The Click Moment Frans Johansson, 2012-10-04 In *The Click Moment*, Frans Johansson, author of *The Medici Effect*, shows how to stay ahead when you can't predict the future. Success is random. But we can capture this randomness and turn it in our favour. According to bestselling author Frans Johansson, planning and careful analysis no longer guarantee success. But dig deep into the actions of successful people and organizations and you find one common theme. A turning point occurs and they take advantage of that 'click moment' to change their fate. Diane von Furstenberg saw a matching skirt and top on TV and the wrap-dress was born. Microsoft Windows was on the brink of being shut down until two people met at a party. Starbucks sold brewing equipment until Howard Schultz experienced his first latte. These people capitalized on their luck and altered the course of their lives. *The Click Moment* shows how we can follow them by opening ourselves up to chance encounters and harnessing the forces of success that follow.

The iPINIONS Journal Anthony Livingston Hall, 2021-03-14 ANTHONY L. HALL takes aim at the global events of 2020 with a unique and refreshing perspective. Some of the topics in this volume include: Governments ordering lockdowns to combat Covid-19 "Telling people to lockdown to combat Covid makes about as much sense as it would've been to tell people to stop having sex to fight HIV. ... Mandating wearing masks, like wearing seatbelts (or promoting the use of masks, like the use of condoms), would have been a lot cheaper and more effective." Trump failing to defend America against Russian cyber attacks "America is now a certifiably dysfunctional, dystopian, and defenseless mess. Superpower?! Hell, even the Roman Empire was never this, er, messed up before the fall. Evidently that 'shining city on a hill' was just the flickering embers of a supernova." Kim declaring nuclear deal with Trump a bust "Kim Jong-un is feeling like a woman scorned. Never mind that he behaved throughout his affair with Donald Trump like a shrew—too uptight to screw." Harry and Meghan announcing split from royal family "Most Britons will feel about Meghan breaking up the royals the way they felt about Yoko breaking up the Beatles." "The Last Dance" revealing how Bulls paid Jordan like a king, Pippen like a pauper "Michael is clearly the NBA's GOAT. Unfortunately, Pippen is arguably its greatest goat of all time." Chinese leaders quarantining millions to contain

Covid-19 "Practice from quarantining millions of Uyghur Muslims for years in religious-cleansing camps means that they are doing so in this case with Nazi-like efficiency." Democrats trying to impeach Trump "Even if lead House manager Rep. Adam Schiff were Christ incarnate, he would still be unable to break the cult-like loyalty Republicans show their two-legged golden calf." Republicans bending over to be cuckolded by Trump "The more he humiliates white Republican men the more they like him. Hell, some like Senator Ted Cruz of Texas even like him when he humiliates their wives, which puts a fetishistic twist on cuckoldry that is just too perverse for words." White cops patrolling Black communities "It's a curious thing that Black men seem so willing to cede that role (of protecting their own) to white men, who seem all too eager to patrol Black communities like invading soldiers." Mary Trump's tell-all selling like hotcakes "Given the egregious way Donald exaggerates his wealth, the irony cannot be lost on Mary that this book could make her the richest Trump of them all. It might not be revenge, but it would be sweet."

Women in Popular Culture Laura L. Finley, 2023-03-24 Including more than 300 alphabetically listed entries, this 2-volume set presents a timely and detailed overview of some of the most significant contributions women have made to American popular culture from the silent film era to the present day. The lives and accomplishments of women from various aspects of popular culture are examined, including women from film, television, music, fashion, and literature. In addition to profiles, the encyclopedia also includes chapters that provide a historical review of gender, domesticity, marriage, work, and inclusivity in popular culture as well as a chronology of key achievements. This reference work is an ideal introduction to the roles women have played, both in the spotlight and behind it, throughout the history of popular culture in America. From the stars of Hollywood's Golden Age to the chart toppers of the 2020s, author Laura L. Finley documents how attitudes towards these icons have evolved and how their influence has shifted throughout time. The entries and essays also address such timely topics as feminism, the #MeToo movement, and the gender pay gap.
