Fight Like a Girl Laura Barcella, 2019-08-01 Nearly every day there's another news story or pop cultural anecdote related to feminism and women's rights. #YesAllWomen, conversations around consent, equal pay, access to contraception, and a host of other issues are foremost topics of conversation in American (and worldwide) media right now. Today's teens are encountering these issues from a different perspective than any generation has had before, but what's often missing from the current discussion is an understanding of how we've gotten to this place. *Fight Like a Girl* will familiarize readers with the history of feminist activism, in an effort to celebrate those who paved the way and draw attention to those who are working hard to further the cause of women's rights. Profiles of both famous and lesser-known feminists will be featured alongside descriptions of how their actions affected the overall feminist cause, and unique portraits (artist's renderings) of the feminists themselves. This artistic addition will take the book beyond simply an informational text, and make it a treasure of a book.

The Downfall of America Jake Klausner, 2022-07-20 Far too often, people are introduced to a caricature of the conservative movement before they've actually heard what the average conservative has to say. In *The Downfall of America*, Jake Klausner presents a conservative perspective on the forces currently working to tear down long-standing American traditions and institutions. The book outlines the ways in which the Left has waged war against traditional American values and even reality itself. In an age of emotional appeals, it makes the conservative argument using logic and statistics. The challenge conveyed to the reader is simple, but critical: "Don't let freedom be extinguished in your lifetime; make sure that it's still there for your kids and theirs."

Escaping Gravity Lori Garver, 2022-06-21 A former NASA deputy administrator recounts how she battled greed and corruption to revolutionize the agency and usher in a new space age. *Escaping Gravity* is former NASA Deputy Administrator Lori Garver's firsthand account of how a handful of revolutionaries overcame the political patronage and bureaucracy that threatened the space agency. The success of Elon Musk's SpaceX, Jeff Bezos's Blue Origin, Richard Branson's Virgin Galactic, and countless other commercial space efforts were preceded by decades of work by a group of people Garver calls "space pirates." Their quest to transform NASA put Garver in the crosshairs of Congress, the aerospace industry, and hero-astronauts trying to protect their own profits and mythology within a system that had held power since the 1950s. As the

head of the NASA transition team for President-elect Barack Obama and second-in-command of the agency, Garver drove policies and funding that enabled commercial competition just as the capabilities and resources of the private sector began to mature. She was determined to deliver more valuable programs, which required breaking the self-interested space-industrial cycle that, like the military, preferred to spend billions of taxpayer dollars on programs aimed to sustain jobs and contracts in key congressional districts. The result: more efficiency and greater progress. Including insider NASA conversations and insights on how the US space industry has been transformed to become the envy of the world and is ushering in a new space age, *Escaping Gravity* offers a blueprint for how to drive productive and meaningful change. Praise for *Escaping Gravity* “Former NASA official Lori Garver offers a front-row seat to the decades-long struggles within and among space bureaucrats and space billionaires. Bring popcorn, as you bear witness to an untold slice of space history.” —Neil deGrasse Tyson, Astrophysicist and author of *Space Chronicles: Facing the Ultimate Frontier* “We are living at the most exciting time in space exploration since the Apollo era, in part because the world’s largest space agency, NASA, got around to trying something new, the funding of commercial crews. Lori Garver tells it like it is . . . or was for a woman effecting change at NASA despite men of the military industrial complex—and their cost-plus contracts. It wasn’t rocket science, it was much harder than that. Don’t take my word(s) for it; read this book.” —Bill Nye, CEO, The Planetary Society “A scathing memoir that shows the ugly side of NASA while offering hope for a better future for the space agency.” —Kirkus Reviews

Literature and Primary Sources Tom Bober, Rebecca Newland, 2024-01-25 Enrich student engagement and deepen learning with this guide to foolproof techniques and strategies to integrate primary sources and literature to benefit learners from kindergarten through high school. Readers of all ages experience literature in a different light when historical context is provided via primary sources. Literature, meanwhile, helps learners to uncover additional layers of meaning inherent in primary sources. Guided by best practices developed by the authors over years of working with both students and teachers, this book speaks to the countless opportunities for instructors to integrate related primary sources with the literature that students read in school classrooms—from historical fiction and poetry to graphic novels.

Notable Women Arlene J. Morris-Lipsman, Morris Lipsman Arlene J, 1990 These lesson plans compose a classroom guide to teach about notable women in history. Traditionally, many fields were closed to women and only recently have women made strides in achieving professional careers. Some women, however, succeeded in becoming known throughout the world and became pioneers in their respective fields. The lives and career struggles of 23 successful women are used as the foundation for lessons and models for classroom teaching. Discussion questions are included with each of the individual

biographies and each unit encourages students to question and imagine the struggles women encountered. Each segment reinforces key concepts and all activities emphasize critical and creative thinking skills involving written, oral, dramatic and art projects. Students also are asked to complete a chart comparing the lives of the women presented. Included among the 23 biographies are Louisa May Alcott, Benazir Bhutto, Amelia Earhart, Sandra Day O'Connor, Sally Ride, Eleanor Roosevelt, and Harriet Tubman. (NL)

Into the Unknown Carole Stott, 1989 Examines how astronomer Caroline Herschel, aviator Amy Johnson, and astronaut Sally Ride made significant contributions in the work of their choice despite male prejudice.

Cosmo Doogood's Urban Almanac Eric Utne, 2004 Pilgrimages to wild places such as Death Valley help us connect to nature, to be sure. But what would it take for us to reestablish that connection right where we live day-to-day ... in the city? Ben Franklin would be proud. In the spirit of his Poor Richard's Almanac, Eric Utne, founder of Utne Magazine, presents Cosmo Doogood's Urban Almanac: Celebrating Nature & Her Rhythms in the City. It's an inspirational way for 21st-century urbanites, who now number over half the U.S. population, to connect with nature, live more fully, and celebrate each day of the year. Cosmo Doogood's Urban Almanac can help you connect to Nature and Her Rhythms wherever you are! This is an urban version of the old farmer's almanacs, like Ben Franklin's Poor Richard's Almanack. Women's Studies Linda Krikos, Cindy Ingold, 2004-08-30 This truly monumental work maps the literature of women's studies, covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999. Intended as a reference and collection development tool, this bibliography provides a guide for women's studies information for each title along with a detailed, often evaluative review. The annotations summarize each work's content, its importance or contribution to women's studies, and its relationship to other titles on the subject. Core titles and titles that are out of print

are noted, and reviews indicate which titles are appropriate as texts or supplemental texts. This definitive guide to the literature of women's studies is a must-purchase for academic libraries that support women's studies programs, and it is a useful addition to any academic or public library that endeavors to represent the field. A team of subject specialists has taken on the immense task of documenting publications in the area of women's studies in the last decades of the 20th century. The result is this truly monumental work, which maps the field, covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999. Intended as a reference and collection development tool, this bibliography provides a guide for women's studies information for each title along with a detailed, often evaluative review. The annotations summarize each work's content, its importance or contribution to women's studies, and its relationship to other titles on the subject. Most reviews cite and describe similar and contrasting titles, substantially extending the coverage. Core titles and titles that are out of print are noted, and reviews indicate which titles are appropriate as texts or supplemental texts. Taking up where the previous volume by Loeb, Searing, and Stineman left off, this is the definitive guide to the literature of women's studies. It is a must purchase for academic libraries that support women's studies programs; and a welcome addition to any academic or public library that endeavors to represent the field.
