a compilation of interesting stories, but clear guidance for anyone recovering from addictions including to fear-based belief systems and the ensuing guilt and anxiety. The author expertly provides revelations and insights into why we seek out toxic beliefs. Mr. McKallick reveals how his investigation of a surprising and astonishing field led to his incredible healing and liberation from the effects of PTSD. The author learnedly introduces evidential research that mitigated his anxiety due to abusive belief systems and the fear of death. He describes the ensuing collapse of this fear and the promise of an astonishingly beautiful after-life.

Fringe-ology Steve Volk, 2023-11-21 *Fringe-Ology* brings a poet's eye to the frayed edges between the known and unknown, belief and skepticism. . . . A dive into the paranormal even a hardcore skeptic like myself can enjoy. —Mat Johnson, author of *Pym* Take a strange and unsettling trip into the heart of the paranormal universe as journalist Steve Volk tries to answer some of the most fundamental questions at the heart of human existence. *Fringe-ology* will appeal to anyone curious but cautious about reports of paranormal experiences, psychic phenomena, and other unexplainable events—anyone who has ever wondered about the existence of an afterlife, intelligent life on other planets, or the limits of extrasensory perception. For fans of *Fringe*, *Mythbusters*, *Medium*, *Heroes*, *Nova*, and *Lost*, Volk's scintillating journey into mystery illuminates the furthest boundaries of possibility and wonder.

Dr Jeffrey Long Book Introduction

In today's digital age, the availability of Dr Jeffrey Long Book books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Dr Jeffrey Long Book books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Dr Jeffrey Long Book books and manuals for download is the cost-saving aspect. Traditional books

and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Dr Jeffrey Long Book versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Dr Jeffrey Long Book books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or

missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Dr Jeffrey Long Book books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Dr Jeffrey Long Book books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many

universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Dr Jeffrey Long Book books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for

continuous learning and self-improvement. So why not take advantage of the vast world of Dr Jeffrey Long Book books and manuals for download and embark on your journey of knowledge?
