American Heroes Martin Feess,2018-06-21 America is a work in progress. We celebrate the heroes of the past, not for their glory but for their inspiration, with the firm belief that any individual in America can do anything if he or she has the talent and the determination. No one is limited by class, gender, birth, or skin color. While important American leaders have included Washington, Jefferson, Madison, and Lincoln, they have also included Booker T. Washington and W. E. B. Du Bois, Dorothea Dix, Eleanor Roosevelt, and Martin Luther King Jr. We celebrate the courage of Daniel Inouye, Jackie Robinson, Tecumseh, Muhammad Ali, and Ida Wells. We celebrate the humanity of Will Rogers, Jane Addams, Oprah Winfrey, and Bill and Melinda Gates. We are inspired by the achievements of Andrew Carnegie, Wilma Mankiller, Gloria Steinem, Duke Ellington, and Steven Spielberg, along with the dedicated public service of Thurgood Marshall, Margaret Sanger, Jaime Escalante, Elizabeth Cady Stanton, and Cesar Chavez. In *American Heroes*, Martin Feess allows these and other American heroes to speak for themselves in their deeds and their own words.

Fight Like a Girl Laura Barcella,2019-08-01 Nearly every day there's another news story or pop cultural anecdote related to feminism and women's rights. #YesAllWomen, conversations around consent, equal pay, access to contraception, and a host of other issues are foremost topics of conversation in American (and worldwide) media right now. Today's teens are encountering these issues from a different perspective than any generation has had before, but what's often missing from the current discussion is an understanding of how we've gotten to this place. *Fight Like a Girl* will familiarize readers with the history of feminist activism, in an effort to celebrate those who paved the way and draw attention to those who are working hard to further the cause of women's rights. Profiles of both famous and lesser-known feminists will be featured alongside descriptions of how their actions affected the overall feminist cause, and unique portraits (artist's renderings) of the feminists themselves. This artistic addition will take the book beyond simply an informational text, and make it a treasure of a book.

Escape to Prison Michael Welch,2015-05-01 The resurrection of former prisons as museums has caught the attention of tourists along with scholars interested in studying what is known as dark tourism. Unsurprisingly, due to their grim subject matter, prison museums tend to invert the Disneyland experience, becoming the antithesis of the happiest place on earth. In *Escape to Prison*, the culmination of years of international research, noted criminologist Michael Welch explores

ten prison museums on six continents, examining the complex interplay between culture and punishment. From Alcatraz to the Argentine Penitentiary, museums constructed on the former locations of surveillance, torture, colonial control, and even rehabilitation tell unique tales about the economic, political, religious, and scientific roots of each site's historical relationship to punishment.

Their stories will inform, entertain, and surprise you. In these in-depth interviews, they are declaring their place in history.

Indigenous American Women Devon Abbott Mihesuah,2003-01-01 Oklahoma Choctaw scholar Devon Abbott Mihesuah offers a frank and absorbing look at the complex, evolving identities of American Indigenous women today, their ongoing struggles against a centuries-old legacy of colonial disempowerment, and how they are seen and portrayed by themselves and others. ø Mihesuah first examines how American Indigenous women have been perceived and depicted by non-Natives, including scholars, and by themselves. She then illuminates the pervasive impact of colonialism and patriarchal thought on Native women's traditional tribal roles and on their participation in academia. Mihesuah considers how relations between Indigenous women and men across North America continue to be altered by Christianity and Euro-American ideologies. Sexism and violence against Indigenous women has escalated; economic disparities and intratribal factionalism and ?culturalism? threaten connections among women and with men; and many women suffer from psychological stress because their economic, religious, political, and social positions are devalued. ø In the last section, Mihesuah explores how modern

American Indigenous women have empowered themselves tribally, nationally, or academically. Additionally, she examines the overlooked role that Native women played in the Red Power movement as well as some key differences between Native women feminists and activists.

Building One Fire Chadwick Cornstassel Smith,Rennard Strickland,Benny Smith,2010 In Building One Fire, Chad Smith and renowned Cherokee-Osage scholar and author Rennard Strickland present a unique look at Cherokee art through the lens of Cherokee philosophy. Since the time when Water Spider brought the gift of fire to the Cherokee people, the One Fire, the Ancient Lady, has been at the center of Cherokee spiritual life. From this fire, which represents community, the white smoke of prayer rises to Nitsudunvha, One Who is Always Above. In return Nitsudunvha sends to each person four sets of gifts with which to develop mind, body, and spirit. These gifts are brought by four messengers, one from each of the cardinal directions. The gifts of the four messengers, the colors and qualities associated with them, and the four-point circle that embraces the sacred fire--all these are part of Cherokee consciousness and creativity. They take visible form, subtly or directly, in works created by Cherokee artists. This book presents more than 200 art-works by some 80 artists which speak to what it means to be Cherokee. Cherokee philosopher Benny Smith shares his teachings about Cherokee world view, Cherokee art is laid before the reader in a visual feast, and a special ending section celebrates the vivaciousness of child artists who represent the next generation's creative Cherokee citizens.
